

KPMG Australian Fintech Landscape

This information has been compiled by KPMG on a best endeavours basis to demonstrate the scale and diversity of the Australian fintech sector. With this rapidly evolving landscape, we recognise this will need to be regularly updated and that some companies may have been missed (or misclassified).

As of September 2018, the landscape is open to new submissions and suggested changes. For any requests, please contact Braedon Reilly, Fintech Lead at KPMG High Growth Ventures: breilly3@kpmg.com.au

KPMG would like to acknowledge and thank Australian Fintech and H2 Ventures for their contribution to this report, as well as Stone & Chalk, Fintech Australia, Tyro Fintech Hub and many others for their assistance in compiling this summary.
