

Make the connection

A customer-centric, enterprise-wide approach to digital transformation

Stéphanie Porteman, Belgium Lead Digital Transformation

27th October 2021

01

Customer-centric digital transformation has never been more important

02

Become a Connected Enterprise

03

Drive transformation through the entire organization

04

The Future is Bright, the Future is Agile

05

How can you thrive in this new Digital Reality ?

01

Customer-centric digital transformation has never been more important

“

With our customers, we've seen a major change in the acceptance of cloud-based, real-time, digitally delivered business information services... I think we've seen 3 to 4 years of progress in just 3 to 4 months, in terms of acceptance of what the new world needs to look like.

”

Steve Hasker, President and CEO Thomson Reuters, KPMG 2020 CEO Outlook:
COVID-19 Special Edition

Digital initiatives are at the core of organizational priorities

Research shows digital initiatives are amongst top enablers to meet customer experience improvement, revenue growth and cost reduction goals

Source: KPMG Analysis; A commissioned study conducted by Forrester Consulting on behalf of KPMG, July 2020.

Customer centricity is at the heart of successful digital transformations pre- and post- COVID

**Organizations are prioritizing
a customer-centric strategy**

**Say their customer-centric
strategy was a high or top
priority prior to the pandemic**

AND

**Connecting front, middle, and
back offices**

PRE-COVID: 51% considered
'Connecting the front, middle, and
back offices for greater efficiency
and effectiveness' on par or among
their top digital transformation
strategy objectives

51%

60%

SINCE-COVID say this
has significantly/
moderately accelerated

Be connected
to your eco-
system

The five key lenses for building a connected approach and keep up with the changing reality

Research-based findings on Connected Capabilities

KPMG International commissioned Forrester Consulting to explore the impact of COVID-19 on organizations' digital transformation strategies

Respondent breakdown by geography

Interviews: Survey of 780 digital transformation strategy leaders in 10 countries

Which Industries : Healthcare provider, life sciences, government, human/social services, CPG, retail, insurance, asset management, banking (retail, mortgage, commercial), industrial manufacturing, technology, telecommunications services

When: May - July 2020

1

The C-suite is driving the digital transformation strategic agenda, with the technology leaders playing a very significant role

2

Finance is also playing a major role to ensure organizations are making the right “digital bets” & obtain a return on their investments.

Become a Connected Enterprise

High-performing organizations are getting connected by making significant investments across

8 Connected Enterprise capabilities

Source: A commissioned study conducted by Forrester Consulting on behalf of KPMG, every year since 2018.

Base: 1,299 professionals involved with customer-centric strategy decisions.

The research is conducted on a sector specific basis. Each capability is enabled by 5 level 2 capabilities. Maturity statements on each one are gathered and provide the quantified evidence base.

03

Drive transformation through the entire organization

“

2021 will be the year that a majority of companies — not just the 15% of firms that were already digitally savvy — will fund a portfolio of investments in technology-fueled experiences, operations, products, and ecosystems.

”
