### **NBR enables DMTT registration functionality on its portal**

The NBR has now enabled the functionality for DMTT registration application on its portal for taxpayers that are already registered with the NBR for VAT or excise tax. The functionality can be accessed after logging into the NBR portal on the taxpayer's home page.

It is recommended for in-scope Multinational Enterprises (MNEs) with presence in Bahrain to act fast to avoid the risk of imposition of penalties.

### **FAQs on the Bahrain DMTT**

On 1 September 2024, Decree-Law No. (11) of 2024 (DMTT Law) regarding the implementation of tax on MNEs located in Bahrain was released. Bahrain is the first GCC country to implement a DMTT (effective 1 January 2025) aligned with the Organization for Economic Cooperation and Development (OECD) Base Erosion Profit Shifting (BEPS) Pillar Two Inclusive Framework.

The rules prescribed under the Bahrain DMTT Law are complex and will have a direct impact on MNE Groups operating in Bahrain. With less than a month to implement, it is advisable for MNE Groups to assess the impact on their Bahrain operations for a smooth transition.
