Domestic Minimum Top-Up Tax (DMTT) registration update

Many in-scope MNE groups with Bahrain operations were able to submit their DMTT registration applications successfully within the deadline of 30 January 2025. Their applications are currently being reviewed by the National Bureau for Revenue (NBR), and applicants must monitor any further information or clarification requests from the NBR in relation to their applications.

MNE groups that have not been able to submit their DMTT registration application within the deadline should do so immediately to minimize the risk of penalties to the extent possible.
