

The SOXification of ESG: A practical approach

We polled more than 2,000 individuals who hold various risk roles at their organizations, and here is what we discovered.

What is your role in the organization?

What industry is your company in?

Does your organization currently disclose ESG metrics?

Where does ESG oversight belong in your organization?

Which group has historically overseen the ESG reporting process in your organization?

What role does the SOX/IA function play at your company currently with respect to ESG controls?

Data was gathered from responses to polling questions posed during our Future of SOX: The SOXification of ESG: A Practical Approach which took place on December 15, 2021.
