Re: Original Traders Energy Ltd et al.; Court File No. CV-23-00693758-00CL

We are writing with respect to the referenced proceedings. As you know, we are lawyers for OTE USA LLC ("**OTE USA**"), a creditor (perhaps the largest creditor) in the proceedings.

It has been suggested to us that Scott Hill has been taking steps to transition the business of Original Traders Energy LP and OTE Logistics LP businesses to Parkland Corporation and to Joseph Haulage Canada Corp., respectively, as of September 15, 2023, or thereabouts.

We are not aware of any authorization for Mr. Hill's conduct. To the contrary, paragraph 5 of the Initial Order of Justice Osborne of the Superior Court of Justice (Commercial List), dated January 30, 2023 (the "**Initial Order**"), directs Original Traders Energy Ltd., OTE Logistics LP, and Original Traders Energy LP (collectively the "**OTE Group**") to remain in possession and control of their current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate, including all proceeds thereof, and to continue to carry on business in a manner consistent with the preservation of their business and Property.

Accordingly, we are writing to seek your confirmation that the OTE Group is complying and will continue to comply with paragraph 5 of the Initial Order, and to seek your advice as to the steps that

Paliare Roland

are being taking to preserve value of the businesses for the creditors in these proceedings, including OTE USA. In this regard, I note that, without necessarily agreeing that a divestiture or liquidation represents the most favourable outcome for stakeholders, OTE USA is aware of a number of third parties who may be interested in bidding for or buying the property, assets and undertakings of Original Traders Energy LP and/or OTE Logistics LP as going concerns, including as a stalking horse bidder.

Yours very truly,

Dear Counsel:

RE: Original Traders Energy Ltd et al.

As you know, we are the lawyers for 2658658 Ontario Inc. ("**265**") and Glenn Page.

Our clients have reviewed the letter from Mr. Starnino dated September 1, 2023 ("**OTE USA Letter**") to respective counsel for the OTE Group and the Monitor. We understand that Mr. Starnino has not yet received a response.

As 265 (of which Mr. Page is the majority owner) is a limited partner of both OTE LP and OTE Logistics LP (collectively, "**OTE Companies**"), they are very concerned by the conduct of Scott Hill described in the OTE USA Letter and the consequences to the value of the OTE Companies. To the extent that Scott Hill is taking steps to transition the business of the OTE Companies, we are not aware of any authority for such conduct.

As such, we reiterate the request set out in the OTE USA Letter for confirming that paragraph 5 of the Initial Order of Justice Osborne of the Superior Court of Justice dated January 30, 2023 is being complied with and will continue to be complied with and what steps are being taken to preserve the value of the businesses. Given the timing, we would appreciate your confirmation this week.

We look forward to hearing from you.

Yours truly,

Dear Counsel,

We write in response to your letters of September 1/23 (from Mr. Starnino) and September 7/23 (from Ms Jilesen). The Monitor informs us that it is not aware of any transfer of the ownership of business or assets of the OTE Group in contravention of paragraph 5 of the Initial Order. In addition, the Monitor has spoken with Mr. Scott Hill and we have corresponded with counsel for the OTE Group to ensure that the OTE Group's management are aware that any such transfer of ownership outside of the ordinary course of business is not permitted without authorization of the Court.

The Monitor is preparing a report to the Court to update on the status of the OTE Group's operations and expects to file that report and serve it on the service list prior to the end of September.

Dear Sirs:

Re: Original Traders Energy Ltd et al.; Court File No. CV-23-00693758-00CL (the “CCAA Proceedings”)

We are lawyers for OTE USA LLC (“**OTE USA**”), a creditor in the referenced CCAA Proceedings, and we are writing with respect thereto, to put you on notice that OTE USA has been led to understand that Joseph Haulage Canada Corporation (“**JHCC**”) is (or has been) engaged in discussions with representatives of OTE Logistics LP (“**Logistics LP**”), in respect of the transition of the business of Logistics LP, including, without limitation, its drivers and capital equipment, to JHCC. We are further advised by counsel to the Monitor in the CCAA Proceedings that the Monitor is not aware of such dealings with JHCC.

If the discussions or transactions described above have taken place, such conduct by Logistics LP and/or its representatives and by JHCC would be in breach of paragraph 5 the Initial Order made in the CCAA Proceedings by Justice Osborne of the Superior Court of Justice (Commercial List), dated January 30, 2023, (the “**Initial Order**”), which directs Logistics LP and its general partner, among others, to remain in possession and control of their current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate, including all proceeds thereof, and to continue to carry on business in a manner consistent with the preservation of their business and Property (as defined therein). As such, the conduct would be actionable as an unlawful conspiracy.

Accordingly, we require that JHCC cease and desist in all such activity, and that you immediately undertake an investigation and take all steps necessary to preserve all documents (as defined in Rule 30.01(1)(a) of the Ontario *Rules of Civil Procedure*) in respect of JHCC’s dealings in respect of Logistics LP, Scott Hill or Miles Hill, including, without limiting the foregoing, any recorded information

Paliare Roland

in either hard copy or electronic format such as sound and audio recordings, email, text messages, photos, handwritten notes, spreadsheets and data housed in accounting applications and databases, and including, without limitation, steps to:

- (a) ensure that relevant documents (including electronically stored information) are not destroyed, lost, or relinquished to others, either intentionally or inadvertently, such as through the implementation of an ordinary course document retention/destruction policy;
- (b) ensure that relevant documents are not modified, including any relevant documents that are used on an ongoing basis in the operation of business; and
- (c) ensure that relevant documents remain accessible.

To be clear, OTE USA's preference is not to engage in litigation with JHCC, though it is prepared to do so where necessary to protect its interests.

Please confirm your receipt of this letter, and that JHCC and its employees and representatives will cease all interference in respect of the undertakings of Logistics LP, including, without limitation, servicing Logistics LP's customers, and will preserve information, as indicated above, pending further direction from the court, including, without limitation, in respect of an investigation into the conduct of Scott Hill.

Dear Sirs:

Re: Original Traders Energy Ltd et al.; Ontario Superior Court File No. CV-23-00693758-00CL (the “CCAA Proceedings”)

We are lawyers for OTE USA LLC (“**OTE USA**”), a creditor in the referenced CCAA Proceedings, and we are writing with respect thereto. OTE USA wishes to put you on notice that it has been led to understand that Parkland’s employees and/or representatives are (or have been) engaged in discussions with representatives of Original Traders Energy LP (“**OTE LP**”), in respect of the transition of OTE LP’s fuel distribution business to Parkland. We are further advised by the Monitor’s counsel in the CCAA Proceedings that the Monitor is not aware of such dealings with Parkland.

If the discussions described above have taken place, such conduct by OTE LP and/or its representatives and by Parkland would be in breach of paragraph 5 of the Initial Order made in the Proceedings by Justice Osborne of the Superior Court of Justice (Commercial List), dated January 30, 2023, (the “**Initial Order**”), which directs OTE LP, and its general partner Original Traders Energy Ltd., among others, to remain in possession and control of their current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate, including all proceeds thereof, and to continue to carry on business in a manner consistent with the preservation of their business and Property (as defined therein). As such, the conduct would be actionable as an unlawful conspiracy.

Accordingly, we require that Parkland cease and desist in all such activity, and that you immediately

undertake an investigation into such conduct and take all steps necessary to preserve all documents (as defined in Rule 30.01(1)(a) of the Ontario *Rules of Civil Procedure*) in respect of Parkland's dealings in respect of OTE LP, Scott Hill or Miles Hill, including, without limiting the foregoing, any recorded information in either hard copy or electronic format such as sound and audio recordings, email, text messages, photos, handwritten notes, spreadsheets and data housed in accounting applications and databases, and including, without limitation, steps to:

- (b) ensure that relevant documents are not modified, including any relevant documents that are used on an ongoing basis in the operation of business; and
- (c) ensure that relevant documents remain accessible.

To be clear, OTE USA's preference is not to engage in litigation with Parkland (though it is prepared to do so where necessary, to protect its interests, and OTE USA is not necessarily opposed to a sale of OTE LP's assets and undertakings to Parkland. However, such a transaction should be conducted for the benefit of creditors, in accordance with the terms of the Initial Order, and as part of a transparent and competitive process approved by future court order and conducted under the supervision of the Monitor.

Please confirm your receipt of this letter, and that Parkland and its employees and representatives will cease any and all interference in respect of the undertakings of OTE LP, including, without limitation, any operations, distribution services, and invoicing of OTE LP's customers, and will preserve information, as indicated above, pending further direction from the court and an investigation into the conduct of Scott Hill.

Attention: Massimo (Max) Starnino

Dear Mr. Starnino:

**Re: In the Matter of Original Traders Energy Ltd. ("OTE LP")
Court File No. CV-23-00693758-00CL (the "CCAA Proceedings")**

We act for Parkland Corporation ("Parkland"), and have been provided with a copy of your letter dated September 15, 2023 to Messrs. White and Remtulla. Please direct any future correspondence on this matter to our attention.

As a continuing fuel supplier to OTE LP, Parkland is well aware of the ongoing CCAA Proceedings and of the terms set out in the Initial Order made in those proceedings, including the requirement that OTE LP remain in possession and control of its assets, undertakings and properties. Parkland has and will continue to abide by its obligations under the Initial Order and any subsequent orders made by the court.

In this context, your client's understanding that Parkland has engaged in discussions with OTE LP regarding the transition of its fuel distribution business to Parkland is inaccurate, and the unnamed source of this understanding is mistaken. As noted above, Parkland and OTE LP have an ongoing supply relationship and frequently engage in discussions regarding OTE LP's fuel supply needs. In the course of those discussions, Scott Hill represented that there was a possibility that OTE LP's business could be transitioned to a new entity as part of the CCAA Proceedings, and asked whether, in the event such a transition occurred, Parkland would be able to continue supplying fuel to OTE LP's successor. Mr. Hill also inquired as to whether it would be possible for Parkland to supply fuel directly to OTE LP's customers over a short period if required in connection with such a transition. Parkland replied that if a new entity was formed to take over OTE LP's business, Parkland would at that time need to internally consider the possibility of a new fuel supply relationship before commencing any discussions with OTE LP's successor. These preliminary discussions with Mr. Hill were not advanced any further, and Parkland has not taken any steps to evaluate the possibility raised by Mr. Hill (as there is nothing for Parkland to evaluate presently). There were no discussions about Parkland purchasing any assets of OTE LP or taking over any portion of its fuel distribution business. As such, there is nothing for Parkland to cease and desist.

If the Monitor and the OTE Group determine that a sale or transition process of some or all of OTE LP's business is in the best interests of its creditors, Parkland will consider at that time whether to participate in such a process. In the interim, Parkland will continue supplying fuel to OTE LP in accordance with the terms of the Initial Order.

Finally, while unnecessary in our view, we confirm that Parkland will take reasonable steps to preserve documents regarding its dealings with representatives of OTE LP from the date of the Initial Order forward. Parkland is prepared to produce any such documents if ordered to do so by the court. We trust this is satisfactory.

Yours truly,
Dentons Canada LLP

Counsel for the Monitor

Dear Counsel:

Re: Original Traders Energy Ltd et al.; Court File No. CV-23-00693758-00CL

We are writing with respect to the Monitor's Fifth Report in respect of the referenced proceedings (the "**Fifth Report**"), served yesterday. Some of the information contained in the Fifth Report is concerning to us and we have the following questions in connection therewith, which we would like answered as soon as possible. We may have further or other questions in future, including but not limited to questions arising from answers provided by the Monitor.

1. Referring to para. 24 of the 5th Report:
 - a. With reference to the list of customers included as Exhibit A to the First Hill Affidavit, which of these customers remain customers of the OTE Group currently?
 - b. In respect of each of the now-former customers listed on Exhibit A, advise when that customer ceased being a customer of OTE LP, and, for the avoidance of doubt, please identify the key customers referenced in para. 24 of the 5th Report, the date on which those customers departed, and the date when the Monitor become aware of their departure?
 - c. Are any of the key customers referenced in para. 24 of the 5th Report directly or indirectly related to or controlled by Miles Hill and Scott Hill, and if so, which ones
 - d. Were there any efforts made to replace the lost sales volumes, and if so please

Paliare Roland

describe those efforts?

- e. On what date did the Monitor first begin to work on the Reduced Operations Plan?

2. Referring to para. 25 of the 5th Report?

- a. On what date were the operations at the Tyendinaga Blending Location first discontinued?
- b. On what date did the Monitor become aware that operations at the Tyendinaga Blending Location had first been (or would be) discontinued?
- c. On what date were the operations at the Whitefish Blending Location first discontinued?
- d. On what date did the Monitor become aware that operations at the Whitefish Blending Location had first been (or would be) discontinued?
- e. On what date(s) were notices of termination of employment given to the employees at the Discontinued Locations and when was their last day of work?
- f. On what date did the Monitor become aware that notices of termination of employment had been (or would be) given to the employees at the Discontinued Locations
- g. With respect to the decision to shut down operations at the Tyendinaga and Whitefish blending locations and concentrate operations at the Six Nations blending location:
 - i. What were the reasons given to the Monitor for the OTE Group's decision to continue operations at the Six Nations blending location as opposed to the Tyendinaga and Whitefish blending locations?
 - ii. Was the Monitor involved in the decision as to which blending location would continue operations? If so, does the Monitor agree with the reasons of the OTE Group for the selection of the Six Nations blending location for continuing operations rather than the Tyendinaga or Whitefish blending locations?
- h. What inquiries, if any, have been made by the Monitor regarding, and what is the Monitor's understanding of, the nature, validity and enforceability of the interests held by the OTE Group in the Six Nations Blending Location, the Tyendinaga Blending Location and the Whitefish Blending Location, having regard to the oral and/or written agreements or instruments that are in place in respect of each of these blending

Paliare Roland

locations, and having regard to the statutory regimes that apply under the Indian Act or the First Nations Land Management Act to the lands where these blending locations are situated.

- i. Having regard to the statutory regimes that apply under the *Indian Act* or the *First Nations Land Management Act* to the lands where these blending locations are situated, and having regard to the oral and/or written agreements or instruments that are in place in respect of each blending location, does the Monitor agree that it would be preferable, from the perspective of creditors seeking to realize on the value of assets, for the Applicants' ongoing operations to be concentrated at the site of either the Tyendinaga Blending Location or Whitefish Blending Location? If not, why not?

3. Referring to para. 37 and para. 38 of the 5th Report:

- a. When formulating its recommendation in respect of the Bid Process, was the Monitor aware that while the other limited partners of OTE LP contributed cash in exchange for their unit interests, Scott Hill's contribution was the premises on which the Head Office and Six Nations Blending Location is located, for which Scott Hill holds a Certificate of Possession (the "**Hill Property**")?
- b. What, if any, assurances have been (or will be) provided by Scott Hill, in his capacity as holder of the Certificate of Possession in respect of the Hill Property, in relation to the interest in the Head Office and Six Nations Blending Location that will be offered for sale within the Bid Process? How, if at all, was this issue considered by the Monitor in the formulation of its recommendation in respect of the Bid Process, including, in particular, in respect of the recommended "as is, where is" basis for the sale and the recommended role of the OTE Group in the selection of an acceptable binding offer?
- c. In light of the "informal, oral lease agreements" in place for the Head Office and Six Nations Blending Location (see First Hill Affidavit, paragraph 43), and given the "as is, where is" formulation of the Monitor's recommendation in respect of the Bid Process, what is the nature of the interest (if any) in respect of the Head Office and Six Nations Blending Location that the Monitor expects might be offered for sale to third parties that are arms-length of Scott Hill, within the Bid Process?

4. At para. 38(viii) of the 5th Report, the Monitor indicates that only "Binding Offers that are acceptable to **both** the Monitor and the OTE Group" [emphasis added] will be presented to the Court for approval. The grant of a veto to the OTE Group appears to be a discretionary decision by the Monitor because the proposed Bid Process does not, on its face, appear to require approval of the OTE Group. Please clarify/confirm.

Paliare Roland

5. Please provide the listing of equipment that is being offered for sale as part of the Bid Process. We are asking for this information as we are particularly interested in verifying that:
- a. all of the necessary information is ready to be made available to interested bidders;
 - b. all material equipment is being made available to bidders; and,
 - c. that equipment is appropriately characterized and classified (in particular, that equipment relating to blending operations (other than the tanks in the ground), which we understand was commissioned and purchased with the express intention that it be moveable between blending sites, is properly characterized and made available for sale as a chattel and is not being characterized and treated as a fixture tied to the premises.

We also take this opportunity to attach our current comments in respect of the proposed Bid Process. We may have further or other comments in respect of the Bid Process as well. As you will see, and as you may intuit from the questions above, we are particularly concerned by the role contemplated for Miles and Scott Hill in respect of the CCAA proceedings going forward, and we anticipate a motion to appoint a Chief Restructuring Officer to provide appropriate governance going forward.

Yours very truly,

Paliare Roland Rosenberg Rothstein LLP

BID PROCESS

On January 30, 2023, the Ontario Superior Court of Justice (Commercial List) (the "Court") issued an order (the "Initial Order") providing certain relief pursuant to the *Companies' Creditors Arrangement Act* (the "CCAA", and these proceedings, the "CCAA Proceedings"), including a stay of proceedings against Original Traders Energy Ltd., 2496750 Ontario Inc., OTE Logistics LP, and Original Traders Energy LP (collectively, the "OTE Group"). The Initial Order also appointed KPMG Inc. as monitor of the OTE Group (in such capacity, the "Monitor"). On February 9, 2023, the OTE Group was granted additional relief under the CCAA by Order of the Court (the "ARIO"). These CCAA Proceedings are ongoing.

Pursuant to an order dated October 4, 2023 (the "Bid Process Order"), the Court approved, among other things, the sale process described herein (the "Bid Process"), and appointed, as CRO of the OTE Group (the "CRO"). The Monitor, with the assistance of the OTE Group, shall conduct the Bid Process as provided below.

Capitalized terms used in this Bid Process and not otherwise defined herein have the meanings given to them in the fifth report of the Monitor (the "Fifth Report").

Nothing herein shall prevent the OTE Group or a creditor from seeking to file a plan providing for the refinancing of the OTE Group and the compromise or arrangement of claims, and/or from structuring or implementing their bid for the assets of the OTE Group as a plan for consideration by creditors.

For the avoidance of doubt, all exercise of discretion herein by the Monitor, the CRO or the OTE Group is subject to review by the court in these CCAA Proceedings, and may be raised with the court by way of a chambers appointment and adjudicated on a summary basis.

Opportunity

1. The Bid Process is intended to solicit interest in and opportunities for the property, assets and undertakings of the OTE Group, excluding the assets identified at Schedule "A" to the injunctive order dated March 15, 2023 (collectively, the "Property").
2. Any sale of the Property will be on an "as is, where is" basis, without surviving representations or warranties of any kind, nature, or description by the Monitor, the OTE Group, or any of their respective agents, advisors or estates, and, in the event of a sale, all of the right, title and interest of the OTE Group in and to the Property to be acquired will be sold free and clear of all pledges, liens, security interests, encumbrances, claims, charges, options, and interests therein and thereon pursuant to Court orders, except as otherwise provided in such Court orders.

4. As soon as reasonably practical, but no later than October 5, 2023:
 - a. the Monitor, with the assistance of the OTE Group, will prepare a list of parties that have expressed interest in the Opportunity, or that the Monitor believes may have an interest in the Opportunity (the **"Interested Parties"**);
 - b. the Monitor, with the assistance of the OTE Group, will prepare a process summary (the **"Teaser Letter"**) describing the Opportunity, outlining the Bid Process and inviting recipients of the Teaser Letter to express their interest pursuant in the Bid Process;
 - c. the OTE Group, with the assistance of the Monitor, will prepare a non-disclosure agreement in form and substance satisfactory the OTE Group and the Monitor (an **"NDA"**);
 - d. the Monitor will cause a notice of the Bid Process (and such other relevant information which the Monitor, in consultation with the OTE Group, considers appropriate) (the **"Notice"**) to be published in *The Globe and Mail* (National Edition).
5. The Monitor will send the Teaser Letter and NDA to all Known Potential Bidders by no later than October 5, 2023 and to any other party who requests a copy of the Teaser Letter and NDA.

Due Diligence

6. — Any party that wishes to participate in the Bid Process (a **"Potential Bidder"**) must provide to the Monitor at the addresses specified in Schedule "A" hereto (including by email transmission), with an NDA executed by it, acceptable to the Monitor or as ordered by the court, in consultation with the ~~OTE Group~~CRO, and written confirmation of the identity of the Potential Bidder, the contact information for such Potential Bidder and full disclosure of the direct and indirect principals of the Potential Bidder.
7. — A Potential Bidder (who has delivered the executed NDA and letter as set out above) will be deemed a **"Qualified Bidder"** if the Monitor, in consultation with the OTE Group, determines such person is likely, based on the availability of financing, experience and other considerations, to be able to consummate a sale or investment pursuant to the Bid Process. All Qualified Bidders will be granted access to a virtual data room (the **"Data Room"**).
8. At any time during the Bid Process, the Monitor may, in its reasonable business judgement, eliminate a Qualified Bidder from the Bid Process.
9. Potential Bidders must rely solely on their own independent review, diligence, investigation and/or inspection of all information and of the Property in connection with their participation in the Bid Process and any transaction they enter into with one or more of the OTE Group entities.

10. The Monitor, in consultation with the ~~OTE Group~~CRO, shall, subject to competitive and other business considerations, afford each Qualified Bidder such access to due diligence materials and information relating to the Property as the Monitor, in consultation with the OTE Group, may deem appropriate. The Monitor may also, in consultation with the OTE Group, limit the access of any Qualified Bidder to any confidential information in the Data Room if the Monitor, in consultation with the OTE Group, reasonably determines that such access could negatively impact the Bid Process, the ability to maintain the confidentiality of the information, the Property or its value.
11. Qualified Bidders that wish to view and inspect the OTE Group's assets in person must schedule an appointment with the Monitor.

Binding Offers

12. Qualified Bidders that wish to make a formal offer to purchase or make an investment in the OTE or their Property or any part thereof shall submit a binding offer (a "**Binding Offer**") that complies with all of the following requirements to the Monitor at the addresses specified in Schedule "A" hereto (including by email), so as to be received by them no later 5 p.m. EST on November 10, 2023 (the "**Bid Deadline**"). For greater certainty, Binding Offers must:

- (a) be submitted on or before the Bid Deadline by a Qualified Bidder;
- (b) be made by way of binding, definitive transaction document(s) that is/are executed by the Qualified Bidder;
- (e) —includes an acknowledgement by the Qualified Bidder: (i) that, subject to any dispute pending before the court, it has had an opportunity to conduct any and all due diligence prior to making the Binding Offer;
- (ii) —that it has relied solely upon its own independent review, investigation and/or inspection of any documents and/or the Property in making its Binding Offer; and
- (iii)(c) (ii) that it did not rely upon any written or oral statements, representations, warranties, or guarantees whatsoever, whether express, implied, statutory or otherwise, regarding the Property or the completeness of any information provided in connection therewith, other than as expressly set forth in the Binding Offer or other transaction document submitted with the Binding Offer;
- (d) does not provide for any break or termination fee, expense reimbursement or similar type of payment, it being understood and agreed that no bidder will be entitled to any bid protections;
- (e) contain a clear indication of whether the Qualified Bidder is offering to: (i) acquire all, substantially all or a portion of the Property (a "**Binding Sale Offer**"); or (ii) make an investment in, restructure, reorganize or refinance the Property and/or one or more of the ~~OTE Group~~CRO (a "**Binding Investment Offer**"), on terms and conditions reasonably acceptable to the Monitor and to the ~~OTE Group~~CRO;
- (f) provide proof of funds acceptable to the ~~Monitor~~CRO, in consultation with the ~~OTE Group~~CRO;

- (g) provide for a deposit of 10% of the total purchase price of the Property to be purchased; and
- (h) include such other information as reasonably requested or identified as being necessary or required by the Monitor, in consultation with the ~~OTE Group~~CRO.

Selection of Successful Bid

- 13. Binding Offers will be valued based upon numerous factors, including, without limitation, items such as the purchase price and the net value provided by such offer, the claims likely to be created by such offer in relation to other offers, the identity, circumstances and ability of the bidder to successfully complete such transactions, the proposed transaction documents, the effects of the bid on the stakeholders of the OTE Group, factors affecting the speed, certainty and value of the transactions, the assets included or excluded from the offer, any related restructuring costs, and the likelihood and timing of consummating such transactions, each as determined by the Monitor, in consultation with the ~~OTE Group~~CRO.
- 14. The Monitor may aggregate separate Binding Offers together to create one "Binding Offer" package for the whole sale of the Property of the OTE Group, upon consultation with the ~~OTE Group~~CRO.
- 15. The Monitor will: (i) review and evaluate each Binding Offer, provided that each Binding Offer may be re-negotiated with the Monitor and the applicable Qualified Bidder, upon consultation with the ~~OTE Group~~CRO, and may be amended, modified or varied to improve such Binding Offer as a result of such negotiations; and (ii) identify the highest or otherwise best Binding Offer(s) (the "**Successful Bid(s)**", and a Qualified Bidder making such Successful Bid, a "**Successful Bidder**") for any particular Property of the OTE Group in whole or part.
- 16. The Monitor, in consultation with the ~~OTE Group~~CRO may provide a recommendation to the Court to approve one or more Successful Bids. The Monitor shall have no obligation to enter into a Successful Bid, to reject any or all Binding Offers, and/or to recommend to the Court that the Bid Process be terminated without the selection of a Successful Bid.
- 17. Notwithstanding the process and deadlines outlined above with respect to the Bid Process, the Monitor, at its reasonable discretion and upon consultation with the ~~OTE Group~~CRO may, at any time:
 - a. pause, terminate, amend or modify the Bid Process in accordance with the terms set out herein;
 - b. remove any portion of the Property from the Bid Process; and/or
 - c. establish further or other procedures for the Bid Process.

Confidentiality, Stakeholder/Bidder Communication and Access to Information

- 18. All discussions regarding the Bid Process should be directed through the Monitor and the CRO. Under no circumstances should the management of the OTE Group or any stakeholder

of the OTE Group

be contacted directly without the prior consent of the Monitor. Any such unauthorized contact or communication could result in exclusion of the interested party from the Bid Process. For greater certainty, nothing herein shall preclude a stakeholder from participating in or formulating a bid or from contacting potential bidders with the agreement of the Monitor to advise that the OTE Group have commenced a Bid Process and that they should contact the Monitor if they are interested in participating in the Bid Process.

19. If it is determined by the Monitor, in consultation with the ~~OTE Group~~CRO, that it would be worthwhile to facilitate a discussion between one or more Qualified Bidders and a stakeholder or other third party as a consequence of a condition to closing or potential closing condition identified by such Qualified Bidder, the Monitor may provide such Qualified Bidder with the opportunity to meet with the relevant stakeholder or third party to discuss such condition or potential condition, with a view to enabling such bidder to seek to satisfy the condition or assess whether the condition is not required or can be waived. Any such meetings or other form of communication will take place on terms and conditions considered appropriate by the Monitor, in consultation with the ~~OTE Group~~CRO. The Monitor must be provided with the opportunity to be present at all such communications or meetings.

Supervision of the Bid Process

20. This Bid Process does not and will not be interpreted to create any contractual or other legal relationship between the OTE Group and any Qualified Bidder or any other party, other than as specifically set forth in an NDA or any definitive agreement executed.
21. Participants in the Bid Process are responsible for all costs, expenses and liabilities incurred by them in connection with the submission of any Binding Offer, due diligence activities, and any other negotiations or other actions, whether or not they lead to the consummation of a transaction.
22. The Monitor shall have no liability whatsoever to any person or entity, including without limitation any Potential Bidder, Qualified Bidder, or any other creditor or stakeholder, or any Applicant, as a result of implementation or otherwise in connection with this Bid Process, except to the extent that any such liabilities result from the gross negligence or wilful misconduct of the Monitor, as determined by the Court, and all such persons or entities shall have no claim against the Monitor in respect of the Bid Process for any reason whatsoever.

AFFIDAVIT OF BRIAN PAGE

I, Brian Page, of the city of Winnipeg, in the Province of Manitoba, MAKE OATH
AND SAY:

1. I am one of three indirect members, the sole manager and the senior vice president of OTE USA LLC, a Michigan limited liability company ("**OTE USA**"). OTE USA was historically a supplier of fuel to OTE Limited Partnership ("**OTE LP**"), and is a creditor in these proceedings. By virtue of my offices with OTE USA and its dealings with OTE LP and my other involvement with OTE LP and persons related to it, as detailed below, I have knowledge of the matters to which I depose herein, except for those matters which are expressly based upon information provided to me by others. Where I refer to such information, I believe it to be true.

2. I am swearing this affidavit in support of a motion for an order directing the Monitor in these proceedings to establish a common data room for use by interested stakeholders

in these proceedings (the “**Data Room**”) and directing the Monitor and OTE LP to populate that data room with information relevant to these proceedings, including, without limitation, the information (the “**Requested Records**”) responding to the document production protocol marked as **Exhibit “A”** to this affidavit (the “**Document Production Protocol**”).

3. At the outset I believe that it is important to understand that these proceedings have their genesis in a dispute between the limited partners of Original Traders Energy LP and OTE Logistics LP (“**Logistics LP**”); in particular, on the one side, Miles Hill (“**Miles**”) and Scott Hill (“**Scott**”, and together with Miles, the “**Hills**”), and, on the other side, my brother, Glenn Page (“**Glenn**”). Through these proceedings, the Hills have advanced a number of very serious claims against Glenn and against me and persons and entities related to us, including claims in respect of OTE USA. I believe that these claims are unfounded, and that, in fact, it may be the Hills who have breached their fiduciary duties by prioritizing their personal agendas over the interests of OTE LP and Logistics LP, and who have, through reckless conduct amounting to gross negligence, and perhaps through wilful misconduct, caused serious damage to those businesses.

4. In summary, over the course of the first half of 2022, the Hills became suspicious that Glenn was taking disproportionate value out of OTE LP. Although Glenn attempted to demonstrate that was not the case, the Hills were not appeased. Moreover, my impression is that the Hills (particularly Miles Hill) felt that even if Glenn’s draw from OTE LP and Logistics LP had not exceeded his proportionate entitlement as a limited partner,

Glenn was making (and stood to make) more money than the Hills believed to be appropriate. To address this, the Hills took steps to cut Glenn out of the business of OTE LP and to cut both Glenn and myself out of the business of Logistics LP.

5. On or about July 29, 2022 (the “**Takeover Date**”), the Hills used their majority interest to assume control of OTE LP and Logistics LP. That was the last day on which I had access to the banking records of Logistics LP. Thereafter:

- (a) It appears that, for reasons I am unable to explain, the Hills may not have operated the business of OTE LP or Logistics LP, or remitted taxes for these businesses, or did so in a way that gave rise to a justification for these proceedings, which have resulted in the needless loss and/or destruction of value to the prejudice of creditors, including OTE USA.
- (b) The focus of the proceedings has been Glenn’s interest in a boat, which, at different times, has variously been described as a yacht, a luxury yacht, and an Italian yacht, and which has been used to colour Glenn’s interest in OTE LP and Logistics LP by suggesting that he was misusing corporate resources. The boat was purchased, however, using the undistributed draws of *8658 Ontario (defined below), the company through which he and his wife, Mandy Cox (“**Mandy**”), hold an interest in OTE LP. I have reviewed the 2019 and 2020 Financial Statements for OTE LP and combined Net Income totaled \$9,990,567. *8658’s share would have been over \$3,300,000. I am advised by Glenn that the 2021 financial statements were

in the process of being finalized when he was excluded from the business and have yet to be delivered; however, he expects them to show income in excess of \$14 million, in which case *8658's share would be approximately \$4.6 million. The approximate purchase price of the boat was only \$3.8 million, of which approximately \$2.6 million was paid in cash out of *8658's undistributed draws from OTE LP, and \$1.2 million was financed. I am further advised by Glenn that the financed portion has since been paid in full, and that taxes were paid in respect of all of the foregoing distributions. The boat is a luxury item, to be sure, but well within Glenn's means and entitlements relative to his interest in OTE LP and Logistics LP. All of this was explained to the Hills. The use of distributions to pay vendors was normal in the course of business of OTE LP, which included OTE LP paying vendors directly for Scott Hill's house expansion during this period.

6. I am also advised by Glenn that, in 2022, before his exclusion from the business, OTE LP was tracking profits of \$24 million on sales of \$584 million, of which *8658's share would have been millions of dollars. As explained further below, it appears that, following Glenn's exclusion from the business of OTE LP and Logistics LP, the Hills may have used OTE LP to purchase equipment for use in connection with the manufacture of tobacco products—a business unrelated to OTE LP carried on by the Hills. I am therefore concerned that the Hills are wrongfully using OTE LP, and possibly its resources, to advance their interests in their collateral “grey-market” businesses.

7. Most recently, I have heard that Miles Hill has purported to resign his offices in respect of OTE LP and Logistics LP and their managing partners, and that Scott Hill has been taking steps, contrary to the terms of the Initial Order made in these proceedings, to wind-up the undertakings of OTE LP and Logistics LP, and to transition those undertakings to their competitors.

8. In the circumstances described above, I believe that it is important that OTE LP, Logistics LP, and the Hills make full disclosure to OTE USA and other interested stakeholders, including in respect of the Requested Records, so that a response can be made to their allegations and so that losses can be accounted for. OTE LP and Logistics LP were, until the Takeover Date, profitable businesses. I am unable to understand or provide an explanation for how it came to be that OTE LP and Logistics LP ceased to be profitable after the Takeover Date in the absence of access to the Requested Records.

A. *Background: People, Organizational Entities, and Operations;*

9. Following is a group of the persons and legal entities who I believe to be most relevant to these proceedings.

1. The People

10. I am an individual residing in Winnipeg, Manitoba. I am 62 years old. I have two children, and three grandchildren. I am active in my community and support the local Art Gallery and the Winnipeg Jets Youth Charity.

11. Glenn is my brother. He resides in Waterdown, Ontario. He is 60 years old and is married to Mandy Cox. He has two children and two grandchildren. He has been self

employed for over 25 years working on contract for companies such as Bombardier, Home Depot, and General Electric in senior roles. He has been actively involved in Rotary and its efforts to advance positive change in First Nations communities with his leadership in developing the Rotary HIP program throughout Ontario.

12. Miles is an individual registered as an “Indian” within the meaning of the *Indian Act*, R.S.C., 1985, c. I-5. He is a member of the Six Nations of the Grand River, residing on the Six Nations Reserve in Ontario. Notwithstanding his offices with OTE GP, however, Miles did not participate in running the business of either OTE LP or Logistics LP. His principal contribution to the operations of OTE LP was in providing the “status” necessary for the purpose of effecting OTE LP’s business strategy, as described below. Between 2018 and 2022, I can think of only 3 occasions when I recall seeing him in the office.

13. Scott Hill is Miles Hill’s younger brother. He is also registered as an “Indian” within the meaning of the *Indian Act*, and he is also a member of the Six Nations of the Grand River residing on the Six Nations Reserve in Ontario. An important aspect of Scott’s role with OTE LP was also to provide the necessary status for effecting its business strategy as described below. In addition to that, he was responsible for leading all sales efforts, customer service, invoicing and office administration, including managing the OTE LP’s bookkeeper and office manager, Sandra Smoke. He had no experience running a business, however, and my observations led me to conclude that he lacked the training in management, finance and accounting to do so, and my impression is that Glenn had to cover for these shortcomings. Despite this, however, my impression in the lead-up to

Glenn's exclusion from the business of OTE LP, was that Scott was wanting to assume a greater leadership role.

2. Relevant Legal Entities

14. There are four groups of entities which I understand to be relevant to these proceedings: the legal entities comprising OTE LP; the legal entities comprising Logistics LP; the legal entities comprising OTE USA; and, the Gas Station Customers (defined below). Each of these is discussed in turn.

(a) *The OTE LP Entities*

15. OTE LP is a limited partnership formed to carry on the business of blending and selling gasoline to independent gas station businesses on First Nations reserves at advantageous prices. My understanding is that, having regard to OTE LP's business strategy, it was critical that Indigenous individuals with status under the *Indian Act* hold a majority interest in OTE LP and its general partner. The basic organizational structure of OTE LP is depicted and described below.

16. The current general partner of OTE LP is Original Traders Energy Ltd. (“**OTE GP**”), one of the two applicants in these proceedings. Currently, Miles is OTE GP’s only shareholder and Miles and Scott are currently its only directors and officers, although Scott held offices with those companies at certain points in time.

17. OTE LP’s Limited Partners are: Miles, personally, as to a 33 % interest; Scott, personally, as to a 33 % interest; 2658658 Ontario Inc. (“***8658 Ontario**”), a company majority owned by Glenn, as to a 33 % interest; with the remaining 1% interest owned by the General Partner.

(b) The OTE Logistics LP Entities

18. Logistics LP is a limited partnership formed to provide transportation services, including to OTE LP and its customers, in respect of the transportation of fuel. The basic organizational structure of Logistics LP is depicted and described below.

19. Logistics LP's general partner is the second applicant in these proceedings, 2496750 Ontario Inc. ("**Logistics GP**"), and its limited partners are: Miles Hill, as to a 26% interest; Scott Hill as to a 26% interest; *8658 Ontario as to a 24% interest (prior to 2020 this interest belonged to Glenn Page); and, 7069847 Canada Limited and its successor company 11222074 Canada Limited ("***9847 Canada**") as to a 24% interest. I am the sole shareholder and director *9847 Canada.

20. The shareholders of Logistics GP, in a proportion corresponding to their interest in Logistics LP, are Miles, Scott, Glenn, and *9847 Canada.

(c) OTE USA Entities

21. OTE USA is a limited liability company organized under the laws of Michigan. It maintains its office in East Lansing, Michigan, and was created to serve as a buying and exporting company to lower the overall cost of fuel to OTE LP. The basic organizational structure of OTE USA is depicted and described below.

22. OTE USA's sole member is and always has been OT Energy Inc. ("**OT Energy**"), another company incorporated under the laws of Michigan. I am OTE USA's sole manager.

23. OT Energy's shareholders are and always have been as follows: *8658 Ontario as to a 60% interest; Scott Hill as to a 30% interest; and, 11222074 Canada Ltd., an CBCA corporation ("***2074 Canada**") as to a 10% interest.

24. *2074 Canada is a CBCA company for which I am the sole shareholder and director.

(d) The Gas Station Customers

25. OTE LP has, at various times, supplied a number of retail gas stations located on First Nation reserves across southern Ontario (the "**Gas Station Customers**"). I am advised by Glenn that these included the following entities, among others, all of which are majority owned by First Nations individuals, including, in some instances, Miles and/or Scott.

- (a) Gen 7 Fuel Oneida, in Oneida, Ontario;
- (b) Moravian Auto Repair in Bothwell, Ontario;
- (c) Bear Paw gas Bar in Ohsweken, Ontario, owned by Miles Hill;
- (d) Townline Variety and Gas in Ohsweken, Ontario, owned by Miles Hill;

- (e) Renmar Energy in Ohsweken, Ontario, owned by Scott Hill;
- (f) Wolfe Energy in Wahta, Ontario;
- (g) Moravian Gen 7 Fuel, in Thomasville, Ontario;
- (h) Smokey's Gen 7 Fuel, in Sarnia, Ontario;
- (i) Gen 7 Fuel Walpole, in Wallaceburg, Ontario;
- (j) Gen 7 Fuel Roseneath, in Roseneath, Ontario;
- (k) Gen 7 Fuel Curve Lake, in Curve Lake, Ontario;
- (l) French River Gen 7 Fuel, in Britt, Ontario;
- (m) Gen 7 Fuel Jocko Point, in North Bay, Ontario; and
- (n) Gen 7 Fuel Rankin, in Sault St. Marie, Ontario.

B. *The Shareholder Dispute*

1. The Fuel Blending and Distribution Business (OTE LP)

26. Miles and Glenn were first introduced in 2003 by a mutual acquaintance in the wholesale food and cigarette business. In his affidavit sworn in support of these proceedings, Scott says that Miles hired Glenn in 2004 as a computer-technology consultant to assist him with designing and operating information systems for his businesses. That may be technically true. It is more accurate to say that Glenn was hired as a consultant to provide strategic business advice, including advising Miles with respect

to his jurisdictional dispute with the province over provincial excise tax, and with respect to a \$50 million fine by the federal government for tax evasion.

27. In February of 2016, Miles suggested to Glenn that they create a fuel blending business to import bulk fuel, blend it into specific products, and distribute those products to retail gas station customers. OTE LP was established for this purpose in August of 2017.

28. OTE GP became the general partner of OTE LP when it was formed in August of 2017.

29. Glenn was the senior executive in charge of operating the business of OTE LP. He also became a director and the President of OTE GP and held those offices until June 2022. Scott Hill became a Vice-President and director. As noted above, I am advised by Glenn that Scott was responsible for sales and marketing functions and office management functions.

30. Miles was an owner of OTE GP but without any day-to-day operational responsibility. Glenn was OTE GP's most senior executive and had overall operational control of OTE LP and its business, and Scott had nominal responsibility for the sales and marketing activities of OTE LP. Scott also managed the Administration Office.

31. During the COVID-19 pandemic, however, Scott managed all activities at the Six Nations offices. Glenn was asked by Scott not to attend at the offices on the Six Nations Reserve, because, during the pandemic, the Reserve had been locked down, roads had

been blocked, and non-resident outsiders were strongly discouraged and/or physically prevented from attending, as indicated by the articles marked as **Exhibit “B”** hereto.

32. The ownership structure of OTE LP has evolved since inception and, currently, Miles, Scott, and 8658 Ontario each own a one-third interest. Originally, a company affiliated with Claybar Contracting Inc., a fuel station construction company, was also considered to become a partner, due to its special expertise.

33. In or about January 2018, Miles, Scott and Glenn together decided to further expand the OTE LP business by constructing large fuel blending facilities at First Nation reserves. This would allow OTE LP to have greater fuel volumes available for sale and ready delivery to its customers. Bulk fuel was to be imported from suppliers in the U.S. and transported to those facilities. It would then be blended with the additives required to create the retail fuel products sold to OTE LP's gas station customers.

34. OTE LP's first blending facility was constructed in the Six Nations of the Grand River Territory and began operation in or about the fall of 2018. This was followed by the construction of a second blending facility in the Tyendinaga Mohawk Territory (the Mohawks of the Bay of Quinte reserve), which commenced operation in the summer of 2020. OTE LP constructed a third facility on Atikameksheng Anishnawbek Territory, which opened in late 2021. A fourth facility is under construction on Couchiching First Nation Territory.

2. The Transportation and Logistics Business (Logistics LP)

35. In or about early 2018, Glenn and I had the idea to establish a transportation and logistics business which could support and complement the fuel distribution business of OTE LP, while also generating additional revenue by providing services to third parties. I suggested this idea to Glenn. He thought that it was a good one, and he introduced me to Miles and Scott, who were also supportive.

36. On or about April 24, 2018, a new limited partnership, Gen 7 Fuel Management Services LP was established to, among other things, provide transportation and logistics services that would complement OTE LP's fuel distribution business. Gen 7 Fuel Management Services LP has undergone several name changes since its inception and eventually it became Logistics LP (i.e., as of January 20, 2022). Logistics LP's role is to operate the rail cars, tankers and vehicles used to transport bulk fuel and distribute fuel to customers.

37. The ownership structure of Logistics LP has evolved since inception. It came to be 26% each for Miles and Scott, and 24% each for Glenn and me.

38. 2496750 Ontario Inc. is the general partner of Logistics LP. Miles was nominally the sole officer and director of 2496750 Ontario Inc., but as with OTE LP, his interest was passive; he did not actually exercise any authority. Glenn was OTE Logistics' most senior executive and exercised operational control of Logistics LP and its business. My title was that of "Vice-President". In practice, I ran Logistics LP's day to day operations and managed its finances. I also secured capital funding for the purchase of assets to be used

in the business, and Glenn assisted with banking and contracting. In particular, Glenn made arrangements with bulk fuel suppliers in Michigan and Ohio, Marathon Petroleum and Greenergy, for the purchase by OTE LP and the export of bulk fuel by rail cars and trucks to its blending facilities.

39. Between 2018 and 2022, Glenn, with my assistance, oversaw the creation of OTE LP's and Logistics LP's fleet of rail cars, tanker trailers and vehicles required for its operations (I specifically recall that Glenn and I discussed transitioning the supply chain for OTE LP to a system that included both highway (truck) and rail alternatives in 2020).

3. The Retail Fuel Supply Business (the Gen 7 Station Entities)

40. During the period from June of 2019 to July of 2022, Glenn worked with First Nations members who wanted to own gas stations to help them obtain capital and partners to build and operate independent gas stations under a unified banner called "Gen7 Fuel". These partnerships are majority owned by First Nations individuals in the communities in which they are located.

4. The US Supply Business (OTE USA)

41. I am informed by Glenn that on or before December 20, 2020, he informed Miles and Scott that a U.S. based fuel buying and exporting company should be established to reduce the overall cost of fuel supply to OTE LP, including through the avoidance of certain tax liabilities. Following that conversation, OTE USA was created.

42. OTE USA received its U.S. Federal Export License on or about April 7, 2022. Thereafter, OTE USA, as seller, and OTE LP, as buyer, entered into a commercial

agreement for the sale and purchase of fuel (the “**Supply Agreement**”). A true copy of the executed Supply Agreement is marked as **Exhibit “C”** to this affidavit.

43. The Supply Agreement contemplates the long-term and guaranteed supply of fuel to OTE LP in accordance with its terms, and, in accordance therewith, OTE USA supplied fuel to OTE LP until sometime in September 2022, at which time supply was terminated by OTE USA for material non-compliance with the terms of the Supply Agreement by OTE LP, as explained further below.

5. The Success of OTE LP and Logistics LP

44. Following its formation in or about August, 2017, and under Glenn’s direction, OTE LP became very successful; more successful, I believe, than anyone, including Miles, had expected. Its sales, profits and payments made on account of each of its current limited partners in the 2019, 2020 and 2021 are summarized below. The amounts shown for 2019 and 2020 are confirmed by reference to the financial statements prepared for each of those years on a Notice to Reader basis, which are marked as **Exhibits “D” and “E”** to this affidavit. My expectation is that OTE LP’s 2021 and 2022 Financial Statements would have been finalized by now. However, given all that has transpired it is possible that Scott Hill and those under his supervision simply stopped preparing financial statements and ignored the need to file required financial documents and reports. If these reports do exist they have not been shared with me, or, Glenn tells me, with him. Given this situation, the 2021 numbers, below, are only estimates.

Year	Sales	Profit
2019	\$89,873,689	\$3,631,759
2020	\$94,144,524	\$6,358,808
2021*	585,000,000	12,000,000
2022	Unknown	Unknown
*an approximation based on available information.		

Year	Payments on account of Miles Hill	Payments on account of Scott Hill	Payments on account of *8658 Ontario
2019	\$1,209,376	\$1,209,376	\$1,209,376
2020	\$1,845,000	\$1,793,812	\$1,650,642
2021*	\$1,845,000	\$1,845,000	\$1,341,215
2022	Unknown	Unknown	Unknown

45. Logistics LP has also been very profitable. When Glenn and I were shut out of Logistics LP in 2021, it had profits of approximately \$2,000,452.24. We have not received any share of those profits, or any financial accounting following our exclusion.

46. While the Hills always took their full draw out of both OTE LP and Logistics LP, other partners, including Glenn and I, left money in the companies.

6. The Falling Out Between Glenn and Miles

47. Things started to go badly in or about June 2022. Around that time, Miles Hill asked me to meet with him at his farm, which I did. He had a number of questions for me regarding Glenn's lifestyle and how he was able to finance it. I was left with the impression that Miles had been speaking to his brother, Scott, who had been bad-mouthing Glenn.

48. Miles' questions were particularly focussed on a boat that Glenn had bought, and a wedding that he was planning in Italy. In June 2018, Glenn had met Mandy Cox. Eventually, Glenn and Mandy struck up a relationship. In or about July 2020, as the Covid pandemic set in and others were motivated to purchase multi-million-dollar vacation properties in the Muskokas and elsewhere, Glenn decided to buy a \$3.8 million boat—a yacht—for he and Mandy to enjoy and travel in. Later in 2020, Glenn and Mandy became engaged to be married, and they started planning a wedding in Italy. The boat was delivered in 2021. Miles was troubled by all of this. He especially wanted to know where Glenn was getting the money to pay for what he perceived to be a lavish lifestyle. I was left with the impression that Miles believed that Glenn was stealing from OTE LP.

49. I told Miles that my understanding was that Glenn had left a lot of his draw in OTE LP, and that he had used those funds to pay for the boat. In the ensuing weeks, Glenn and others tried to demonstrate to Miles that this was the case. Miles was not persuaded, and my impression is that he was not open to being persuaded; rather he had come around to the view that, one way or another, Glenn was taking more out of the business than Miles had ever intended or that he thought Glenn was worth, given it's status as a "native business".

50. In addition, at some point Glenn expressed an intention to become less active in the day-to-day management of the business. That became a point of contention between Miles and Glenn, and I expect that it also coloured Miles' assessment of Glenn's entitlements, even though, legally, Glenn's limited partnership interests were independent of his compensation for the management and oversight services that he provided.

51. On or about July 29, 2022, the Hills used their controlling positions in respect of OTE LP and Logistics LP to terminate Glenn's involvement and my involvement with those entities. Relations only became more acrimonious after this time, as Miles and/or Scott started to advance a number of allegations as part of a strategy, I believe, to cut Glenn (and me) out of the business of OTE LP and Logistics LP.

52. OTE LP and Logistics LP continued to supply and deliver fuel to the GEN7 Gas Stations through July and August of 2022, but, on or about August 30, 2022, OTE LP and Logistics LP abruptly halted deliveries without notice, leaving the GEN7 Gas Stations

Agreement”), and by a related consent resolution on behalf of OT energy, also executed by Scott Hill, accepting the aforementioned stock subscriptions (the “**OT Energy Consent Resolution**”). Copies of the Scott Hill Subscription Agreement and the OT Energy Consent Resolution are marked as **Exhibit “I”** to this affidavit.

57. Moreover, as I note above, OTE USA was incorporated to reduce the overall cost of fuel to OTE LP, and material tax advantages would also be available if ownership of OTE USA was appropriately structured. My understanding is that structuring OTE USA as a wholly owned subsidiary of OTE LP would have prevented the realization of those advantages. I am advised by Glenn that he explained as much to Miles and Scott when he first introduced the structure to Miles and Scott in December 2020, and they were given the opportunity to subscribe for shares of OT Energy personally. Scott chose to do so, and Miles did not because he had an outstanding \$50 million obligation to CRA in respect of a fine for unremitted Excise Tax. Having regard to interjurisdictional tax agreements, Miles was concerned that CRA and/or the IRS would be able to seize amounts payable to him by OT Energy. This is corroborated by the email exchange marked as **Exhibit “J”** to this affidavit.

C. Wrongful conduct by the Hills:

58. With Glenn and I out of the picture, Scott Hill took over the business of OTE LP and Logistics LP. This has proven to be problematic for at least three reasons.

- (a) First, it appears to me that Scott lacked the knowledge and/or skills needed to operate OTE LP, as demonstrated by the engagement of KPMG and the

commencement of these proceedings within only a few months of his taking over, notwithstanding that OTE LP's business had been profitable. Much is made in the application materials in these proceedings regarding tax arrears in respect of OTE LP; however, as explained below, it seems to me that additional arrears arose while the business was being run by Scott. Furthermore, Glenn and I are intimately familiar with the amounts that were due to be paid to OTE LP by the US tax authorities to offset the amounts owed to Canadian Tax Authorities, and the efforts made to collect those amounts. It is my understanding that these amounts owed by the US tax authorities and owing to the Canadian tax authorities were not materially different and that their timely collection would have allowed OTE LP to continue.

- (b) Second, it appears that, following Glenn's exclusion from the business of OTE LP, the Hills have started using OTE LP to illegally import equipment in furtherance of their grey-market tobacco business, thereby wrongfully exposing OTE LP to the risk of liability, and, perhaps, misusing OTE LP resources.
- (c) Third, it has been suggested to me that Miles Hill has now resigned his offices in respect of OTE LP and Logistics LP and their managing partners, and that Scott Hill, notwithstanding the terms of the Initial Order, has been

taking steps to transition the undertakings of those limited partnerships to their competitors, to the prejudice of their creditors and limited partners.

1. Tax Remittance Obligations

59. OTE LP had various tax remittance obligations, including obligations to Ontario's Ministry of Finance pursuant to the *Gasoline Tax Act* and the *Fuel Tax Act*, customs duties pursuant to the *Excise Tax Act* in respect of imports of fuel, and a federal carbon tax.

60. I am advised by Glenn that, at Scott's request, he did not attend the office on the reserve during the Covid pandemic, and that, due to errors made by the book-keeper (who was notionally working under Scott's supervision) in the face of short-staffing at that time, OTE LP had fallen behind on its reporting and remittances to the Ontario Ministry of Finance. Upon his being apprised of this error, Glenn prioritized bringing OTE LP's filings and remittances up to date.

61. In the Fall of 2021 Glenn approached me to assist with overseeing the submission and subsequent collection of tax refunds owed from the US IRS and the State of Michigan on behalf of OTE LP. At the time I recall there was approximately \$90 million US owed to OTE LP. Glenn explained to me that he had been in discussions with Canadian and provincial taxation authorities, and that they were aware of the funds owed to OTE LP. At that time it was my understanding that the refund amounts exceeded the tax liability in Canada.

62. By July 2022, when Glenn's offices at OTE LP were terminated by the Hills, considerable progress had been made in bringing the tax arrears current. At that time,

remittances had been made current to February 2022, based on data provided by OTE GP accounting staff, under Scott's direction.

63. The tax arrears referenced at paragraphs 64 to 66 of Scott Hill's affidavit dated January 27, 2023, sworn in support of these proceedings, appear to form the basis for OTE LP's alleged insolvency. I am advised by Glenn that, based on the accounting information historically available to him, it appears that these tax arrears arose in the fall of 2022, while OTE LP's business was operating subject to Scott's supervision and control, and yet Scott offers no explanation for how those arrears came about. I am unable to understand how these arrears arose.

64. Moreover, any taxes due to the Ministry of Finance should be offset by the funds that were due from the IRS and the State of Michigan in respect of excise tax rebate on the US side. Indeed, funds were received from the IRS and the State of Michigan in respect of the period ending December 2021, but there is no mention of this in Scott's affidavit. This should have continued, but it appears that OTE LP may have stopped filing returns sometime after Glenn was excluded from the business. This could be an instance of gross mismanagement.

2. Wrongful Use of OTE LP

65. I am advised by Glenn that in September 2022, he received a call from a Canada Border Services officer regarding the illegal importation by OTE LP of machinery used in the production of tobacco products; the call came to Glenn because he was shown in Canada Border Services' records as the contact for OTE LP. I am further advised by

Glenn that the officer cautioned him that there are charges and fines that can be levied for illegal importation. Glenn tells me that he explained to the officer that his involvement with OTE LP had ended in June, and he directed the officer to Scott Hill.

66. The Hills have independent businesses involved in the manufacture of tobacco products on reserve, and so this misconduct gives rise to a number of questions and concerns. How did OTE LP come to be involved in the illegal importation of machinery for the manufacture of tobacco products? Have Miles or Scott been using OTE LP's funds to finance their other businesses? Have funds been wrongfully depleted through the levy of fines or the inflation of outstanding claims?

3. Alienation of the Undertakings of OTE LP and Logistics LP

67. Most recently, I have heard from customers of OTE LP and Logistics LP that they have been told by representatives of OTE LP and Logistics LP that, effective September 15, 2023, the undertakings of OTE LP and Logistics LP would be transitioned to their competitors. More specifically:

- (a) all of Logistics LP's truck drivers had received lay-off notices and had been offered jobs with Joseph Haulage Capital Corporation ("**JHCC**"); and,
- (b) all of OTE LP's personnel were going to be laid off effective September 15, 2023, and arrangements had been made to transition the fuel supply business to Parkland Corporation ("**Parkland**").

68. Counsel to OTE USA wrote to counsel to the Monitor on or about September 1, 2023, to notify them of these events. The Monitor's counsel responded on or about September 8, 2023, advising that the Monitor was not aware of any efforts to transition the business of OTE LP or Logistics LP, and that the Monitor had spoken to Scott Hill to ensure that he was aware of his obligations pursuant to the Initial Order. A copy of this exchange of correspondence is marked as **Exhibit "K"** to this affidavit.

69. Counsel to OTE USA also wrote to representatives of Parkland and JHCC to express its concerns. Copies of this correspondence are marked as **Exhibits "L"** and **"M"** to this affidavit, respectively. As this time, OTE USA has received a response only from Parkland's counsel, advising that OTE USA has been misinformed in respect of Parkland's dealings with Scott Hill. A copy of the correspondence received from Parkland's counsel is marked as **Exhibit "N"** to this affidavit.

70. I am informed by Glenn that based upon a drive-by investigation, it appeared that valuable equipment of Logistics LP that I would expect to be visibly stored on the premises of Logistics LP is not present at that location. OTE USA has been unable to locate the equipment at the premises of JHCC, Scott Hill or Miles Hill through a further drive-by investigation. We do not know where this equipment is located, and we are concerned that it may have been sold or transferred to another party, further prejudicing the position of OTE USA and other creditors.

D. The CCAA Proceedings;

71. These proceedings were commenced on January 27, 2023, on the basis of an affidavit sworn by Scott which speaks to the insolvency of the Applicants. However, as explained above, it appears to me (and to OTE USA) that:

- (a) Logistics LP was never insolvent and that, regardless of whether it is or continues to be wrapped up in these proceedings for logistical reasons, its assets (and shareholder equity) should not be eroded by these proceedings;
- (b) OTE LP's business was very profitable prior to Scott Hill taking over day to day management in July 2022, and it should have continued to be profitable;
- (c) OTE LP's business remains fundamentally sound, and, with competent management, it should be capable of paying its creditors, including OTE USA;
- (d) If losses are sustained by creditors, then Scott (and perhaps Miles), should be held to account for those losses, including, among other things, and if appropriate, for any negligence, gross negligence or oppressive behaviour, or wilful misconduct in respect of the operation of OTE's business after the Takeover Date, including in respect of these proceedings;

E. Independent assessment of Company claims against the Hills and Necessary Information

72. Inasmuch as the Hills cannot be relied upon to investigate themselves, OTE USA is asking that it be granted access to the records and information of OTE LP and Logistics LP (i.e. the **Requested Records**) for the purpose of being able to assess the Hills' conduct and, if warranted, to seek permission to advance claims against them (or related or affiliated parties) on a derivative basis.

73. I believe that it only makes sense for OTE USA to assume this role because (a) as OTE USA's sole manager, I have knowledge of the business of OTE LP and Logistics LP and related events; (b) substantially the same information is relevant to the defence, by Glenn, myself and OTE USA, of the claims brought by OTE LP and Logistics LP, including, without limitation, the claims made in the Ontario Action and the counter-claims and/or cross-claims and third-party claims that will be brought therein; and (c) allowing a third party (such as the Monitor and its counsel) to take the lead in respect of this litigation will serve to dramatically increase costs and erode recoveries for creditors, including OTE USA.

74. A description of the Requested Records that I believe are needed, at this time, for the purpose of these proceedings (including responding to the allegations leveled in the Ontario Action, investigating the claims against the Hills, and formulating an overall restructuring proposal that will maximize returns to creditors, including OTE USA) is found in the Document Production Protocol, which is marked as **Exhibit "A"** to this affidavit.

75. The Document Production Protocol includes a non-exhaustive list of email addresses which I know to have sent or received email correspondence relevant to these proceedings, as described above. In particular, I note that Miles Hill regularly used his personal Gmail address: Miles77x@gmail.com, in order to send and receive correspondence related to the business of OTE LP and Logistics LP. I have attached examples of such correspondence as **Exhibit “O”** to this affidavit.

76. I note as well that the proposed custodians whose email addresses and devices should be searched include Sandra Smoke, Gary Loft, and Austin Hill. Their roles with OTE LP and Logistics LP are described below. By virtue of their positions, all of these individuals would have been privy to discussions and decisions pertaining to the governance, operations, finances and tax remittances of those entities.

- (a) Sandra Smoke was the former bookkeeper for OTE LP, and as such she was privy to many discussions and decisions pertaining to the accounts of OTE LP and tax filings.
- (b) Gary Loft was the National Director of Operations for OTE LP and, for a short period around the time of Glenn’s removal and subsequent resignation, he was the President of OTE LP. He dealt with OTE USA by directing the buying of fuel products under the terms of the Supply Agreement.
- (c) Austin Hill is Scott’s son and in the absence of both Glenn and I, ran the Logistics business. He interacted frequently with OTE USA personnel.

F. Conclusion

77. I am very concerned that these proceedings are part of an opportunistic strategy by the Hills to seize the value of the businesses of OTE LP and Logistics LP for their own benefit, without having to fully account for the interests of creditors, including OTE USA, limited partners and other stakeholders. OTE USA is asking that full documentary disclosure be made, so that a fully documented response can be made to the allegations advanced by Scott in support of these proceedings, and an accounting can be taken of what transpired after Glenn and I were excluded from those businesses, and steps can be taken to ensure that creditors recover full value in respect of the debts owing to them.

A 2020 review: Six Nations response to the COVID-19 pandemic

Local News

The Staff • December 30, 2020 • Views 347 • Comments off

Share

SIX NATIONS — This has definitely been a year for the history books. TRT is taking a look back at 2020 and how the Six Nations of the Grand River community has responded to the COVID-19 pandemic.

March 13, 2020 – Six Nations of the Grand River Elected Council declares a state of emergency in the community as Covid-19 fears began to take on a serious tone in the province and across the country. The World Health Organization had just declared the virus a pandemic two days earlier, on March 10, 2020. All Six Nations schools and facilities are ordered closed. At the time, the closure was only to last until April 6. Schools remain closed to this day. There were no confirmed cases on Six Nations at the time but one possible exposure of an employee at Kawenni:io-Gaweni:yo private school.

March 24, 2020 – Six Nations Fire Services announces negative Covid tests for 12 firefighters after an exposure scare for one member of the fire service. Meanwhile, Six Nations began preparing its pandemic response by converting the community centre into a Covid-19 testing and treatment facility. The community remained in a tight lockdown, with many businesses, schools and all but essential services remained shut. Six Nations of the Grand River Elected Council had stopped meeting in person.

March 28, 2020 – Community members took action to block off all entrances to the reserve, ahead of SNGR Council's schedule of March 31, to stop the spread of Covid-19 in the community. Travel was restricted to Six Nations members and essential

workers only. Checkpoints manned by Six Nations people were set up at reserve entrances to monitor travellers in and out of the community and an informal paper pass system was instituted to identify community members and essential workers. The community action came after throngs of visitors flooded the reserve that weekend seeking to stock up on discount cigarettes before the planned March 31 shutdown. There are still zero confirmed cases of Covid-19 on Six Nations.

April 8, 2020 – Six Nations is reporting nine positive cases of Covid-19 on the reserve. Demographic information, such as age and gender, is withheld by Six Nations Health Services. Across Canada, there are 17,049 confirmed cases, 345 deaths and 3212 cases considered “resolved.” Norfolk and Haldimand County prohibit anyone from using any outdoor space. The entire economy on Six Nations has ground to a halt and checkpoints set up the previous week at reserve entrances are manned by paid security personnel. Masks have not yet become a way of life but people are starting to sew their own. The only businesses open are off-reserve supermarkets and local convenience stores. Six Nations Public Works announces the waiving of all fees for water services, and Six Nations Housing announces a temporary waiving of payments on mortgages until April 30.

April 15, 2020 – Six Nations’ first and only Covid-19 death has been reported. As of April 14, the community had conducted 140 tests, with 112 negative results, 9 positive results, and seven cases resolved.

April 22, 2020 – Six Nations Police were called to a large gathering at a private home on April 18, drawing ire from community members who see the gathering as deliberately flouting efforts to reduce the spread of Covid-19 in the community. No charges are laid against the homeowner.

April 29, 2020 – Two more cases of Covid-19 are reported on Six Nations, bringing the total number of confirmed cases to 11. The Covid-19 assessment centre at the community hall has conducted 320 tests to date. Six Nations rents a generator for \$240,000 to provide power to the community hall in the event of a power failure. The first positive Covid-19 case is reported at neighbouring Mississaugas of the Credit First Nation.

May 6, 2020 – A colour-coded paper pass system allowing Six Nations members to enter and exit the still-barricaded community is replaced with a high-tech barcode system developed and paid for by SNGR. There were reports of fraud and photocopying of the colour-coded paper system which people placed on their dashboards. Checkpoint security on Six Nations are equipped with smartphones to scan barcodes on laminated passes, which were handed out to community en masse in a drive-through operation at the Six Nations Bingo Hall parking lot on Sat. May 2. SNGR announces it will deliver iPads to Six Nations, along with a data package, to help them learn from home, as school closures extended until the end of the year. SNGR Child and Family Services announces the delivery of instant messaging support to help people cope with isolation and economic-related crises during the shutdown. Over 4,000 people have died across Canada.

May 13, 2020 – Six Nations Elected Council discusses the development of a health and safety code of conduct for businesses to follow as it considers a re-opening plan for the community.

May 20, 2020 – SNGR held an unprecedented community-wide delivery of thousands of loaves of bread and hunks of cheese to replace the beloved annual Bread and Cheese Day celebration that usually draws thousands of visitors to the Six Nations Community Hall for fun and revelry. The event, like every other event on Six Nations this year, had been cancelled to prevent the gathering of crowds and spread of Covid-19. Masked councillors drove throughout the community delivering the goods to residents' households.

June 3, 2020 – After a long stretch without any cases, Six Nations reports three more positive Covid-19 cases, bringing the total number of positive cases to date to 14. It is the lowest case count in Southern Ontario. To date, 745 people had been tested for Covid-19 on Six Nations.

June 17, 2020 – Blockades to reserve entrances are removed. Roads are reopened as are most businesses – but with rules and regulations in effect. Masks must be worn in all businesses on the reserve. Indoor dining is still banned. Sports fields and outdoor recreation remained closed. A small group of people insisted on trying to keep entrances to the reserve closed before giving up later in the week.

June 24, 2020 – Six Nations moves into Phase 2 of its reopening which meant many activities and gatherings involving crowds of more than 10 remained off limits. Fairs and festivals were cancelled into the summer and fall despite a provincial drop in Covid cases. Six Nations had gone weeks without a new positive case of Covid-19.

July 15, 2020 – For the first time in over a month, Six Nations reported one positive case of Covid-19. Ontario began Stage 3 of its re-opening plan, which allowed up to 100 people to gather outside. The relaxed restrictions on crowds saw the push for masks advocated across Ontario and Six Nations. Iroquois Lodge celebrated 17 weeks of being virus-free.

July 22, 2020 – Six Nations, Brantford and Brant saw an unprecedented week of no new Covid cases. Infection rates in young adults began to rise in Ontario, prompting health experts to urge continued social distancing and mask wearing. Businesses around the province have re-opened. The only restrictions remaining on Six Nations are large gatherings and sporting events. Six Nations elected council, however, continue to hold meetings via the online meeting platform Zoom. They have still not met in person since the state of emergency was declared in the spring.

July 29, 2020 – Masks are officially made mandatory at all businesses on Six Nations after a vote by Six Nations Elected Council. Active cases remain at zero. Life feels like it's returning to a new normal.

Aug. 5, 2020 – Six Nations Elected Council decides to remain in phase two of its recovery and re-opening plan. Oct. 21, 2020 – Six Nations is declared to be facing a “second wave” of Covid-19 in the community. The total cases to date had reached 69, with 31 active cases after a massive outbreak the week before. The outbreak prompted Six Nations elected council to prolong school closures, enforcing mandatory mask measures and reducing gathering sizes in the community.

Nov. 4, 2020 – Five new Covid-19 cases are confirmed on Six Nations with 9 active cases. Ontario institutes a colour-coded system that sees different areas of the province abide by different measures according to their case counts.

Dec. 2, 2020 – As cases surge across the province, Six Nations infection rates remain extremely low. Only one active case of the virus is reported on the territory. To date, there have been 97 infections on Six Nations. Six Nations institutes its own colour-coded system to issue “alert levels” for virus cases on the territory and the measures that would accompany those alert levels.

Dec. 9, 2020 – A long-awaited Covid vaccine was approved by Health Canada, with priority given to health care workers and elders in Indigenous communities for the first batch of the vaccine. The vaccine has not yet arrived on Six Nations.
