Sandra
I just got my email mess sorted finally

I think your tone here seems to be setting people off as it often has in the past and works against you.

I have committed to Gary I will ensure Payroll is done this week as normal then all the files will be transferred in a proper fashion Wednesday so you can get stuff setup next week without the rushing and screwing up people's information or pay.

As for Gen7 you will have to discuss that with the General Partner (Mandy) who will organize a meeting with the owners however I believe they can not support ACH's with their current bank provider. RBC has been informed that Gen7 will no longer be a customer and that any attempts to pull funds should be blocked and the bank will be held responsible for those funds.

As for the taxes no problem I will pull the files together next week and courier them to you.

Also be aware the Provincial Permits came due Monday at midnight I am waiting on a response from Ministry of Finance for our renewal. I don't expect it to be an issue.

Glenn

Good afternoon Glenn,

The original email was returned to me undeliverable to your OTE email address. I have included Mandy in this email also as I know that she processes the payroll and will need to know what information we need.

Thanks!

Subject: Transitioning Stuff

Good Morning

As we start to phase Kellie out of OTE and myself we need to start moving some activities to you and your team over the next 4 weeks.

The items we should start with are some what simple but no the less should be discussed and planned

Next week I will organize a Teams call to review the following:

1. Transferring the Claybar Capital invoices for blending, construction etc. not difficult but more payment timing and cashflow oriented
2. Transferring HST submission rather simple but then there is the ongoing HST audit stuff that's a pain in the ass and you have to watch what we communicate
3. Transitioning daily pricing and emails

It's a good starting point then we can look at other items the following week

Scott and Gary let me know which of the items you want to be included in
