Canadians aged 18 years and older can earn tax-free income in a TFSA throughout their lifetime. Income, losses and gains on investment in the account, as well as amounts withdrawn, are not taxable and are not taken into account for determining eligibility for certain income-tested benefits or credits.

Each calendar year, a taxpayer can contribute up to the TFSA limit, plus any unused TFSA contribution room from the previous year. The annual contribution limit is indexed for inflation and rounded to the nearest \$500. Generally, amounts withdrawn from a TFSA will be added to the individual's contribution room for future years. TFSA contributions are not tax deductible.
