#Thrive with us and #Come as you are

Financial Risk Management Lead

KPMG is a global network of professional services firms providing Audit, Tax and Advisory services. Our purpose is to inspire confidence and empower change. We have a notable Africa Footprint serving clients across the continent. Our East Africa practice comprises Kenya, Uganda, Tanzania, and Rwanda.

The Nairobi office serves as the regional coordinating office providing the required networking to facilitate delivery of services on a timely basis to meet and exceed our clients' expectations.

Key roles and responsibilities

Manage Engagements.

- Supporting with the organization and execution of multiple financial risk management engagements (including projects relating to regulatory, credit risk management / modelling, market risk / valuations, etc.).
- Supporting with other strategic engagements to assist clients with enhancing their financial risk management capabilities.
- Developing a client account plan and engaging with a vast client-base within the financial services industry, including banks, development finance institutions, micro-lenders and retailers.

Business Development.

- Develop and maintain relationships with decision makers at key clients
- Contribute to proposal development efforts
- Manage engagement risk and project budget
- Report to Africa USAID account lead partner on key performance metrics – Pipeline & assignments

Team Development.

- Support the development of strong delivery teams, from recruitment, mentoring, on the job development and retention
- Day-to-day management of staff to deliver on assignments and project, as well as perform administrative task over the team management (such as planning, operational matters and budgeting)
- Mentor /coach senior staff with career growth.

Personal Development.

- Involvement in community and office initiatives
- Contribute to thought leadership via at least three activities e.g. articles and speaking at events
- National / local training instructor
- Ensure continuous learning through compliance to 40 Continuous Professional Development (CPA) hours

Risk Management

- Ensure 100% compliance to Quality and Risk Management Policies, Standards and Procedures.
- Any other tasks that will be assigned to you.
