

Technical Update

March 2020

Investment – Implementation of Cambodian National Single Window (CNSW)

Council for the Development of Cambodia (CDC) – Notification No. 481/20 dated 7 February 2020 on the implementation of the CNSW for Master List applications

The CDC officially launched its online system for providing public services on 2 February 2020. Initially, the CDC kicks off with the online Master List application. The Master List is the list of construction materials, production machinery and equipment, spare parts and raw materials to be imported into Cambodia for the implementation of a Qualified Investment Project (QIP). The Master List is subject to the approval of the CDC.

The fee payment will also be done via electronic banking.

The CNSW will facilitate imports for investment projects including the import of production equipment, construction materials, and production inputs to be used in the investment projects.

As the online system, the CNSW is expected to increase the transparency and efficiency in the application process. All investors can submit their Master List applications via <https://live.nsw.gov.kh/>.

The CDC encourages all investors to cooperate and implement the CNSW for the Master List application from the date of issuance of this notification.

On 27 February 2020, the CDC also conducted a seminar on the implementation of the CNSW to the public. As part of the CNSW implementation, the following authorities are confirmed to participate in this online platform in providing public services (i.e. license, permit, certificate, other approval):

1. Ministry of Commerce
2. Council for the Development of Cambodia
3. Ministry of Agriculture, Forestry and Fisheries
4. Ministry of Health
5. Ministry of Industry and Handicraft
6. General Department of Customs and Excise.
