## **Prakas on the Implementation of the Cambodian Reduced Financial Reporting Framework and the Digital Financial Reporting Platform.**

*(Prakas No. 039 FSA.Prk., Dated 20 May 2025)*

The Non-Bank Financial Services Authority (FSA) has issued Prakas No. 039 to implement the Cambodian Reduced Financial Reporting Framework (CRFRF) and the Digital Financial Reporting Platform (DFR). These initiatives are grounded in the Cambodian International Financial Reporting Standard for Small and Medium-sized Entities (CIFRS for SMEs). The Accounting and Auditing Regulator (ACAR) will issue further Instructions to guide the implementation of this Prakas.

Below are the key details of the CRFRF and the DFR:

### **I. Cambodian Reduced Financial Reporting Framework (CRFRF)**

The CRFRF applies to individual financial statements of qualifying entities that are not subject to statutory audits and are not classified as public interest entities. The framework aims to provide exemptions in disclosure, recognition, and measurement for these entities, reducing compliance burdens while ensuring the quality, relevance, and transparency of financial information. It is tailored to the size, complexity, and needs of users of financial statements, aligning with the principles of CIFRS for SMEs. Qualifying entities are encouraged to utilize the DFR to prepare and submit their financial statements, enhancing effectiveness and integration within the platform.

### **II. Digital Financial Reporting Platform (DFR)**

The DFR is designed to facilitate the preparation and submission of financial statements in a digital format, streamlining the reporting process for qualifying entities.
