As required by the International Auditing and Assurance Standards Board (IAASB)'s, International Standard on Quality Management (ISQM1) and KPMG International Limited Policy, KPMG Samjong Accounting Corp. (the "Firm" or "KPMG Korea") has responsibility to design, implement and operate a System of Quality Management for audits or reviews of financial statements, or other assurance or related services engagements performed by the Firm. If deficiencies are identified when KPMG Korea performs its annual evaluation of the System of Quality Management, KPMG Korea evaluates the severity and pervasiveness of the identified deficiencies by investigating the root causes, and by evaluating the effect of the identified deficiencies individually and in the aggregate, on the System of Quality Management, with consideration of remedial actions taken as of the date of the evaluation.

Based on the annual evaluation of the Firm's System of Quality Management as of 30 September 2024, the System of Quality Management provides the Firm with reasonable assurance that the objectives of the System of Quality Management are being achieved.
