

KPMG Malaysia unveils MyAccess Hub for foreign investors

PETALING JAYA: KPMG in Malaysia has launched KPMG MyAccess Hub, an integrated business entry platform that enables foreign businesses and investors to establish and grow their operations in Malaysia.

This initiative aligns with the government's commitment under the National Investment Aspiration, to attract foreign direct investment, fostering economic development, generating employment opportunities, and advancing technology transfer.

Drawing on the firm's multidisciplinary expertise beyond audit, tax, and advisory – including ESG, technology, and risk consultancy – and their network of service providers, KPMG

MyAccess Hub delivers comprehensive support to help clients navigate Malaysia's business landscape with greater clarity and confidence.

"The introduction of KPMG MyAccess Hub is a testament to our purpose to be at the forefront of serving and strengthening our markets and communities in tangible ways. By providing a unified solution for navigating complex regulatory landscapes, we directly address the significant challenges encountered by foreign businesses, while concurrently supporting Malaysia's ambition to enhance its position as a premier investment destination. With a single access point, we deliver comprehensive solutions to enable ease of

doing businesses," said KPMG in Malaysia tax head Soh Lian Seng.

He added they ensure that organisations are fully equipped to make a meaningful impact while complying with regulatory requirements and optimising the incentives available to maximise their expansion prospects.

KPMG MyAccess Hub signifies a strategic advancement in positioning KPMG in Malaysian as an essential partner in achieving market success. Practically, this approach enables businesses to experience a more seamless entry into Malaysia, characterised by expedited market access, minimised compliance risks, and a fortified platform for sustainable growth.
