

MBRS Training Services

Conducted by KPMG, the Master Developer of the MBRS Taxonomy for Financial Statements

All registered companies in Malaysia must prepare to submit their signed and audited Financial Statements in eXtensible Business Reporting Language (XBRL) format, in compliance to Malaysian Business Reporting System (MBRS) requirements.

As of March 2019, implementation of Annual Returns, Certificate for Exempt Private Company (EPC) and Unaudited Financial Statements on MBRS have been made compulsory to all companies nationwide. We anticipate that submission of Financial Statements will be made mandatory.

The onus is on each company's directors to submit their annual financial statements digitally to SSM through the MBRS portal (mPortal). This puts the pressure on companies to invest in engaging qualified professionals to convert their signed and audited financial statements into XBRL format accurately, reflecting all requirements by SSM.

KPMG's expertise in MBRS

Since 2017, KPMG has been working with Suruhanjaya Syarikat Malaysia (SSM) to map the implementation of the Malaysian Business Reporting System (MBRS) in Malaysia. KPMG is the:

- Master Developer of MBRS Taxonomy for Financial Statements.
- Sole Master Trainer certified by SSM since 2018 to conduct Train-the-Trainer training sessions on the MBRS for the Preparers – Financial Statements.
- Experienced trainer to conduct nationwide training sessions on MBRS for Preparers – Financial Statements; over 3,500 people trained to date.
