

KPMG and ConveneAGM

Revolutionizing the future of General Meetings

MCCG Intended Outcome 13.0

Shareholders are able to participate, engage the board and senior management effectively and make informed voting decisions at General Meetings.

The rise of virtual and hybrid modalities has been touted by regulators as a solution to maintaining healthy levels of shareholder participation amidst physical distancing measures. Accelerated digitalization has inevitably proliferated its way into the way corporations conduct general meetings, of which Annual General Meetings (AGM) feature most conspicuously.

KPMG in Malaysia seeks to revolutionize the future of general meetings by entering into an alliance with Convene Malaysia (a subsidiary of Azeus Group) in an exclusive roll-out of **ConveneAGM** – a digital solution that ensures a seamless virtual and hybrid AGM experience.
