Bill passed at Dewan Negara

The Finance (No. 2) Bill 2023 was unanimously passed at the Dewan Negara on 13 December 2023.

The Finance (No. 2) Act is currently pending Royal assent before it is gazetted and becomes law.

You may access to KPMG's [Finance \(No. 2\) Bill 2023 Highlights](#) for a recap.

Practice Note No. 3/2023 – Tax treatment on copyright and software payments by a distributor and a reseller to a non-resident

The MIRB has issued the above to clarify its tax position in respect of copyright and software payments made by distributors or resellers to non-residents who do not have a permanent establishment in Malaysia. In essence, where the ownership of the intellectual property in the software remains with the original non-resident, the payments for the purchase of software or the use of applications and content by distributors and resellers from the original owner are considered royalties which are subject to withholding tax. This is regardless of whether the distributors or resellers have the right to modify, exploit or distribute the said software.

However, the MIRB iterated that reference should be made to the definition of royalty and permanent establishment in the respective Double Taxation Agreement which may differ.
