

Get future-ready

KPMG Learning Academy delivers comprehensive e-Learning modules

Learn what you want, when you want to

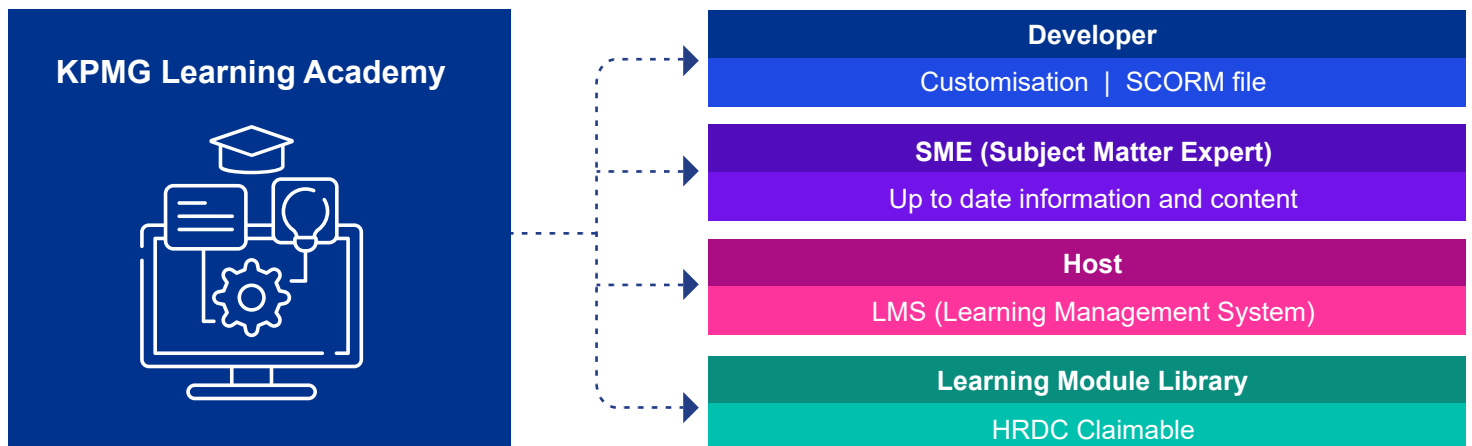

In an era when knowledge is power and where the world has become increasingly digitized, the future of learning will be influenced by convenience and relevance. Organizations are challenged to continuously train and up-skill their people against a backdrop of evolving regulations and stakeholder expectations. KPMG in Malaysia offers a digitally-powered solution for organizations seeking the competitive edge by providing you access to a comprehensive range of professionally developed e-Learning modules.

KPMG Learning Academy offers cost-effective and flexible e-Learning modules that can be effectively placed within your organization's learning platform to be deployed throughout the workforce whenever required. What's more, our e-Learning modules are now HRDC claimable, thereby maximizing your investments in your people.

Leverage on the KPMG advantage

Working within your customized requirements, KPMG can provide end-to-end support from development to deployment, extending to reporting capabilities, to help your organization roll-out an effective learning and development model. The time to prepare to be future-ready is now!
