

People Analytics

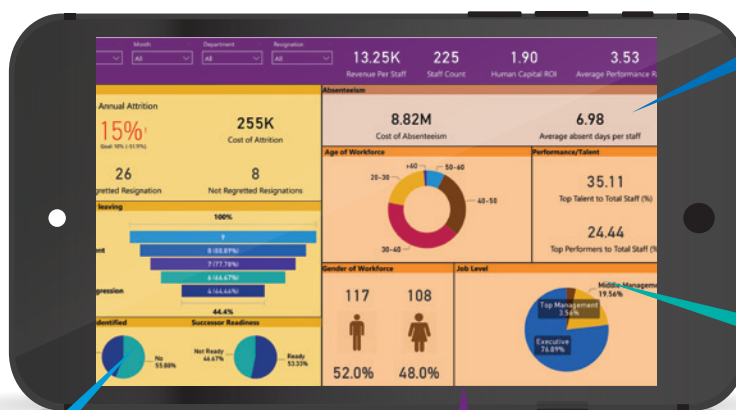

The future cornerstone of HR

www.kpmg.com.my/PnC

Data and analytics capabilities are critical to shaping and intelligently managing the workforce of the future. Forward-looking businesses have already begun to exploit the unprecedented capability of data to dramatically improve decision-making and predict behaviors and outcomes.

At KPMG, we enable leaders in HR transformation to optimize their use of data and analytics to improve HR's value to the business, and to increase the organization's overall competitiveness in the race for the best and brightest employees.
