

Checklist prospectus

Alternative Investment Fund (AIF)

november 2022

This is the checklist for a prospectus of an Alternative Investment Fund. This checklist can support you in the preparation of a prospectus for offering units to professional and non-professional investors (hereafter: retail investors). This checklist is an update of the checklist that is published in November 2021 and outlines the latest revisions in applicable laws and regulations.

When offering units in an Alternative Investment Fund in the Netherlands, a prospectus is provided to the investor before the investor acquires the units. This checklist aims to support (the AIFM of) an Alternative Investment Fund in preparing a prospectus which complies with relevant laws and regulations.

Introductie

This checklist primarily helps you to determine whether your prospectus complies with the legal requirements for the prospectus of an Alternative Investment Fund (hereinafter: AIF). This checklist is relevant for (the AIFM of) an AIF who has a license as outlined in art. 2:65 Dutch Act on Financial Supervision (hereafter: Wft) to offer participation rights in the Netherlands (hereafter: AIFM license).

The original checklist is drafted in Dutch. This document is an English translation of the original. In the case of any discrepancies between the English and the Dutch text, the latter will prevail.

Three prospectus regimes

For an AIF three prospectus regimes could be distinguished:

- **AIFMD prospectus regime:** this prospectus regime applies to the prospectus of an AIF when the units are only distributed to professional investors (AIFMD prospectus). The requirements regarding the AIFMD prospectus are outlined in article 4:37l Wft and are further described in article 115j Decree on the Supervision of the Conduct of Financial Undertakings pursuant to the Wft (hereafter: BGfo) and article 23 sub 1 and 2 Alternative Investment Fund Directive (hereafter: AIFMD). Part 1 of this checklist outlines these requirements.
- **Retail prospectus regime:** this prospectus regime applies to the prospectus of an AIF when the units are (also) distributed to retail investors. In addition to the requirements as outlined under the AIFMD prospectus regime, the prospectus complies with the requirements as outlined in article 4:37p Wft. These requirements are further outlined in article 115v, 115x, 118 and Annex I BGfo. Part 3 outlines these additional requirements.
- **Prospectus regulation regime:** this prospectus regime applies to the prospectus of an AIF who qualifies as a closed-end AIF and when the units are offered to the public or admitted to trading on a regulated market. In addition to the requirements as outlined under the Retail- and the AIFM prospectus regime, the prospectus complies with the requirements as outlined in the Prospectus Regulation (Regulation (EU) 2017/1129). The requirements as outlined in the Prospectus Regulation are not incorporated in this checklist. Therefore this checklist is not suitable to prepare the prospectus of these AIFs.

In addition to the aforementioned requirements, the prospectus of an AIF who participates in securities financing transactions should comply with the requirements as outlined in Part 2 of this checklist.

Finally, Part 4 of this checklist sets out the requirements with regard to the Sustainable Finance Disclosure Regulation in the financial services sector EU 2019/2088 (hereinafter: SFDR). These are transactions where securities are used to temporarily borrow cash or other securities

Content of this checklist

Part 1 describes the general requirements with respect to the prospectus of an AIF. Part 2 outlines the additional requirements for AIFs who participate in securities financing transactions. Part 3 outlines the additional requirements for the prospectus if units of the AIF are distributed to retail investors. Part 4 describes the requirements as included in the SFDR. In the appendix 'Articles of laws, referred to in the checklist', all relevant articles are included with respect to this checklist.

Scope of this checklist

This checklist does not include the requirements for the following specific investment institutions:

- European long-term investment funds
- European social entrepreneurship funds
- European venture capital funds; and
- Money market funds.

Therefore this checklist is not suitable to prepare the prospectus of one of the aforementioned investment funds.

Relevant laws and regulations

The most important laws and regulations that apply when preparing a prospectus for an AIF is included in the laws and regulations as outlined below:

- Dutch Act on Financial Supervision, Part 4 Supervision of conduct of Financial Undertakings;
- Decree on the Supervision of the Conduct of Financial Undertakings pursuant to the Wft, section 10.3 Participation in investment institution or UCITS;
- Directive 2011/61/EU on Alternative Investment Fund Managers;
- Regulation on sustainability related disclosures in the financial services sector EU 2019/2088;
- Delegated Regulation EU/231/2013 with regard to exemptions, general operating conditions, depositaries, leverage, transparency and supervision (hereafter AIFM-delegated regulation); and
- Regulation on transparency of Securities Financing Transactions and of reuse (hereafter: SFTs Regulation).

Important considerations for using this checklist:

The following important considerations apply for using this checklist:

1. The definitions used are in accordance with the Wft. For additional references you have to consult the Wft. You can use the following [link](#).
2. The Wft requirements and references in this checklist are presented as at 1 November 2022. The user of this checklist is responsible to determine whether any relevant change occurred after this date. Consult your legal advisor, if deemed necessary.
3. The checklist applies only to (AIFMs) AIFs offering units in the Netherlands. Other countries may have different or additional rules.
4. Guidance of the national supervisory authorities (AFM/DNB) and the European supervisory authority (ESMA) are not incorporated in this checklist.
5. Any specific sector guidance is not incorporated in this checklist.
6. This checklist does not guarantee a complete overview of the legal requirements regarding the prospectus. This checklist only outlines which information should be incorporated in the prospectus. The checklist does not provide any further details on how these requirements should be interpreted.

Please contact one of the contact persons, as referred to at the end of this document, if you have any questions with respect to this checklist.

Part 1

These requirements apply to a prospectus of an AIF where units are offered to professional and/or retail investors.

Article 4:37l Wft

1. If the AIFM offers units in an investment institution managed by him in The Netherlands, he will provide the investors with a prospectus over the AIF before they acquire the units.
2. The AIFM will update the prospectus, as mentioned in Article 4:37l (1), as soon as there is reason to do so.
3. If an investment institution consists of sub funds, the AIFM includes the conditions which apply specifically to each sub fund in the prospectus of the investment institution.
4. Rules are set by or pursuant to General Administrative Regulation with regard to the prospectus as mentioned Article 4:37l (1).
5. Article 4:37l (1) to (4) does not apply to AIFMs who manage investment institutions with transferable units, the units of which are at the participants' request, repurchased or redeemed, directly or indirectly, out of the assets, as far as the investment institution is required under the Prospectus Regulation to prepare a prospectus.

Article 115j BGfo

The prospectus as mentioned in Article 4:37l (1) contains at least the information as stated in Article 23(1) and (2) first sentence of the AIFMD.

Part 2

Additional requirements for specific AIFs

The requirements below apply to a prospectus of an AIF who participates in securities financing transactions. These requirements apply to both AIFs and UCITS. In the articles below, each reference to UCITS has been removed to increase the readability of the articles.

Regulation EU/2015/2365 (SFTs Regulation)

Article 14 Transparency of collective investment undertakings in pre-contractual documents

Article 14 (1)

The UCITS prospectus referred to in Article 69 of Directive 2009/65/EC, and the disclosure by AIFMs to investors referred to in Article 23(1) and (3) of Directive 2011/61/EU shall specify the Securities Financing Transactions (SFTs) and total return swaps which AIFMs respectively, are authorized to use and include a clear statement that those transactions and instruments are used.

Article 14 (2)

The prospectus and the disclosure to investors referred to in paragraph 1 shall include the data provided for in Section B of the Annex (see below).

Article 14 (3)

In order to reflect evolving market practices or to ensure uniform disclosure of data, ESMA may, taking into account the requirements laid down in Directives 2009/65/EC and 2011/61/EU, develop draft regulatory technical standards further specifying the content of Section B of the Annex.

In preparing the draft regulatory technical standards referred to in the first subparagraph, ESMA shall take into account the need to allow for a sufficient time before their application.

Power is delegated to the Commission to adopt the regulatory technical standards referred to in the first subparagraph in accordance with Articles 10 to 14 of Regulation (EU) No 1095/2010.

Section B of the Annex	PAGE	COMMENTS

b.	how a unitholder in the AIF can convert an investment in one type of units to another offered type of units in the AIF and the associated costs for the unitholder.		
7.12	In the case of a AIF whose units are repurchased or repaid out of the assets at the unitholders' request, either directly or indirectly, insofar as reasonably foreseeable: the cases in which the repurchase of the units or the repayment of the value of the units may be suspended in the interest of the unitholders', and the manner in which the repurchase and repayment, respectively, may be suspended.		
7.13	In the case of a AIF whose units are repurchased or repaid directly, or indirectly out of the assets, at the unitholders' request: a statement to the effect that there are sufficient guarantees to ensure that, subject to statutory provisions and the cases referred to in section 7.12, the repurchase and repayment obligation can be fulfilled.		
7.14	If it concerns a investment company as referred to in Article 126(2) (Article 126 is withdrawn as of 15 March 2016): the regulated market or the other market in financial instruments in the trading state whose quotation determines the price for the transactions that are performed by the investment companies in that state outside the regulated market or the market in financial instruments.		
8.	Information on the risk profile		
8.1	A statement to the effect that the value of the investments may either increase or decrease, and that the investors may not receive the full amount of the investment.		
8.2	A description of each risk which investors may run on their investment, insofar as this risk is significant and relevant in the light of its consequences and probability. This description must contain a brief and clear explanation of each specific risk arising from a particular investment policy or relating to specific markets relevant to the AIF, including:		
a.	the risk of the entire market or an investment category plummeting, which will affect the price and value of the investments;		
b.	the risk of an issuing institution or a counterparty defaulting;		

		PAGE	COMMENTS
c.	if applicable: the risk that a settlement via a payment system does not take place in accordance with expectations, because the payment or the transfer of the financial instruments by a counterparty does not take place or takes place later than expected;		
d.	the risk that a position cannot be liquidated in time at a reasonable price;		
e.	the risk that the value of an investment is affected by exchange rate fluctuations;		
f.	if applicable: the risk of losing assets placed in custody as a result of insolvency, negligence or fraudulent acts on the part of the custodian or a sub-custodian; and		
g.	the risk attached to a strong concentration of the investments in particular types or on particular markets.		
8.3	Where applicable, the description referred to in section 8.2 shall also address the following factors that may affect the AIF:		
a.	the yield risk, including the fact that the risk may vary in accordance with the choices possible under the investment policy, as well as the existence or absence of, or limitations to, any third-party guarantees;		
b.	risks to the capital, including the potential risk of erosion caused by unit withdrawals and profit distributions that exceed the investment return;		
c.	the dependence on a provider's or guarantor's performance, if the investment in the product entails a direct investment in a provider rather than an investment held by the provider;		
d.	the inflexibility inherent in the product itself, including the risk of premature surrender, and restrictions on switching to other providers;		
e.	the inflation risk;		
f.	the risk of uncertainty about external factors, such as the applicable tax regime.		
8.4	The information referred to in sections 8.1 to 8.3 shall be presented in order of importance, to be determined on the basis of the size and relevance of the risks.		
8.5	If applicable: a separate and identifiable statement to the effect that an investment institution is divided into different categories of unitholders, whereby a separate investment policy applies to each individual category and one or more categories of unitholders may run financial risks under the investment policy that go beyond the capital which they accumulated for investment in the AIF.

8.6	If the AIF borrows or lends financial instruments:		
a.	the maximum percentage of financial instruments that may be borrowed or lent in relation to the investment portfolio;		
b.	a description of the security obtained by the AIF;		
c.	a description of the types of institutions from which or to which financial instruments may be borrowed and lent, respectively; and		
d.	the risks attached to securities borrowing or lending.		
8.7	If the AIF invests funds borrowed on behalf or at the expense and risk of the unitholders:		
a.	the risks attached to investing funds borrowed on behalf or at the expense and risk of the unitholders in the AIF;		
b.	mentioning of any obligation for the unitholders in the AIF to make up possible deficits of the AIF if the losses exceed the investment; and		
c.	mentioning of the maximum size of the investments that may be purchased with borrowed funds. This maximum size may be indicated as an absolute value or as a percentage of the managed assets.		
9.	Information on termination of the AIF		
	A description of the manner in which and the terms and conditions on which the termination and liquidation of the AIF will take place, in particular in relation to the rights of the unitholders in the AIF.		
10.	Information on meetings of the unitholders		
10.1	The situations in which meetings of unitholders in the AIF will be held, the regulations for convening these meetings and the manner in which the voting right is arranged.		
11.	Information about the valuation of the assets		
11.2	Disclosing the fact that the net asset value of the units in the AIF will be disclosed on the AIFM website.		
11.3	Disclosing of the circumstances under which and the manner in which unitholders will be compensated for an incorrectly calculated net asset value, in particular any maximum percentage of deviation, measured against the correctly calculated net asset value, for which compensation is granted.

12.	Information on the tax system		
12.1	A brief description of the tax system applicable to AIF; including, where applicable, an indication that withholding tax will be deducted from revenue and capital gains which the AIF pays out to unitholders.		
12.2	Officially published amendments to the applicable tax system of which it is certain that they will enter into force unchanged in terms of form and content, insofar as these amendments are of direct importance to the unitholders in the AIF.		
13.	Information regarding the policy on voting rights and voting behavior		
	A description of the policy regarding the voting rights and voting behavior of the AIF in respect of shares in other enterprises.		

Part 4

The prospectus should take into account the sustainability disclosure requirements as set out in the Sustainable Finance Disclosure Regulation in the financial services sector EU/2019/2088 (SFDR).

The SFDR prescribes transparency rules on sustainability by financial market participants (including AIFMs) and financial advisors. The European Commission announced that the implementation of the substantive technical standards will enter into force as of 1 January 2023. These are the requirements under level 2 of the SFDR.

General

On the basis of these requirements, (managers of) AIFs must include the following information in the prospectus:

- **Information on integrating sustainability risks into the investment policy:**
(Managers of) AIFs explain in the prospectus how sustainability risks are integrated into their investment decisions and the expected impact of these risks on the return of the AIF. Where (managers of) AIFs consider sustainability risks to be irrelevant, they must explain in the prospectus why they consider this to be the case. The requirements are described in Article 6 of the SFDR.
- **Information on sustainability characteristics of the product:**
The information on sustainability characteristics of the product to be included depends on the categorization of the type of AIF:
 - If an AIF qualifies as an AIF that promotes ecological or social characteristics, the information from Article 8 of the SFDR must be included;
 - If an AIF qualifies as an AIF for sustainable investments, the information from Article 9 of the SFDR must be included; or
 - If an AIF does not qualify as durable, no information needs to be included regarding Article 8 or 9 (**note** - you should always include the information pursuant to Article 6 in the prospectus).

Appendix

Articles of laws, referred to in the checklist

Articles from the AIFM-Directive (2011/61/EU)

Article 9 (7) (further elaborated in Regulation (EU) No. 231/2013, Article 12 to 15):

To cover potential professional liability risks resulting from activities AIFMs may carry out pursuant to this Directive, both internally managed AIFs and external AIFMs shall either:

- a) have additional own funds which are appropriate to cover potential liability risks arising from professional negligence; or
- b) hold a professional indemnity insurance against liability arising from professional negligence which is appropriate to the risks covered.

Article 19 (further elaborated in Regulation (EU) No. 231/2013, Article 67 to 74):

1. AIFMs shall ensure that, for each AIF that they manage, appropriate and consistent procedures are established so that a proper and independent valuation of the assets of the AIF can be performed in accordance with this Article, the applicable national law and the AIF rules or instruments of incorporation.
2. The rules applicable to the valuation of assets and the calculation of the net asset value per unit or share of the AIF shall be laid down in the law of the country where the AIF is established and/or in the AIF rules or instruments of incorporation.
3. AIFMs shall also ensure that the net asset value per unit or share of AIFs is calculated and disclosed to the investors in accordance with this Article, the applicable national law and the AIF rules or instruments of incorporation.

The valuation procedures used shall ensure that the assets are valued and the net asset value per unit or share is calculated at least once a year.

If the AIF is of the open-ended type, such valuations and calculations shall also be carried out at a frequency which is both appropriate to the assets held by the AIF and its issuance and redemption frequency.

If the AIF is of the closed-ended type, such valuations and calculations shall also be carried out in case of an increase or decrease of the capital by the relevant AIF.

The investors shall be informed of the valuations and calculations as set out in the relevant AIF rules or instruments of incorporation.

4. AIFMs shall ensure that the valuation function is either performed by:
 - a) an external valuer, being a legal or natural person independent from the AIF, the AIFM and any other persons with close links to the AIF or the AIFM; or
 - b) the AIFM itself, provided that the valuation task is functionally independent from the portfolio management and the remuneration policy and other measures ensure that conflicts of interest are mitigated and that undue influence upon the employees is prevented.

The depositary appointed for an AIF shall not be appointed as external valuer of that AIF, unless it has functionally and hierarchically separated the performance of its depositary functions from its tasks as external valuer and the potential conflicts of interest are properly identified, managed, monitored and disclosed to the investors of the AIF.

5. Where an external valuer performs the valuation function, the AIFM shall demonstrate that:
 - a) the external valuer is subject to mandatory professional registration recognised by law or to legal or regulatory provisions or rules of professional conduct;
 - b) the external valuer can provide sufficient professional guarantees to be able to perform effectively the relevant valuation function in accordance with paragraphs 1, 2 and 3; and
 - c) the appointment of the external valuer complies with the requirements of Article 20(1) and (2) and the delegated acts adopted pursuant to Article 20 (7).
6. The appointed external valuer shall not delegate the valuation function to a third party.
7. AIFMs shall notify the appointment of the external valuer to the competent authorities of their home Member State which may require that another external valuer be appointed instead, when the conditions laid down in paragraph 5 are not met.
8. The valuation shall be performed impartially and with all due skill, care and diligence.
9. Where the valuation function is not performed by an independent external valuer, the competent authorities of the home Member State of the AIFM may require the AIFM to have its valuation procedures and/or valuations verified by an external valuer or, where appropriate, by an auditor.
10. AIFMs are responsible for the proper valuation of AIF assets, the calculation of the net asset value and the publication of that net asset value. The AIFM's liability towards the AIF and its investors shall, therefore, not be affected by the fact that the AIFM has appointed an external valuer.

Notwithstanding the first subparagraph and irrespective of any contractual arrangements providing otherwise, the external valuer shall be liable to the AIFM for any losses suffered by the AIFM as a result of the external valuer's negligence or intentional failure to perform its tasks.

11. The Commission shall adopt, by means of delegated acts in accordance with Article 56 and subject to the conditions of Articles 57 and 58, measures specifying:
 - a) the criteria concerning the procedures for the proper valuation of the assets and the calculation of the net asset value per unit or share;
 - b) the professional guarantees the external valuer must be able to provide to effectively perform the valuation function;
 - c) the frequency of valuation carried out by open-ended AIFs which is both appropriate to the assets held by the AIF and its issuance and redemption policy.

Article 21 (13) (further elaborated in Regulation (EU) No. 231/2013, Article 100):

The depositary's liability shall not be affected by any delegation referred to in paragraph 11. Notwithstanding the first subparagraph of this paragraph, in case of a loss of financial instruments held in custody by a third party pursuant to paragraph 11, the depositary may discharge itself of liability if it can prove that:

- a) all requirements for the delegation of its custody tasks set out in the second subparagraph of paragraph 11 are met;
- b) a written contract between the depositary and the third party expressly transfers the liability of the depositary to that third party and makes it possible for the AIF or the AIFM acting on behalf of the AIF to make a claim against the third party in respect of the loss of financial instruments or for the depositary to make such a claim on their behalf; and
- c) a written contract between the depositary and the AIF or the AIFM acting on behalf of the AIF, expressly allows a discharge of the depositary's liability and establishes the objective reason to contract such a discharge.

Article 22 (further elaborated in Regulation (EU) No. 231/2013, Article 103 and 104):

1. An AIFM shall, for each of the EU AIFs it manages and for each of the AIFs it markets in the Union, make available an annual report for each financial year no later than 6 months following the end of the financial year. The annual report shall be provided to investors on request. The annual report shall be made available to the competent authorities of the home Member State of the AIFM, and, where applicable, the home Member State of the AIF.

Where the AIF is required to make public an annual financial report in accordance with Directive 2004/109/EC only such additional information referred to in paragraph 2 needs to be provided to investors on request, either separately or as an additional part of the annual financial report. In the latter case the annual financial report shall be made public no later than 4 months following the end of the financial year.

2. The annual report shall at least contain the following:
 - a) a balance-sheet or a statement of assets and liabilities;
 - b) an income and expenditure account for the financial year;
 - c) a report on the activities of the financial year;
 - d) any material changes in the information listed in Article 23 during the financial year covered by the report;

- e) the total amount of remuneration for the financial year, split into fixed and variable remuneration, paid by the AIFM to its staff, and number of beneficiaries, and, where relevant, carried interest paid by the AIF;
 - f) the aggregate amount of remuneration broken down by senior management and members of staff of the AIFM whose actions have a material impact on the risk profile of the AIF.
3. The accounting information given in the annual report shall be prepared in accordance with the accounting standards of the home Member State of the AIF or in accordance with the accounting standards of the third country where the AIF is established and with the accounting rules laid down in the AIF rules or instruments of incorporation.

The accounting information given in the annual report shall be audited by one or more persons empowered by law to audit accounts in accordance with Directive 2006/43/EC of the European Parliament and of the Council of 17 May 2006 on statutory audits of annual accounts and consolidated accounts (26). The auditor's report, including any qualifications, shall be reproduced in full in the annual report.

By way of derogation from the second subparagraph, Member States may permit AIFMs marketing non-EU AIFs to subject the annual reports of those AIFs to an audit, meeting international auditing standards in force in the country where the AIF has its registered office.

4. The Commission shall adopt, by means of delegated acts in accordance with Article 56 and subject to the conditions of Articles 57 and 58, measures specifying the content and format of the annual report. Those measures shall be adapted to the type of AIF to which they apply.

Article 23, sub 1

1. AIFMs shall for each of the EU AIFs that they manage and for each of the AIFs that they market in the Union make available to AIF investors, in accordance with the AIF rules or instruments of incorporation, the following information before they invest in the AIF, as well as any material changes thereof:
- (a) a description of the investment strategy and objectives of the AIF, information on where any master AIF is established and where the underlying funds are established if the AIF is a fund of funds, a description of the types of assets in which the AIF may invest, the techniques it may employ and all associated risks, any applicable investment restrictions, the circumstances in which the AIF may use leverage, the types and sources of leverage permitted and the associated risks, any restrictions on the use of leverage and any collateral and asset reuse arrangements, and the maximum level of leverage which the AIFM are entitled to employ on behalf of the AIF;
 - (b) a description of the procedures by which the AIF may change its investment strategy or investment policy, or both;
 - (c) a description of the main legal implications of the contractual relationship entered into for the purpose of investment, including information on jurisdiction, on the applicable law and on the existence or not of any legal instruments providing for the recognition and enforcement of judgments in the territory where the AIF is established;

- (d) the identity of the AIFM, the AIF's depositary, auditor and any other service providers and a description of their duties and the investors' rights;
- (e) a description of how the AIFM is complying with the requirements of Article 9(7);
- (f) a description of any delegated management function as referred to in Annex I by the AIFM and of any safekeeping function delegated by the depositary, the identification of the delegate and any conflicts of interest that may arise from such delegations;
- (g) a description of the AIF's valuation procedure and of the pricing methodology for valuing assets, including the methods used in valuing hard-to-value assets in accordance with Article 19;
- (h) a description of the AIF's liquidity risk management, including the redemption rights both in normal and in exceptional circumstances, and the existing redemption arrangements with investors;
- (i) a description of all fees, charges and expenses and of the maximum amounts thereof which are directly or indirectly borne by investors;
- (j) a description of how the AIFM ensures a fair treatment of investors and, whenever an investor obtains preferential treatment or the right to obtain preferential treatment, a description of that preferential treatment, the type of investors who obtain such preferential treatment and, where relevant, their legal or economic links with the AIF or AIFM;
- (k) the latest annual report referred to in Article 22;
- (l) the procedure and conditions for the issue and sale of units or shares;
- (m) the latest net asset value of the AIF or the latest market price of the unit or share of the AIF, in accordance with Article 19;
- (n) where available, the historical performance of the AIF
- (o) the identity of the prime broker and a description of any material arrangements of the AIF with its prime brokers and the way the conflicts of interest in relation thereto are managed and the provision in the contract with the depositary on the possibility of transfer and reuse of AIF assets, and information about any transfer of liability to the prime broker that may exist;
- (p) a description of how and when the information required under paragraphs 4 and 5 will be disclosed.

Article 23 (4) (further elaborated in Regulation (EU) No. 231/2013, Article 103 and 104):

AIFMs shall, for each of the EU AIFs that they manage and for each of the AIFs that they market in the Union, periodically disclose to investors:

- a) the percentage of the AIF's assets which are subject to special arrangements arising from their illiquid nature;
- b) any new arrangements for managing the liquidity of the AIF;
- c) the current risk profile of the AIF and the risk management systems employed by the AIFM to manage those risks.

Article 23 (5):

AIFMs managing EU AIFs employing leverage or marketing in the Union AIFs employing leverage shall, for each such AIF disclose, on a regular basis:
