

# Supporting Nourish Trust

*In September 2022, KPMG Wellington hosted a successful fundraiser for long-standing community partner, Nourish Trust.*

KPMG joined forces with Nourish Trust and hosted their first ever Charity Auction fundraiser, which was a resounding success, raising over \$35,000! Officers Minogue and O’Leary of ‘Wellington Paranormal’ were on hand to run the show, and it was an all-round great night.

Nourish@Christmas co-founders Claire and Gabe provide support and care for our local communities through providing nutritious food to families and school children at what can be a tough time of year. By providing food hampers, Nourish aims to remove some of the pressure associated with the Christmas season, and perhaps help families have a treat on Christmas day, free up some funds for urgent bills or perhaps to provide gifts for the family when they may usually go without. At \$150 per hamper this is no small undertaking; at 1,500 hampers, Nourish need to raise \$225,000 for this milestone moment.

KPMG have been long-time supporters of Nourish, and we were delighted to support them again with this amazing event.
