

Wharenui School

Serving up kai and connection!

The KPMG team are always happy to help out feeding the students, whether it be running a fundraising sausage sizzle, or serving up meals to over 60 kids at the Year 5 & 6 Living Springs Camp.

The camp also provided the opportunity to oversee team building activities and supervise kids' swimming.

Career pathways discussion

In 2022, the Christchurch office team enjoyed leading a "Career Pathways Discussion" with the senior students.

Our staff explained their subject choices at school and further education, giving the students insight into the backgrounds and career journeys of people in a professional services firm.

Motto: ONWARD
