June 2023

Kia ora

Welcome to our latest news and insights.

Last month we launched [Tōmua](#), our economic and social impact approach that is changing the way we deliver some of the most important mahi we do. We have launched a unique range of tools embedded in a whakapapa of connected frameworks that collectively work to support transformation, design for equitable outcomes, and encompass a Māori worldview. We developed Tōmua alongside an expert panel of Māori advisors to ensure we had the right systems in place to appropriately protect and acknowledge mātauranga Māori.

The sexual exploitation and abuse of children is a troubling and multifaceted issue that affects countries worldwide, including New Zealand. Sadly, rates of such incidents are on the rise and need to be addressed urgently. A thought-provoking panel discussion, co-hosted with [ACAMS](#), explored child sexual exploitation, abuse, and trafficking in New Zealand and the Pacific, informed by [It's a Penalty's Common Protect](#) report. Our panel of representatives from NZ Police, Department of Internal Affairs, NZ Customs, Child Matters and World Vision NZ shared their work in this space. To find out more, get in touch with our human rights expert [Gemma Livingston](#).
