

Career start Advisory

KPMG supports companies that operate in a fast-paced world of globalization and growth, empowering them to seize opportunities and handle risks. Our expertise enables us to provide innovative advice to clients in any business context on issues relating to company management, transactions, regulatory and legal frameworks and information technology.

Consulting

In the Consulting department, we help our clients continuously improve their efficiency. This includes process enhancement, risk mitigation and cost reductions. Our experts in IT Advisory help clients get the most out of their IT solutions. This includes defining an IT strategy and making sure that IT security is in place at all times, as well as information management. Our Supply Chain Management & Procurement team answers questions relating to the value chain, starting with procurement to production and right up to logistics. Our Financial Management supports CFOs in bringing their financial departments up to speed and in identifying the most meaningful financial performance indicators, enabling the reliable management of companies. Our Healthcare team advises hospitals and healthcare institutions on how to create transparency with regard to costs, process efficiency and profitability.

Forensic

Our white-collar crime experts deal with all aspects of misconduct, fraud, white-collar crime and infringements of regulations in organizations. We provide our clients with support in the prevention, detection and handling of misconduct. Our aim is to reduce risk for our clients and to minimize potential damage arising from misconduct. We work discreetly and in close cooperation with our clients and their advisors, based on the facts and in compliance with official regulations

Deal Advisory

Our Deal Advisory department supports our clients in the manifold aspects of transactions or restructuring – starting with the development of a strategy up to its successful implementation. We offer holistic solutions for decisions regarding sales, purchases, joint ventures, financing and restructuring, and are specialized in consulting companies on strategy, financing, M&A, valuations, financial analysis, due diligence and restructuring.
