

KPMG's Global Japanese Practice

ABOUT THE PRACTICE

ABOUT THE PRACTICE

The Global Japanese Practice of the worldwide KPMG network supports Japanese companies with global operations, as well as non-Japanese companies needing strategy assistance in Japan. The practice was established in 1978, and comprises professionals who team up with their colleagues of the KPMG network worldwide to provide a full range of audit, tax and advisory services.

Our extensive knowledge and understanding of both the Belgian and Japanese markets, as well as global markets, help you anticipate, understand and manage the many commercial and country specific challenges your organization is facing.

KPMG APPROACH

The Global Japanese Practice in Belgium consists of one Japanese professional and four professionals specialized in Audit, Tax, Advisory and Legal services respectively. They act as a single point of contact for the following services provided by the KPMG network:

Audit

- Financial Statement Audit
- Attestation Services
- IFRS

Tax

- Corporate Tax Services
- Indirect Tax Services
- Transfer Pricing Services
- People Services
- Mergers & Acquisitions

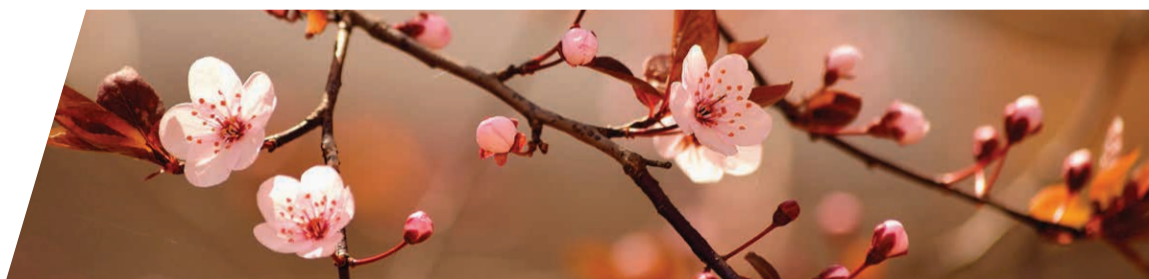

Legal*

- Corporate and business law
- Real Estate law
- Employment law
- Public law
- Tax law

*Services rendered in collaboration with K law **

Advisory

- | | | |
|---------------------------|--|------------------------|
| → Asset Management | → Actuarial Services | → Corporate Finance |
| → Financial Management | → Financial Risk Management | → Restructuring |
| → IT Advisory | → Forensic | → Transaction Services |
| → Operational Improvement | → Internal Audit, Risk & Compliance Services | |
| → People & Change | | |
