

WE'RE LOOKING FOR SOMEONE WHO'S A BREED APART.

HERE.

AND HERE TOO.

Aurivo is one of Ireland's leading agrifood businesses. It is headquartered in Sligo and is a successful global player employing more than 700 people with a turnover in excess of €420 million.

GENERAL MANAGER

AGRIBUSINESS, ANIMAL FEED, RETAIL STORES

Its Agribusiness Division specialises in the supply of farm inputs and country living retail and is a key component of the business. It has enjoyed significant investment and growth over the past five years and is ambitious in its future growth plans and strategies.

We are seeking to recruit a General Manager who, reporting directly to the Chief Executive, will lead and drive the Division's continued successful growth and development through strong day to day operational and retail management and dynamic strategic and commercial direction with an emphasis on continuous improvement. You will have full responsibility for all of the Division's activities, budgets and performance metrics. You will maintain and build strong and effective relationships with both suppliers and customers while leading a motivated and focussed management team. As a key member of Aurivos' senior executive team you will be expected to make a significant contribution to the overall strategic management and direction of the company.

You should have a business degree and at least five years senior operational management experience within the Agribusiness sector. A knowledge of retail management would be a major advantage. Experience in the management of change and continuous improvement is essential as are strong leadership and teambuilding skills. An attractive and performance related remuneration package will be on offer.

Candidates should send full personal and career details, quoting reference number 6305, to John McCullough, KPMG Executive Search & Selection, 1 Stokes Place, St Stephen's Green, Dublin 2. Tel: 01 410 1820. Email: ess@kpmg.ie

Or for a confidential conversation, please call John on 01 410 1820.
