# A Message from Our Chairman and CEO

Operating in a dynamic business environment characterized by rapid change, innovation and uncertainty can be quite challenging. That is why it is important for businesses to be anchored by their purpose and be guided by their values. In our firm, our purpose is clear – To Inspire Confidence, Empower Change – and we do this by abiding by our values of Integrity, Excellence, Courage, Together, and For Better.

To ensure that we make a positive impact to our people, clients, communities, and stakeholders, we committed to enact positive change across the four pillars of Planet, People, Prosperity and Governance. In our 2023 Impact Plan update, we detail our environmental, social and governance efforts under these four Pillars, highlighting what we have done so far to operationalize our commitments and embed our values into our culture. Additionally, we have critically assessed where we are in shaping a better future through our continuous improvement in our systems, policies, and procedures to harness our capabilities of addressing evolving challenges to bring about enduring, impactful change and contribute to sustainable development at the local and global scales.

In the pages ahead, you will see that our pillars provide a framework for sharing our progress.

As a glimpse of our efforts over the past years, we have achieved significant milestones in each of our four priority areas. Our recent certification as a Great Place to Work and our recognition as one of the Philippines' Best Employers echo the progress we've made in promoting inclusivity, supporting our employees and championing ESG principles. These are just a few examples of the actions we are taking to fulfill our responsibility. We have implemented environmental initiatives such as waste segregation programs, operational waste reduction, and energy-efficient measures in our offices. We have also continued to give back to the local communities through scholarships, donations and volunteering activities. By embedding ESG considerations at the core of our operations, we envision a carbon neutral, trustworthy and responsible organization that prioritizes the planet and society as a whole.

Naturally, we recognize there is more work to be done to meet the expectations and needs of our stakeholders. With this, we remain committed to being transparent about our progress. Our aim is for our team, clients and everyone who relies on us to have a clear understanding of where we stand now and where we are headed.

The synergy within our firm reinforces my confidence that, through our combined efforts and a united commitment to excellence, we can achieve and even surpass our goals. With every individual playing a crucial role, our combined efforts become the driving force propelling us towards success and sustained impact.

Guided by our Impact Plan, we remain committed to our collaborative efforts and prioritizing what truly matters, together.

# A Message from Our Vice Chairman and COO and Head of Advisory

At KPMG in the Philippines, we recognize our responsibility to lead by example. Though our ESG services multiply our own positive impact through helping clients transform their businesses – we must walk the talk. We are holding ourselves accountable to our Impact commitments to deliver on our purpose to Inspire Confidence, Empower Change.

Our 2023 Impact Plan update stands as a pivotal milestone, providing a comprehensive reflection on our progress, goals and commitments within our sustainability journey. Under the Governance Pillar, upholding ethical business conduct remains ingrained in our corporate ethos, with the Department of Professional Practice (DPP) and Risk Management (RM) teams continually enhancing data and information security through policy enhancements, procedural refinements, strengthened controls and training initiatives. Our governance policies, including our Code of Conduct, serve as pillars ensuring exceptional professional services, accountability and transparency to stakeholders.

Meanwhile, for the People Pillar, our People, Performance & Culture (PPC) Department remains steadfast in fostering an inclusive community. Emphasizing talent attraction, retention and job creation, we actively provide internship opportunities to students and facilitate employment after completing their studies to contribute to sustainable workforce development.

Under the Planet Pillar, the efforts of our Administration department are underway to reduce waste disposal by providing alternative destinations for waste recycling and implementing resource efficiency measures for energy and water consumption.

Lastly, for our Prosperity Pillar, we promote and support our team members in contributing to nation-building. This involves dedicating their time and resources to engage in volunteer activities, often in partnership with different non-government organizations.

It is evident that each member of our team plays an integral role in creating a continuous cycle of positive change, and we trust that the collective efforts made in these endeavors not only enrich the overall well-being of our team and the organization but also benefit the communities we serve.

Our commitment to sustainability is not just a statement; it is a shared vision and a call to action. As we forge ahead, we remain inspired by the impact we can collectively create, confident in our ability to contribute meaningfully to a more sustainable future.

# A Message from Our ESG Lead

Our work on ESG and Sustainability at KPMG in the Philippines goes beyond compliance—it is about creating impactful and purposeful solutions addressing the complex and ever-changing ESG issues that our civilization faces today, which we do hand in hand with our clients and stakeholders. For KPMG in the Philippines, we see the sustainability landscape as a fundamental opportunity for innovation, growth, and purpose-led, impact-driven, long-term value creation to respond to the concerns of our clients and other stakeholders.

In our first Impact Plan update, we have worked towards our commitments we have developed in 2022. We have taken actions for these commitments across our four Pillars:

**Governance:** Our purpose and values lie at the heart of the way we do things and determine how we work together and with our clients and stakeholders. Under our Global Code of Conduct, we have continually upheld the highest ethical standards of personal and professional behavior even in challenging situations. In FY 2023, we have achieved significant milestones that display our commitment to integrity, ethical practices, compliance with laws and regulations, and transparency and accountability – achieving a 100% completion rate of our KPMG Integrity Training, fostering a culture of ethical behavior among our employees, and continually reporting zero cases of non-compliance with laws and regulations, bribery and corruption, discriminatory behavior and notifiable data breaches. We have also promoted digitalization as a means to improve transparency and accountability through KPMG PH's Digital Government Center.

**People:** We have expanded our Diversity, Inclusion and Equity initiatives through our annual celebrations to support the LGBTQ community and promote Women Empowerment. Our female representation in our workforce has remained high, with 70% among our employees, and 47% in partnership positions. We have also worked to further enhance our employees' health and well-being by providing comprehensive benefits that support their holistic well-being, financial assistance programs, the #KPMGishereforyour Program, hobby clubs to enrich personal

development, and through the Work for Excellence working arrangement. We have also launched various learning and development programs to foster a learning culture not only for our employees but also to the Philippine youth. In FY 2023, we have launched our ESG Curriculum to align our employees with the organization's focus on sustainability and responsible business practices. To protect human rights, we have championed an inclusive and collaborative culture that is free from bullying, discrimination and harassment.

**Planet:** This year, we have focused our efforts on establishing data collection systems to measure our impacts on emissions, energy, waste and water. We are aiming to release our baseline environmental performance in the coming years and report the same. Currently, we have made progress in transitioning to more environmental friendly alternatives such as LED lighting, energy efficient appliances, and eco-friendly materials. Notably, 100% of our procurement budget was spent on local suppliers, thereby promoting local economic growth and contributing to the success of these local businesses.

**Prosperity:** In FY 2023, we have expanded our service lines by an average of 16% to meet the changing needs of our clients and contribute to purposeful business practices. We were awarded as the Philippines' Tax Firm of the Year which demonstrates our dedication to delivering value our clients. Over the past year, we have spent 3,179 hours of giving back to our communities through volunteering and spent PhP 270,000 worth of community investments through donations to various philanthropic organizations focused on education, humanitarian assistance, and financial assistance to underserved communities.

In this report, you will find additional facts, figures and detail and on these accomplishments. Although we are proud of our progress, we still have a long way to go. We will continue to strive to evolve as a global leader in sustainability. We will continually seek to improve the effectiveness of our efforts by taking on key environmental, social and governance imperatives and involving all our employees, clients and stakeholders to create a continuous cycle of positive outcomes. We look forward to sharing our ESG journey with you.

# Sustainability at KPMG in the Philippines

At KPMG in the Philippines, success is measured not only by financial prosperity but also by the positive impact we make on our people, clients, and communities. Central to our mission is our commitment to sustainability viewed through the lens of our interconnected pillars.

# Our Pillars that Drive Change

KPMG is dedicated to establishing our approach to Sustainability Reporting. We believe that over time, our reports will shift to embrace the updated guidelines and adopt to the global and local ESG reporting landscape.

For our 2023 update, we've disclosed our contributions to the UN Sustainable Development Goals (UN SDGs) and aligned with the UN Global Compact Principles. KPMG's longstanding dedication to conducting business responsibly is reaffirmed in our 2023 Impact Plan Update.

- ▶ Champion diversity, inclusion, and gender equality where everyone can thrive and make opportunities for themselves and others
- ▶ Protect the physical and mental health and well-being of our people
- ▶ Foster a learning culture where our people continuously grow and develop their essential and technical skills
- ▶ Respect and defend human rights

- ▶ Reduce our carbon footprint
- ▶ Report our carbon footprint and climate performance
- ▶ Drive sustainable climate practices in our operations

### Purposeful Business:

- ▶ Operate the business in accordance with our purpose – to inspire confidence and empower change
- ▶ Do work that matters which can create a positive difference for our clients, people, and communities
- ▶ Lead the profession in audit quality

### Education and Communities:

- ▶ Uplift our communities through the KPMG R.G. Manabat Foundation which aims to improve communities through education, scholarship and community development programs
- ▶ Champion education through scholarships and other knowledge-sharing activities

- ▶ Act lawfully, ethically, and in the public interest
- ▶ Work against corruption in all its forms
- ▶ Maintain client confidentiality

# How We Value Our Stakeholders

Engaging with our stakeholders involves identifying and prioritizing stakeholder groups that reasonably impact or can be impacted by our business operations. We have identified three primary stakeholder groups.

Operational	Our key clients and markets that we provide our services to, our employees, as well as suppliers/vendors who contribute to the growth and success of the firm.
Strategic	Government bodies and public institutions that support our economic contribution, growth and sustainability. These stakeholders can also influence policies, laws, regulations and public decision-making.
Customary	Local communities and vendors/suppliers that do not directly influence our business, yet we deem as important.

We strive to maintain consistent engagement channels with our identified key stakeholders to ensure mutual understanding and facilitate collaboration.

# **Business Highlights and Recognitions**

# Awards and Recognition

KPMG R.G. Manabat & Co. has consistently demonstrated excellence in the realm of taxation, earning Tier 1 designations in Transfer Pricing Practice, Tax Practice, and General Corporate Tax practices by the esteemed International Tax Review (ITR) from 2018 to 2022. In 2023, the firm was named Philippines Tax Firm of the Year by the ITR. These recognitions attest to our unwavering commitment to delivering top-tier services.

Moreover, for two consecutive years, R.G. Manabat & Co. was recognized by the Philippine Daily Inquirer and Statista as one of the Philippines' Best Employers in 2022 and 2023. In 2023, our commitment to fostering a positive and inclusive work environment was underscored as we also earned a Great Place to Work certification.

The firm also received recognition at the 2023 Anvil Awards for our outstanding achievement in the PR Tools category, specifically for our excellence in Special Event and Exhibit initiatives. Additionally, our noteworthy accomplishments were acknowledged at the 2022 Blue Prism Partner Excellence Awards, where we were honored as the Regional Best Practice and Implementation Partner: GSI.

These accolades and recognitions serve as a testament to our unwavering commitment to excellence and the collaborative efforts of the team. Looking ahead, we are excited to further contribute to shaping a future marked by continued success, growth and positive impact.

# Governance

- ↳ Act lawfully, ethically, and in the public interest
- ↳ Work against corruption in all its forms
- ↳ Maintain client confidentiality

# Governance

At KPMG in the Philippines, we know that trust is earned by doing what is right. To inspire confidence and empower change, we need to consider the economic, environmental and social impact of our activities, align our financial and societal performance as part of a shift toward stakeholder capitalism, and have strong governance in place to oversee all that we do and ensure that we do it well.

## Our Values that Drive Leadership

### Integrity

We do what is right.

We take full accountability for our actions, even in challenging circumstances. By promptly acting and speaking up, our priority is to uphold honesty, while adhering to ethical and professional standards.

### Together

We respect each other and find strength in our differences.

We foster an environment of inclusivity, safety and belonging through upholding respect and dignity for all. We proactively build and nurture meaningful relationships with individuals from diverse backgrounds, thus driving better outcomes and solidifying our commitment to inclusive leadership.

### Excellence

We never stop learning and improving.

We are dedicated to fostering personal, technical and professional growth. By embracing constructive feedback from one another, we reflect and evolve from both successes and failures.

### For Better

We do what matters.

We go beyond individual concerns and aspire to make a broader impact from local communities to the global stage. We contribute small yet impactful efforts each day to strengthen the future of the firm.

### Courage

We think and act boldly.

We embrace bold thinking and innovative problem-solving. Through candid dialogues and decisive actions, we navigate challenges with a commitment to excellence.

Our governance structure has enabled us to meet the challenges of the changing world and our commitments. As of FY2023, the firm comprises of 44 partners and principals who provide professional services in the fields of audit, tax, and advisory.

# Responsible business practices across services lines

## Act lawfully, ethically, and in the public interest

We are committed to the highest standards of personal and professional behavior in everything we do. Within our [Global Code of Conduct](#), we outline the responsibilities all KPMG employees have to each other, our clients and the public. It shows how our Values and Purpose inspire our greatest aspirations and guide all of our behaviors and actions. It defines what it means to work at and be part of KPMG, as well as our individual and collective responsibilities.

### We Do What is Right: Integrity at KPMG R.G. Manabat & Co.

At KPMG, we uphold a steadfast commitment to acting lawfully, ethically, and in the public interest. This commitment is exemplified through our comprehensive training program, "Integrity at KPMG", which emphasizes doing what is right in all aspects of our work. Our target completion rate for this training is set at **100%**, and we are proud to report that we have successfully achieved this goal, with every member of our team completing the Integrity at KPMG training. This accomplishment reflects our dedication to maintaining the highest standards of integrity and ethical conduct, ensuring that every action we take aligns with our core values and serves the public interest.

### Ethical Culture

We consistently uphold our core values even in challenging situations. The latest 2023 KPMG Global People Survey (GPS) results indicate positive progress in our commitment to ethical conduct.

This underscores our unwavering dedication to fostering an environment where our people feel empowered to report unethical practices without fear of reprisal, reinforcing our commitment to integrity and ethical standards at every level of our organization.

**100%**  
Completion of KPMG  
Integrity Training

**95%**  
of our employees uphold  
KPMG values even when  
under pressure

**89%**  
of our employees think  
they can report unethical  
practices

### Acting in the Public Interest

We aim to foster transformative services across diverse sectors. Our engagements underscore collaborative efforts with various industries, government entities, and beyond, ensuring a collective approach to societal well-being. From redefining fiscal strategies through Finance Transformation to fortifying digital resilience with Cybersecurity, KPMG strategically positions businesses for success in an interconnected world.

# Compliance with Laws and Standards

## Act lawfully, ethically, and in the public interest

KPMG’s Core Values define who we are, what we do, and how we do it. They define our culture and our commitment to the highest principles of personal and professional conduct. Based on KPMG’s Core Values, the [Global Code of Conduct](#) provides the primary standards of ethical conduct to ensure compliance with local laws, policies, and professional standards.

### Compliance with Laws, Local Regulatory Bodies, and Industry Standards

**Zero** cases of non-compliance with laws and regulations

We actively engage in a dynamic regulatory environment by fostering strong relationships with a multitude of key organizations in the professional and business sectors to ensure that our business practices benefit the society and address negative

impacts it might have on society, people and planet through our active collaboration and coordination with regulatory agencies. Notably, KPMG R.G. Manabat & Co. maintains connections with pivotal institutions and organizations such as the:

- ▶ Board of Accountancy
- ▶ Philippine Dealing Exchange
- ▶ Bankers Association of the Philippines
- ▶ Securities and Exchange Commission
- ▶ Philippine Stock Exchange
- ▶ Bureau of Internal Revenue
- ▶ Bangko Sentral ng Pilipinas
- ▶ Anti-Money Laundering Council
- ▶ Insurance Commission
- ▶ Cooperative Development Authority
- ▶ Auditing and Assurance Council
- ▶ Philippine Interpretations Committee
- ▶ Capital Market Development Council
- ▶ Philippine Institute of Certified Public Accountants
- ▶ Association of Certified Public Accountants in Public Practice
- ▶ Financial Executives Institute of the Philippines

These affiliations underscore the firm's commitment to staying informed, compliant and at the forefront of industry standards, ensuring that we responsibly conduct our business practices.

Our commitment to ethical standards is exemplified through its alignment and implementation of the IESBA Code of Ethics for Professional Accountants and the guidelines set by the Board of Accountancy. Upholding these professional standards includes adherence to Philippine Standards on Auditing, Philippine Standard on Quality Management and other relevant issuances of the BOA and other regulatory bodies.

Simultaneously, the firm places a strong emphasis on compliance with Anti-Money Laundering (AML) and Counter-Terrorism Financing (CTF) regulations, as prescribed by the Anti-Money Laundering Council (AMLC). We highly consider regulatory compliance matters that include but not limited to, tax regulations by the Bureau of Internal Revenue, requirements of the Philippine Economic Zone Authority, and the Cooperative Development Authority, as may be applicable to our engagements. This multifaceted compliance approach underscores KPMG's commitment to navigating the complex regulatory landscape of the Philippines with precision and diligence.

<p><b>Compliant with Regulatory Bodies:</b></p> <ul style="list-style-type: none"> <li>▶ Securities and Exchange Commission (SEC)</li> <li>▶ Bangko Sentral ng Pilipinas (BSP)</li> <li>▶ Bureau of Internal Revenue (BIR)</li> </ul>	<p><b>Compliant with Professional Standards:</b></p> <ul style="list-style-type: none"> <li>▶ IESBA Code of Ethics for Professional Accountants</li> <li>▶ Board of Accountancy Guidelines</li> <li>▶ Philippine Standard on Quality Management</li> </ul>	<p><b>Compliant with Laws and Regulations:</b></p> <ul style="list-style-type: none"> <li>▶ Anti-Money Laundering</li> <li>▶ Counter-Terrorism Financing</li> <li>▶ BIR Regulations</li> <li>▶ PEZA Requirements</li> <li>▶ CDA Requirements</li> <li>▶ Data Privacy Act of 2012</li> </ul>

# Transparency, Integrity and Accountability

Act lawfully, ethically, and in the public interest

## KPMG Thought Leadership

Apart from webinars and public engagements, we actively release Thought Leadership articles to showcase our insights and expertise across various business and industry topics and promote transparency.

Authored by KPMG professionals, these articles delve into current trends, challenges, and opportunities, providing strategic insights and recommendations for clients, industry professionals, and the broader business community.

In FY2023, we released 237 Thought Leadership (TL) articles across various topics and sectors.

### Published

**40** Top of Mind

**49** KPMG Perspectives

**237** Thought Leadership

### Thought Leadership articles by topic

### Advancing the Future of Women in Business

While many Philippines companies are recognizing the importance of addressing mental health issues and providing resources to support their employees' well-being, building a culture of malasakit, that resonates with many Filipinos, is something that Philippine companies can also consider. Malasakit is our culture of caring for others and advancing this will help promote personnel looking out for others, offering the support needed, regardless of position or level.

**Sharon G. Dayoan**  
Chairman and CEO, and Head of People, Performance and Culture (PPC)

### Get ready for the next wave of ESG reporting

ESG reporting is becoming increasingly important in the Philippines as companies recognize the value of sustainability and responsible business practices. It is likely that we will see an increased demand for ESG information from investors, regulators and other stakeholders in the future.

**Kristine Aguirre**  
Advisory Partner and ESG Lead

### Embedding ESG into the legal function of the future

"As businesses continue to operate in a post-pandemic world, legal professionals must shift from their traditional advisory roles to an ESG-led legal function offering expert advice while at the same time making purpose-driven and sustainable contributions for the benefit of the community and the environment."

**Emmanuel P. Bonoan**  
KPMG in the Philippines  
Vice Chairman and COO

### Construction in 2030

"The future of engineering and construction in the Philippines is expected to be shaped by various factors in the coming years, including technological advancements, sustainability reporting, infrastructure development, and economic shifts. Hence, business leaders must commit to their ESG goals through data-driven digital innovations, performance evaluation and risk management."

**Michael Arcatomy Guarin**  
Deal Advisory Head and Infrastructure Sector Head

# Transparency, Integrity and Accountability

Act lawfully, ethically, and in the public interest

## Document Management System and Robotic Process Automation

Our strategic initiatives involve optimizing processes through the Document Management System (DMS) and implementing Robotic Process Automation (RPA). Streamlining processes, such as Aging of Employee Balances, Petty Cash, Job Instruction Requisition, and Purchase Order (PO).

The DMS framework aims to minimize manual efforts, enhance efficiency, and align with Global ESG initiatives, incurring no additional costs. It is led by the Finance & Accounting (F&A) and DMS teams, in collaboration with ITS and Admin, these initiatives will be launched in Q4 FY 2024.

The RPA is strategically applied to processes like Depreciation/Lapsing Monitoring, Bank Reconciliation, and Timesheet Monitoring to minimize manual efforts, improve efficiency, and align with Global ESG initiatives. This RPA implementation, scheduled to be launched in Q4 FY 2024, to be led by the F&A and RPA teams. This is expected to bring significant improvements in overall operational effectiveness.

# Combating Corruption

## Work against corruption in all its forms

Along with our [Global Code of Conduct](#), our anti-bribery and corruption program is designed to ensure we uphold the highest standards of professional integrity. This includes detailed policies for all KPMG R.G. Manabat & Co. personnel, training on anti-bribery and corruption under the “We Do What is Right: Integrity at KPMG”, compliance procedures and an international whistleblowing hotline that is available for KPMG personnel, clients, and other third parties.

We assess prospective clients, third parties and suppliers in relation to bribery and corruption, where assessment of the prospective client’s principals, its business and other service-related matters is conducted. Further, this also involves background checks on the prospective client, its key management and significant beneficial owners.

A key focus is on the integrity of management at a prospective client, and the evaluation considers breaches of law and regulation, anti-bribery and corruption, and human rights among the factors to consider.

We establish and maintain processes to monitor, manage and control how their personnel and their agents interact with government entities and government officials so as to ensure compliance with applicable laws and regulations and to maintain public trust.

In FY 2023, there were no reports of bribery or corruption at the firm.

**Zero** reported cases  
of bribery and corruption

# Data Security

## Maintain client confidentiality

We are committed to upholding the highest standards of information protection, data privacy, and security. The importance of maintaining client confidentiality is emphasized through a variety of mechanisms including the [Global Code of Conduct](#), regular Data Protection Training, and the annual affidavit/ confirmation process that all our professionals are required to complete.

We are required to protect our clients' data against loss and exploitation; hence, it is critical that we ensure we have appropriate governance structures in place to manage data and cybersecurity risks, especially with the increasing occurrence of cyber-attacks, and the higher sophistication of these cyber-attacks.

We have continued to enhance our detection, reporting, and awareness of cyber-risks which included the following activities:

### **We Do What is Right: Integrity at KPMG Training:**

Designed by the Risk Management team, the training focuses on ethical behavior, adherence to professional standards, and making principled decisions in the business environment.

**Zero** notifiable breaches

# People

## **Inclusion, diversity and equity**

↳ Champion inclusion and gender equality where everyone can thrive and make opportunities for themselves and others

## **Health & well-being**

↳ Protect the physical and mental health and well-being of our people

## **Continuous learning**

↳ Foster a learning culture where our people continuously grow and develop their essential and technical skills

## **Responsibility to respect human rights**

↳ Respect and defend human rights

# People

We are committed to creating a caring, inclusive, purpose-led and values-driven culture for our people. We believe that we have a social responsibility to eliminate discriminatory practices within the firm, protect and ensure our employees' well-being, prioritize their overall health, and serve as a championing for an inclusive and equitable workplace as it would provide our people with a genuine sense of belongingness, social connectedness and fulfillment that helps us in creating a more equitable world.

“

We know that actively listening is key to enhancing our people experience. We are committed to creating a caring, inclusive, and purpose-led culture where everyone can bring their full selves to work and thrive. In line with our commitment to engaging our personnel in coming up with programs to provide a working environment where [our people] can thrive, we [have launched] the 2023 Global People Survey.”

**Sharon G. Dayoan**  
Chairman and CEO

”

# Diversity, Inclusion and Equity

## Champion diversity, inclusion and gender equality where everyone can thrive and make opportunities for themselves and others

Diversity, Inclusion and Equity are central to our Purpose and are directly connected to our corporate value Together: We respect each other and draw strength from our differences. We strive to cultivate a culture where our people across race, gender, age, religion, identity and experience can be the best version of themselves at work. We believe that championing a more inclusive and equitable workplace provides our people with a genuine sense of belongingness, social connectedness and fulfillment that helps us in creating a more equitable world.

### What we've done to drive progress:

**Encourage all our people to become active allies**, and increase awareness and acceptance of LGBTQ+ human rights, acknowledging our LGBTQ+ people for all that they are and contribute to our Global organization.

LGBTQ Inclusion: Conducted the **Usapang Pride** to proudly share our employees' stories and journey as being part of the LGBTQ Community to promote awareness and make our people feel safe, recognized, and heard.

Hosted the **National Coming Out Day** to celebrate the power of love, and to honor the courage of those who choose to live openly.

Women Empowerment: Celebrated the **International Women's Day** where a discussion on women's rights, gender inequality, abuse against women and violence were discussed to educate and empower more women to do the same.

### Women Representation:

**70%** in our total workforce

**47%** in partnership positions

**63%** in management positions

**13%** promotees

### Age Groups of our Partners:

**36%** 35–44 years old

**27%** 25–34 years old

# Health and Well-being

## Protect the physical and mental health and well-being of our people

Our approach to employee health and well-being is underscored by our Purpose to Inspire Confidence and Empower Change. We believe that our work is not where we go, but what we do. We do what matters – especially for our people. This includes striving to protect their health and ensure that we provide them with the holistic health that we believe each of our individual employees deserves. In turn, we believe that this enhances our employee engagement and strengthens the bond between them and the firm, creating purpose, success and productivity.

### Holistic Well-being

We recognize the multidimensional aspect of a person’s well-being: physical, mental, emotional, social, intellectual and spiritual.

We provide our people with benefits, including dedicated programs, resources and tools, flexible work arrangements, financial assistance, well-being breaks, fun-filled activities, creative outlets, and hobby clubs to support them in developing good well-being habits and achieve a desirable balance between their personal and professional lives.

<b>Mental and Interpersonal</b>	<ul style="list-style-type: none"> <li>▶ Free confidential 1-1 counselling sessions</li> <li>▶ Well-being breaks</li> <li>▶ Birthday time-off</li> <li>▶ Hobby clubs</li> <li>▶ Wellness activities and health talks</li> </ul>
<b>Physical</b>	<ul style="list-style-type: none"> <li>▶ Comprehensive medical insurance</li> <li>▶ In-office annual physical exam</li> <li>▶ Flu and Pneumonia vaccine inoculation</li> <li>▶ Visual acuity and eyeglasses selling</li> </ul>
<b>Financial</b>	<ul style="list-style-type: none"> <li>▶ Holiday gifts</li> <li>▶ Performance-based bonus and increments</li> <li>▶ Bereavement assistance</li> <li>▶ Life insurance</li> <li>▶ Car loan facility</li> </ul>

### What we’ve done to drive progress:

#### #KPMGishereforyou Program

Since 2019, the firm has maintained its #KPMGishereforyou Program to build a positive culture of support in the firm where anyone can talk about their mental health struggles without fear of judgment and discrimination.

Through this, our people has successfully managed to cope with the anxiety and isolation that most felt during the height of the COVID-19 pandemic—boosting their mental health and well-being by providing the best possible support.

#### Work for Excellence

We have adopted a Work for Excellence set-up wherein people can work from home, the office, or a client’s office, whichever is most conducive to creating excellent work.

This work structure has enabled the organization to encourage flexibility and collaboration, allowing people to work from wherever they will produce the best results in terms of quality, efficiency and productivity.

#### Employee Assistance

To help alleviate the financial challenges our employees face especially during sickness and health risk, we have provided our employees the financial assistance they need in these trying times

Provided financial assistance to employees with health risks and sickness

#### Mental Health Awareness

In celebration of World Mental Health Day, we invited a psychologist to discuss the importance of courage in seeking professional help and recognizing when it's time to do so.

# Health and Well-being

## Protect the physical and mental health and well-being of our people

### Affordable and accessible healthcare

We partnered with a mental health center to give out free counselling sessions to make it easier for our people to discuss their health concerns with the right people. In-office physical checkups were also conducted to aid the need for accessible health care.

Regular employees are provided HMO coverage where they can also enroll their dependents. Common law partners, domestic partners, and same sex domestic partners can be enrolled as dependents in the current HMO set up of the firm.

### Hobby clubs and enrichment activities

To support and encourage the personal development of our people, we created hobby clubs for sports, arts and food. Having a shared space in the workplace to express themselves and do the things they love is essential to ensuring that our people are taking a break and making time for themselves.

### Virtual and on-site engagement activities

We periodically facilitate fun games and activities to provide wellness breaks for our employees, especially during busy season for them to refresh their minds and prevent burnout.

This includes games such as Pictionary, Guess the Gibberish, and Spot the Difference. We also have occasional festivities such as Valentine's Day, Halloween, and Christmas through the My KPMG BAEIentine's Match, Trick or Treat, and firm-wide Christmas Party, respectively.

# Health and Well-being

Protect the physical and mental health and well-being of our people

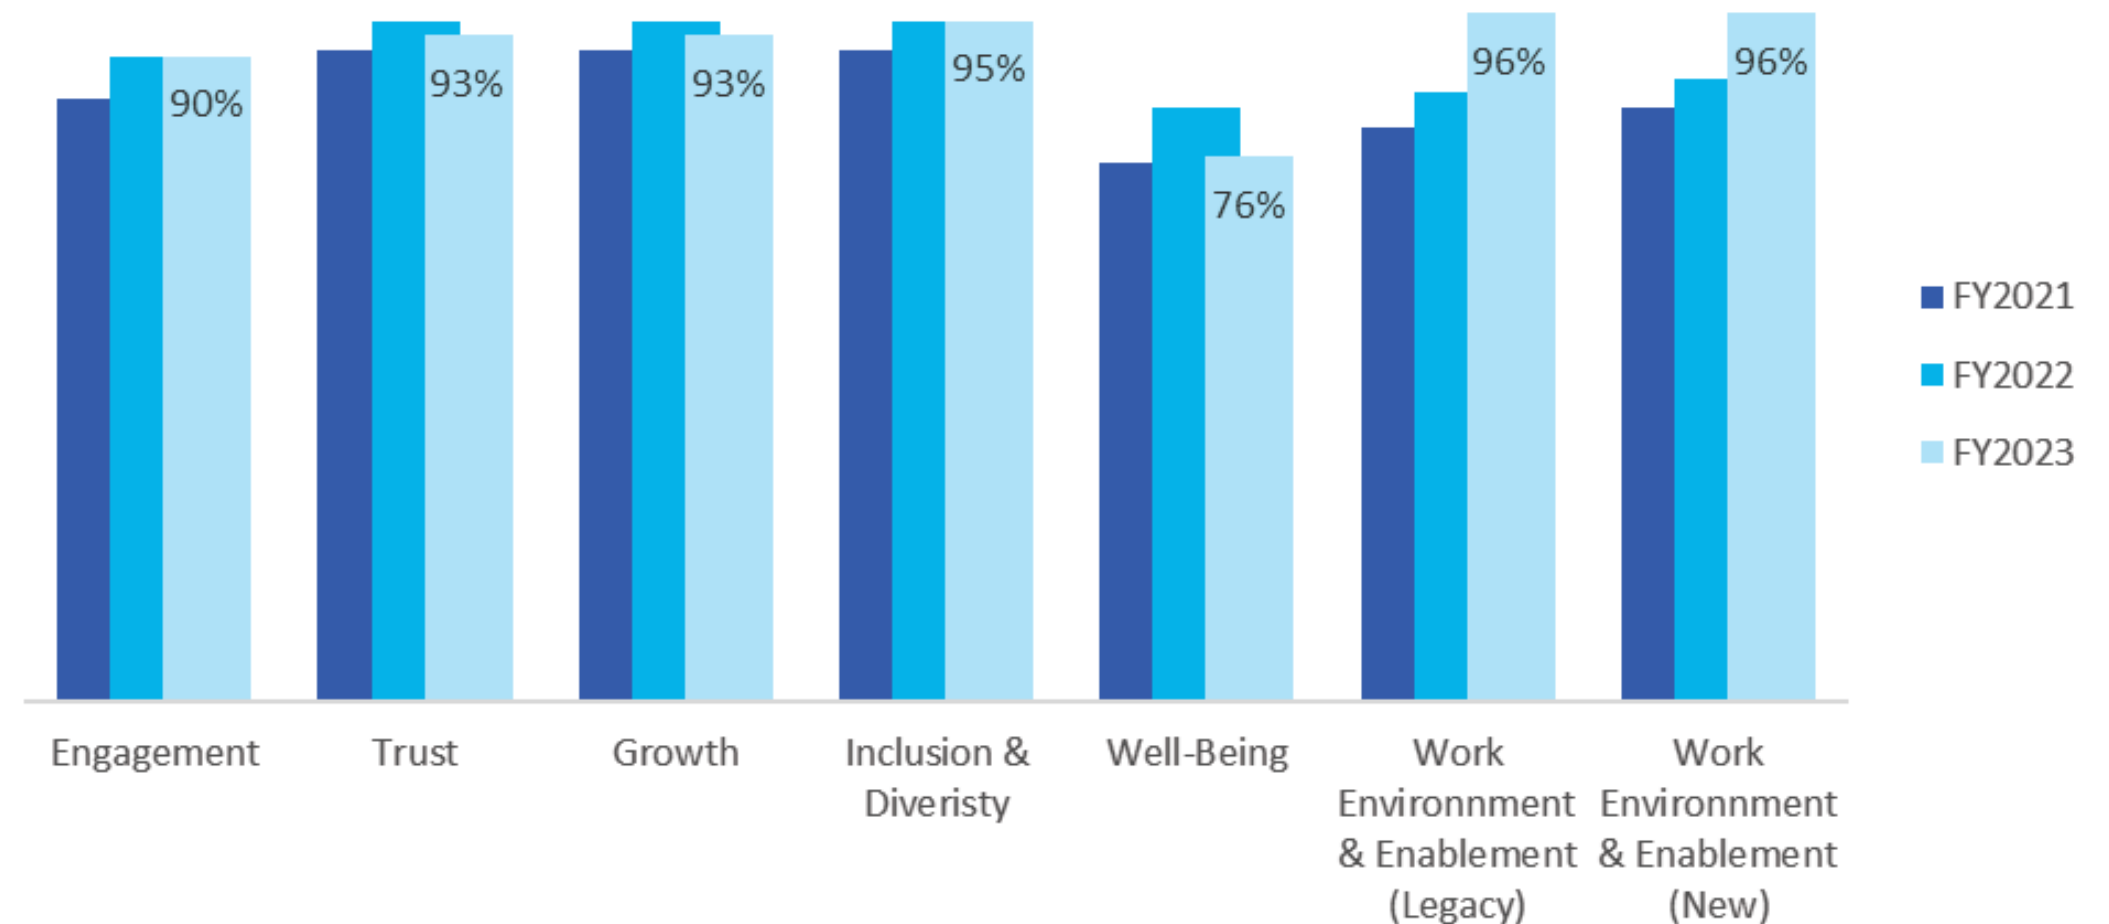

## Measuring Our Impact

To help ensure we create a positive, enabling, and nurturing environment for our employees, we annually conduct a Global People Survey (GPS) to determine that we stay on the right path across five categories: Engagement, Trust, Growth, Inclusion & Diversity, well-being and Work Environment & Enablement.

In the latest GPS, employee engagement and inclusion and diversity remained unchanged from our FY2022 results with 90% and 95% of our respondents, respectively, having favorable views on the organization - a testament to the efficacy of various firm activities to improve employee well-being, supporting mental health, raising awareness, inspirational talks, non-discrimination and respect in the workplace, and learning and development sessions.

The GPS results reflect our firm's collective perspective in shaping a workplace where professionals can thrive personally and professionally.

As we have identified that Well-being, Trust, and Growth were areas we can further improve on, together with our employees, we will strive to formulate more focused action steps in these areas to address the gaps and realize improvements in the next years.

“ I have easy access to the tools and resources I need to do my job effectively ”

” I am proud to work for KPMG ”

# Continuous Learning

## Foster a learning culture where our people continuously grow and develop their essential and technical skills

Continuous learning and development (L&D) help our organization stay competitive, advance our employees' careers and achieve long-term professional goals. We believe that appropriately equipping our employees with the right technical knowledge, skillsets and ethical behaviors would bring productive and quality business outcomes for enterprises, industries and communities.

### What we've done to drive progress:

We strive to effectively support our people and the next generation to develop future-ready skills. Continuous improvement of our talent attraction and recruitment activities helps us towards our vision of becoming the preferred employer for prospective talent. This enables us to meet our growth demands and skills needs which ultimately allow us to deliver exceptional work and foster a thriving workplace. Developing and retaining our talents are the next key steps in achieving our overall Purpose.

Our learning approach involves a blend of synchronous and asynchronous methods, with various break-out sessions to ensure purposeful and targeted learning. We also provide on-the-job trainings, and leadership and mentorship programs to help equip our people with the necessary skills in people management and client engagement.

As we move towards becoming the Workforce of the Future, we are committed to investing, attracting, retaining, and developing talents. Our KPMG Learning Institute (KPLI) provides robust training programs and seamless learning management systems which help our professionals grow and feel empowered to further their careers in the firm.

### Talent Attraction

#### Student Internships

- ✓ Internship Program
- ✓ Student Organization sponsorships and Faculty Partnerships

In the coming years, we plan to expand our internship programs to other target courses such as Business Management, Information Technology, Computer Science, Statistics and Mathematics.

#### Colleges and University Partnerships

We connect with colleges and universities focused on computer studies, information technology, accounting and business management to attract potential employees

#### Partnerships with CPA Review Centers

We partner with CPA review centers to increase our visibility and highlight the value of KPMG as a potential employer

### Talent Retention and Development

#### BRIGHT Program

We launched this flagship program for high performing talents where we provide them curated career development programs

#### Essential Skills Programs

We provide career-level specific trainings, including technical and essential skills trainings to support our employees as they move up the corporate ladder.

We have conducted sessions on Leading and Upskilling our Next Champions (LAUNCH) for our experienced associates, LEAP (Learning Excellence to Advance Potential) for new Supervisors, Leadership Empowerment for New Assistant Managers' Development (LEAD) and Leadership that Inspire and Fuels Trust (LIFT) for Managers to Directors.

#### People Officer per function to drive Employee Engagement

The People Officer aims to support strategically the function in implementing its People Strategy. Their responsibilities include developing effective employee engagement programs, identifying key concerns, and working with PPC and business leaders to develop possible resolutions.

# Continuous Learning

Foster a learning culture where our people continuously grow and develop their essential and technical skills

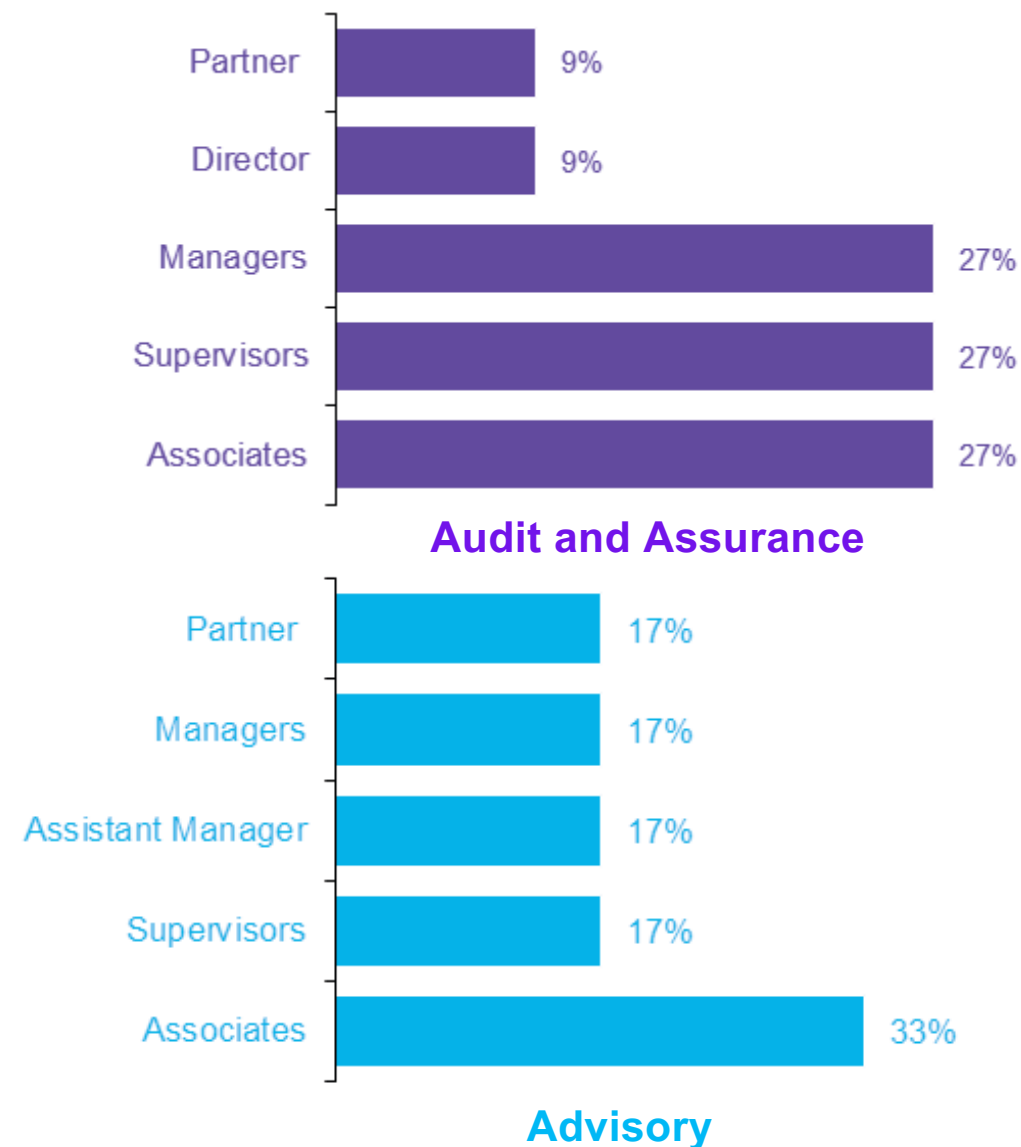

## Our ESG Curriculum

We have launched the ESG curriculum to help them gain critical ESG knowledge, which is embedded in our Learning Management System (LMS). The curriculum covers four topics:

- ▶ **ESG 101: Three internally developed modules: Time is Now, Time for Impact, Time to Act**
- ▶ **ESG 201: Cambridge ESG Curriculum with 10 self-paced e-learning modules for all KPMG client-facing professionals**
- ▶ **Enterprise Business Services (EBS): Building ESG Expertise consisting of 10 video-based modules**
- ▶ **ESG Assurance: Includes the 2023 Assurance for Auditors through e-learning**

Professionals from various levels took at least one of the courses in the curriculum. This representation of professionals across different roles illustrates the commitment of individuals at all organizational levels to engage with and advance their knowledge in the ESG curriculum. It reflects a collaborative effort to enhance expertise and proficiency in Environmental, Social and Governance practices, aligning with the organization's strategic focus on sustainability and responsible business practices.

## ESG Curriculum Enrollment in FY 2023

## KPMG Execution Guide for Assurance (KEGA)

KPMG Philippines use the KPMG Execution Guide for Assurance (KEGA) to enhance ESG methodologies and workflows by providing flexibility and scalability for globally consistent delivery. Opportunities include adopting sustainability reporting standards and complying with plastic neutrality laws, while challenges involve limited ESG expertise in the Philippines.

In the audit strategy, there have been client discussions on the ESG Assurance Journey that align with the training sessions that utilized KEGA, including the upcoming KPMG Clara Assurance Workflow.

In risk consulting, we aim to stand out in the growing ESG market by leveraging global practices while upskilling local employees to meet the demand.

# Responsibility to respect human rights

## Respect and defend human rights

We have committed to the UN Guiding Principles on Business and Human Rights, building on our longstanding support for the United Nations Global Compact. We recognize human rights, as set out in the UN Universal Declaration of Human Rights, as the basic rights that form the foundation for freedom, justice and peace. It is embedded in our policies as part of our Due Diligence procedures included in our Global Quality & Risk Management and People & Inclusion policies and the [KPMG Global Code of Conduct](#). We also maintain a reporting mechanism through the KPMG International Hotline for any concerns causing or contributing to any adverse human rights incidents.

### What we've done to drive progress:

In FY2023, we **developed a policy following an assessment of human rights issues most relevant to the firm's operations and supply chain** to embed our commitment to respecting and defending human rights across operations. This includes a focus on inclusion, diversity, equity, and health and safety.

We work with clients, suppliers, and subcontractors that **live up to KPMG's core ethical standards**.

**We do not tolerate behavior** within KPMG, by clients or suppliers, or public officials with whom we deal, that is illegal, unethical or breaches human rights.

**Champion an inclusive and collaborative culture that is free from bullying, discrimination, and harassment**, where everyone is treated with respect and dignity, in which we have **introduced diverse DEI programs**, attended by 631 Philippine employees in the celebration of International Women's Day on March 8.

In the **Usapang Pride initiative**, 273 employees proudly representing the LGBTQ community and allies participated, sharing their personal stories and experiences within the community.

For **World Mental Health Day**, 307 employees engaged in various activities, including a talk by a psychologist from our Employee Assistance Program (EAP), emphasizing self-forgiveness, self-acceptance, and the importance of seeking professional help.

On **National Coming Out Day**, 130 employees joined in a celebration and unity event, demonstrating support for the LGBTQ community, recognizing the courage of those who live openly within the organization.

# Planet

## Decarbonization:

- ↳ Reduce our carbon footprint
- ↳ Report our carbon footprint and climate performance
- ↳ Drive sustainable climate practices in our operations (e.g., paperless processes, waste management, renewables, supply chain)
- ↳ Accelerating the transition to a circular economy

# Planet

Climate change is one of the most pressing global issues facing our world today. As one of the countries most susceptible to the impacts of climate change, the Philippines stands at the forefront of experiencing its most adverse effects. Hence, we are committed to doing our part in reducing our carbon footprint in support of KPMG International’s commitment of achieving net-zero carbon emissions by 2030. We are committed to playing a role in tackling environmental issues especially within our business operations, as well as with our clients, as we help empower them make responsible environmental decisions and drive positive environmental impacts.

In pursuit of these commitments, our environmental journey is constituted by implementing sustainable practices and making conscious and systemic changes in our own operations and functions, including reporting our environmental and climate baseline and performance – which are the key steps towards realizing our goals through increased confidence from our employees and clients, while influencing discourse and positive actions to help create a more sustainable world.

---

The key to reducing carbon footprint is corporate responsibility in making business operations sustainable

**Kristine Aguirre**  
Advisory Partner and ESG Lead  
KPMG in the Philippines

# Emissions, Energy and Climate Impact

## Reduce our carbon footprint

## Report our carbon footprint and climate performance

As an organization and provider of ESG-related services, we are responsible for looking at the impacts of our organization to enable us to successfully play a part in the global decarbonization efforts. In the past years, we have focused on collecting our baseline data to support this effort and understand where we are in our decarbonization journey and where we need to focus in the years ahead.

### What we've done to drive progress:

We are committed to reducing our emissions and collecting more accurate data to enable us to track our performance towards our decarbonization goal. In the coming years, we will set quantitative targets of our GHG emissions reduction aligned with the KPMG global decarbonization targets.

Our progress in FY2023 focused on establishing the needed data collection system for tracking and monitoring our operational GHG footprint, including determining and consolidating the data requirements to be able to compute for our emissions of our activities.

Replaced all lighting fixtures to **LED lighting in our offices**

Replaced existing appliances with **newer energy-efficient ratings** from ENERGY STAR certified cooling systems, computers, printers and copiers, and kitchen appliances

**Conducted awareness campaign** for our employees to foster a culture that conserves energy and lessen unnecessary energy use in our offices

# Emissions, Energy and Climate Impact

## Drive sustainable climate practices in our operations

We are continuously working towards progressing in our environmental targets on our resource use. We aim to reduce the total amount of water used at our sites and lessen our waste generation to minimize our environmental impacts. Generally, 100% of our water consumption occurs through the use of our office facilities. Meanwhile, the waste we generate is sorted in the office according to biodegradable and non-biodegradable materials, which are then collected and disposed by the local government units.

### What we've done to drive progress:

In our effort to drive sustainable practices in our operations, some of our initiatives in FY2023 include:

**Waste Segregation:** We have introduced a waste segregation system by placing bins for recycling, biodegradable, and non-biodegradable items in high-traffic areas of our offices, such as the pantry spaces.

**Scrap disposal program:** Annually, we dispose all of the old files from the storage warehouse by directing our paper waste to TIPCO Paper Manufacturing Company for processing or selling the shredded papers to scrap vendors. This program enables our scrap papers to be recycled and upcycled into new paper and contribute to circularity. We have also made efforts to extend the lifecycle of our used products by selling old furniture, appliances and old laptop components to recycling facilities to contribute to increasing the recycling market for materials and components, thus, contributing to circularity.

**Employee awareness programs:** We encourage our employees to practice "Bring Your Own Bottle" (BYOB) to reduce single-use plastics in our office. During company events, we also limit our use of plastics by utilizing paper materials such as paper utensils, paper plates, and paper cups.

**Operational waste reduction programs:** We consciously focus on reducing our waste from the source. We understand that our daily client operations require us to produce paper-based deliverables. Hence, we have set-up printers to automate the volume of papers discarded from conventional printing and usage by automatically printing double-sided drafts to enable the reduction of paper waste.

# Responsible Supply Chain

## Drive sustainable climate practices in our operations

We have continuously strived to work with suppliers and vendors who practice the highest ethical business conduct and demonstrate environmental, social and economic responsibility. We understand that our supply chain, which cuts across various industries, has a significant impact on our ESG commitments, hence, we ensure that our procurement teams uphold the highest ethical values and standards in managing our supply chain-related functions towards a more sustainable future.

We believe that how we do business must fundamentally change to move away from an unsustainable path. Our impact relies on how we select and work with suppliers, including vendors and contractors, to deliver the support needed in managing our business. We hold our suppliers to the same strict ethical standards to which we hold ourselves, focusing on policies and programs related to human rights, resource efficiency, climate impact, and waste.

### Our Procurement Policy

It defines how our central Procurement department supports sourcing, purchasing and supplier management activities across our business, ensuring best practice and compliance with the firm's policies and standards. Here, we:

- Insist on the highest ethical standards from both our suppliers and staff. We conduct procurement activities in an open and transparent manner to ensure the highest standards of integrity and to avoid any conduct capable of misinterpretation.
- We treat all supplier information, including pricing and other commercial terms, as strictly confidential and we require suppliers to treat our information similarly.
- Our partners and staff are instructed to refuse all offers of gifts, money and/or hospitality from suppliers other than minor gifts of low intrinsic value such as pens, diaries etc. We therefore discourage our suppliers from offering such gifts, hospitality or entertainment which, if offered, will be politely returned.

### Corporate Responsibility

It defines how our central Procurement department supports sourcing, purchasing and supplier management activities across our business, ensuring best practice and compliance with the firm's policies and standards. Here, we:

### Suppliers who are also clients of KPMG

Some of our suppliers of goods and services that we require on an ongoing basis are also our clients. In such situations, we apply strict procedures to ensure full integrity and objectivity and that no undue influence is exerted favoring the award of any order or contract to a client of the firm. Conversely, on those occasions when a client does offer best value, our procedures ensure that the award of an order or contract does not lead to a potential, perceived or actual bias, conflict of interest or influence upon the objectivity and integrity of our relationship with the client in question.

### What we've done to drive progress:

We have implemented small-scale initiatives to incorporate sustainability in our supply chain such as practicing conscious choices of using sustainable and environmentally friendly alternatives for the products we use in our offices including those we provide our employees with, where we prioritize suppliers that promote sustainability and sustainable products and packaging. For instance, we have partnered with a local supplier since FY2021 for our Christmas giveaways, in which products are made from local artisans and crafted from eco-friendly and natural materials.

**100%**  
of our procurement budget spent on local suppliers

# Prosperity

## Purposeful business

- ↳ Operate the business in accordance with our purpose – to inspire confidence and empower change
- ↳ Do work that matters which can create a positive difference for our clients, people, and communities
- ↳ Lead the profession in audit quality

## Education and communities

- ↳ Uplift our communities through the KPMG R.G. Manabat Foundation
- ↳ Champion education through scholarships and other knowledge-sharing activities

# Prosperity

At KPMG R.G. Manabat & Co., we do work that matters. This value is what makes our business purposeful, especially in driving prosperity for all Filipinos. We strive to make a positive impact through our services for our clients that help transform societies, communities and our planet. We are dedicated to enhancing the quality of life in local communities by empowering and supporting them through volunteerism, donations and scholarships, aiming for sustainable and positive outcomes.

We believe in the spirit of volunteerism and in giving back to our local communities. We encourage and support our people to work together to contribute to nation-building by dedicating time and resources to do volunteer activities in partnership with various non-government organizations. We also demonstrate our commitment to purposeful business by proactively supporting communities address their most immediate needs especially during times of crisis and disasters.

We also put particular emphasis on narrowing the gap in access to quality education through our annual scholarship programs. Our aim is to aid talented and underprivileged Filipino youths, encouraging them to become active contributors to society in the future. We believe that investing in the younger generation is crucial for cultivating a fruitful future.

“ KPMG R.G. Manabat Foundation’s main thrust is to improve communities through education, scholarship and community development programs ”

# Audit Quality

## Operate the business in accordance with our purpose – to inspire confidence and empower change Do work that matters which can create a positive difference for our clients, people and communities

We are one of the most trusted auditing firms in the country. Hence, a high-quality independent audit is the cornerstone of this trust. We are committed to be a leader across all services of audit, especially to be a significant change-maker around the discussion in the market about audit quality and how this is continuously evolving over time. To ensure that our work consistently meets the needs of the market, we use a broad range of mechanisms to monitor our performance, respond to feedback and seek opportunities to improve.

We deliver value by providing insights to help our clients better understand our independent audit assessment through a working relationship between us and our clients. Our approach involves communicating the audit results to help organizations identify processes and systems to enhance, accelerate, automate, augment and arrive at business decisions that drive growth and profitability.

We believe that a technology-driven audit is the future. By embedding technology in every phase of the audit, we look deeper and see farther into clients' data to realize the full value of the information. We understand that it is important to leverage relevant technology that enables us to focus audit efforts where it is really needed, thereby enhancing efficiency to save time and effort.

### What we've done to drive progress:

At KPMG, we have quickly adapted to the new normal of hybrid work, while remaining laser-focused on audit quality. We continue to stay agile and have adopted new ways of working to ensure we are still able to deliver the best work for our clients, which include new approaches like video-based walkthroughs; technology to explore asset valuations, centralization of services, and project management features to ensure execution.

In the area of audit quality leadership, a multi-year Audit Quality Transformation (AQT) is in progress, accompanied by the full deployment KCW, 2LOD and SoQM.

#### KCW

KPMG Clara is a leading transformational innovation in the audit industry and empowers our auditors to enhance audit quality while bringing a greater range and depth of insights to our clients.

#### Second Line of Defense (2LoD)

We have implemented the Integrated Second Line of Defense (2LoD) Program to ensure audit quality by conducting an independent review of areas of focus on audit engagements during each stage of the audit process, and providing direct and real-time support and coaching to engagement teams before the audit opinions are signed, with the goal of helping the team deliver an audit that complies with the relevant professional standards.

The 2LoD Program covers the different quality reviews such as the full and limited inflight reviews, risk assessment and planning discussion, enhanced engagement quality control review, and DPP's Quality Control Level 2 review.

#### System of Quality Management (SoQM)

We have implemented SoQM to enable the implementation of various controls and ensure the delivery of consistent, high-quality services to clients.

We subjected the effectiveness of our controls to rigorous testing, and we worked diligently to identify and address any findings or deficiencies that could impact our ability to deliver consistent, high-quality service to our clients.

# Service Quality and Client Satisfaction

**Operate the business in accordance with our purpose – to inspire confidence and empower change  
Do work that matters which can create a positive difference for our clients, people and communities**

This year we have made significant progress in unlocking our organization's contributions toward economic and social prosperity in line with the UN Sustainable Development Goals (SDGs). This is a testament to how we create meaningful and impactful work, thereby fostering employment, generating wealth, and contributing to both the economy and regional development through the expansion of our business and diligent tax contributions. Our quality services for our clients have transformed their businesses into those that create value-adding impacts not only for sustainability, but also in the overarching national programs and targets and global developmental goals.

## What we've done to drive progress:

We have **expanded our team across all service lines** to better support our clients address the growing demand for professional services:

**Up by 17%** Audit and Assurance Team

**Up by 10%** Tax Team

**Up by 21%** Advisory Team

**Up by 24%** Cebu Practice

across Service Lines, allowing allowed us cater to the needs of our clients in the Visayas and Mindanao Regions to ensure that they are provided with accessible consulting needs with closer proximity.

**Expanded our ESG Team** under the Risk Consulting Services where the ESG solutions has been increasingly in demand for clients in various sectors.

- ▶ **Materiality Assessments**
- ▶ **ESG Transformation and Strategy**
- ▶ **Sustainability Reporting**
- ▶ **ESG Audit and Assurance**

## Tax

# 2023 Philippine Tax Firm of the Year

In FY2023, KPMG in the Philippines won the Philippines Tax Firm of the Year Award during the ITR Asia-Pacific Tax Awards 2023.

In the contemporary business environment, optimizing tax strategies involves a delicate balance between minimizing tax costs and navigating regulatory challenges. Our Tax practice is dedicated to delivering value to clients through a range of services, including Tax Corporate Compliance, Tax Advisory Services, Tax Advocacy Services, Global Mobility Services, Transfer Pricing Services, Customs, Trade and Excise Advisory, and Company Administration.

## Advisory

Our Advisory professionals bring a multi-disciplinary approach to business innovation. By seamlessly integrating Management Consulting, Risk Consulting, Technology Consulting and Deal Advisory, we offer comprehensive solutions that empower organizations to not only respond effectively to challenges but also navigate complex business risks, seizing investment opportunities, or optimizing operational processes.

# Community Engagement

## Uplift our communities through the KPMG R.G. Manabat Foundation which aims to improve communities through education, scholarship and community development programs

We can only achieve our ambitions as a firm with the support of our communities. The KPMG R.G. Manabat Foundation and the partners, principals and our employees continue its mission of providing support to families and individuals, giving back and showing gratitude all while driving positive change. We encourage our people to embody our corporate value For Better: We do what matters and work together to make a meaningful difference in our communities and create a lasting impact.

### What we've done to drive progress:

Our commitment to our communities revolves around facilitating access to education for underprivileged students, addressing societal needs such as disaster relief, and collaborating with other institutions to tackle persistent societal and environmental challenges, including issues related to energy accessibility and environmental pollution.

**3,179 total volunteering hours**

dedicated to giving back through the launch of the Make a Difference Project volunteerism campaign that encouraged employees to volunteer their time to different initiatives.

**Break the Cycle: Ride with Pride**

**Coastal Clean-up**

**EcoBrick Making**

**Solar Lamp Making**

**Juan Build Program**

**Kalyeskwela**

### Non-Government and Non-Profit Organizations Partnerships

We partnered with various organizations to support their advocacies through volunteerism and participation in their community activities:

#### Asia Society for Social Improvement and Sustainable Development (ASSIST)

ASSIST seeks to promote sustainable practices to address social problems in the developing world, especially in Asia and Africa. They involve themselves in a process-oriented approach to capacity building towards social improvement and sustainable transformation.

#### Reef Check Conservation

A non-profit organization which seeks to promote the conservation of coral reefs through reef monitoring and education.

#### Childhope Philippines Foundation Inc.

A non-government organization or NGO for children in the Philippines that seeks to promote the welfare, uphold, and protect children's rights, particularly children in street situations.

#### Liter of Light

A global, grassroots movement committed to providing affordable, sustainable solar light to people with limited or no access to electricity.

#### Habitat for Humanity Philippines

An organization that aims to lift low-income Filipino families out of overcrowded, unhealthy living conditions or displacement in urban areas by providing them with decent shelter in healthy communities. They partner with low-income informal settler families to build safe, affordable homes through its regular housing programs.

#### Sustainable Energy and Enterprise Development for Communities (SEED4Com)

SEED4Com is a non-stock non-profit that provides help in improving human conditions and empowering poverty-stricken areas, rural and last-mile communities in the Philippines.

# Community Engagement

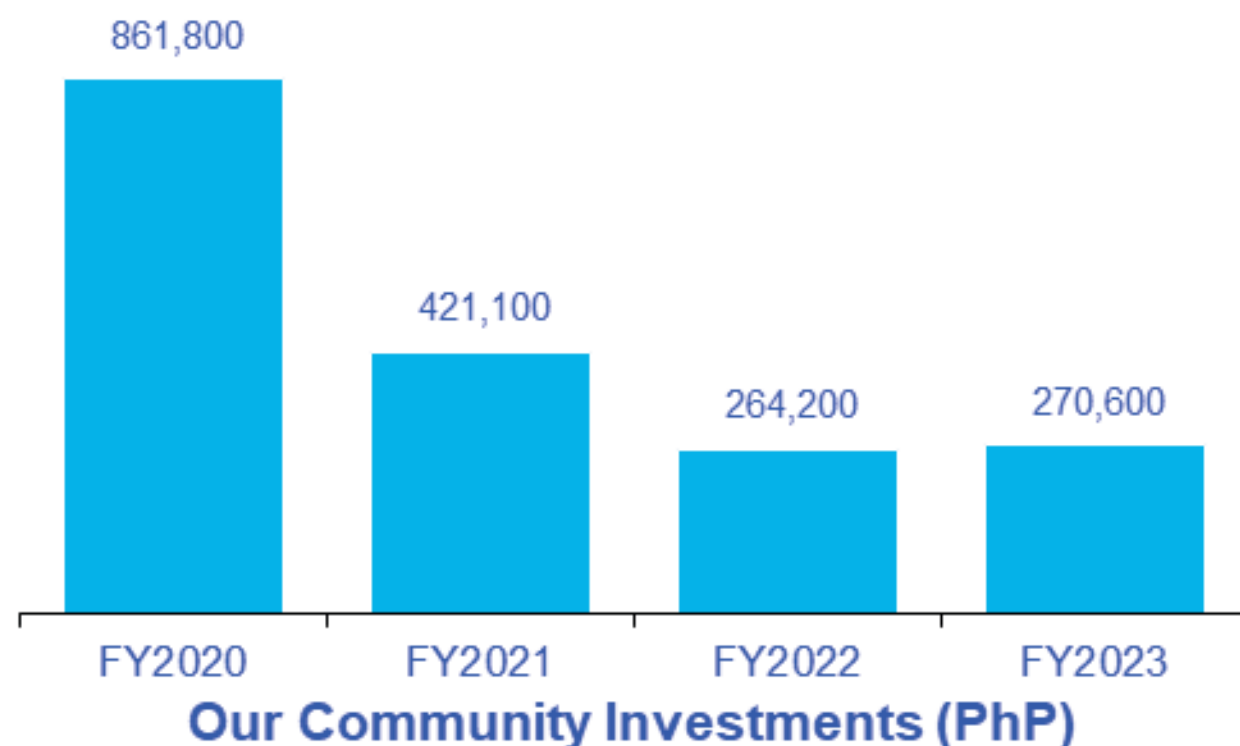

**Uplift our communities through the KPMG R.G. Manabat Foundation which aims to improve communities through education, scholarship and community development programs**

## What we've done to drive progress:

Through the the KPMG R.G. Manabat Foundation Inc, we have made significant **community investments** to address social issues such as access to education, disaster response and humanitarian advocacies.

We champion education by offering financial support and educational opportunities. Our aim is to empower young people, enabling them to pursue higher education, broaden their knowledge, and cultivate essential skills.

In 2023, we provided scholarships for university students in the Philippines. We will be continuing our scholarship program to generously provide more scholarships and help bridge the gap of access to education in the Philippines.

### Donations to:

#### **AJ KALINGA Foundation Inc.**

The KPMG R.G. Manabat Foundation Inc., donated to support the mission of the AJKF Inc. to serve as a beacon of hope for Metro Manila’s homeless and poorest of the poor. We have partnered with the foundation as it envisions a society where nobody is left behind and the dignity of all people is upheld, secured, respected and celebrated, which aligns with our commitment to improving the quality of lives of our fellow Filipinos.

#### **International Federation of Red Cross and Red Crescent Societies (IFRC)**

The KPMG R.G. Manabat Foundation Inc., donated to help provide the vulnerable groups in the Turkiye and Syria Conflict the resources they to need to survive, restore their healthy state of life, and save lives in times of this crisis.

#### **Jaime V. Ongpin Scholarship**

The KPMG R.G. Manabat Foundation Inc., donated to enable students a fair opportunity to earn an education and become contributing members of the society, in which the scholarship fund was already able to fund around 200 scholarships nationwide.

#### **Liatsan Family Association**

The KPMG R.G. Manabat Foundation Inc., donated to enable XX.

# The Future for KPMG R.G. Manabat & Co.

As we anticipate and prepare to adapt to the ever-changing business landscape, we place ESG at the core of our business. Across the four pillars of Planet, People, Prosperity and Governance, the firm will approach the pressing challenges of our time. We will continue to incorporate our ESG commitments across our services to enable us to realize long-term impacts and emerge as a more inclusive, sustainable and trustworthy organization, capable of delivering the evolving needs of our clients and stakeholders.

# Glossary

<b>Community investment</b>	Community investment is identified by two guiding principles: it is voluntary — there is no legal or contractual obligation to contribute — and it is charitable — it supports an organization or activity that is recognized as having a clear charitable purpose and/or community benefit.
<b>FY2020</b>	1 October 2019 to 30 September 2020
<b>FY2021</b>	1 October 2020 to 30 September 2021
<b>FY2022</b>	1 October 2021 to 30 September 2022
<b>FY2023</b>	1 October 2022 to 30 September 2023
<b>GRI</b>	The Global Reporting Initiative is an international independent standards organization that helps businesses, governments and other organizations understand and communicate their impacts on issues such as climate change, human rights and corruption.
<b>Scope 1: Direct GHG emissions</b>	Direct GHG emissions occur from sources the KPMG member firm owns or controls, including on-site stationary fuel combustion, fuel combustion in owned/controlled vehicles, and fugitive emissions from leaks in heating, ventilation and cooling equipment.
<b>Scope 2: Indirect emissions from purchased electricity</b>	Indirect emissions from purchased electricity, steam, heat or cooling which arise from the generation of power by a third party that is consumed by a KPMG firm.
<b>Scope 3: GHG Emissions</b>	Emissions as a result of activities from assets not owned or controlled by the reporting organization, but that the organization indirectly affects in its value chain.
<b>UN Sustainable Development Goals</b>	The UN Sustainable Development Goals (SDGs), also known as the Global Goals, were adopted by the United Nations in 2015 as a universal call to action to end poverty, protect the planet, and ensure that by 2030 all people enjoy peace and prosperity.
