

Fintech, tokenisation & digital assets

Background

With fintech funding levels realigning with long term trends and the highs of 2021, companies are reengaging with preparations for raising capital. At KPMG Law, we have a number of solutions designed to help you stay ahead of the curve.

What you need to know

MiCAR

MiCAR came into force last year; stablecoin rules (EU) are also now in place.

FCA

The UK FCA consultation paper on stablecoins is likely to be made into law in 2024.

Digital assets

Digital assets custody solutions are being tested by providers.

Our solutions

Strategic regulatory health check:

Regulatory and strategic planning over the near term. Scope includes authorisation/readiness assessment for products, services and jurisdictions in which the business will operate.

Organisation structure:

Optimising legal entity structure and balance sheet ahead of funding round working in conjunction with tax, accounting, data protection and regulatory specialists as appropriate.

Product design:

Testing product design strategies against this filter, to ensure target operating model meets UK/EU regulatory requirements.
