

KPMG Clara

KPMG Clara is KPMG's next generation audit platform which is designed to facilitate more seamless and **transparent** interactions between you and your engagement team. This **secure online** platform offers a centralized portal that serves as a **single source** for the exchange of important information including **valuable insight** into the status of your audit.

Benefits

Facilitates robust ability to share information

A customized collaboration site for information-sharing between you and your engagement team

Collaborative and transparent environment

Enhanced coordination and communication on a secure virtual workspace

Real-time information

Real-time summary of audit status and alerts for recent activity delivered by customized dashboards

Synchronized scheduling

Ease of tracking engagement team meetings and other key dates with a shared client calendar

Integrated workflow

Real-time comprehensive snapshots of PBC status—know exactly what audit requests are due and what has been provided, simplifying the back and forth of exchanging and tracking PBCs manually

Filtering

Greater visibility and manageability of audit activities via dynamic dashboards and smart filters.

What people are saying

We love the usability and clarity!

Uploading large and numerous files is fast!

This has saved us time and improved our communication with KPMG and overall management of PBCs.

Information security

As with any tool containing confidential client information, KPMG Clara is subject to KPMG's robust information protection and security program. Periodic security assessments by KPMG's Information Security group and regular penetration testing and vulnerability analyses, combined with data encryption both during transit and while data is "at rest" means your data is protected and secure.
