

LLP/LP Advisory & Administrative Support Services

Based on the Companies and Allied Matters Act 2020, promoters are able to set up business arrangements using Limited Liability Partnership (LLP) or Limited Partnership (LP) structures registrable with the Corporate Affairs Commission (CAC). The CAC has now issued a Public Notice, notifying the public of its commencement of registration of LLP/LP arrangements and the deployment of the registration solutions on the Company Registration Portal.

What are the benefits of an LLP/LP Structure?

- ❖ Ease of formation and dissolution
- ❖ Combined benefits of a business name and limited liability status (LLP only)
- ❖ Potentially tax transparency – as the entity may be taxed under the partnership taxation framework
- ❖ Ease of implementing joint venture arrangements through a partnership model
