## KPMG Recommendations

- Human resources are the foundation of every IFC, maximizing incentives is an important factor that makes it easier for businesses to attract, recruit and retain highly qualified personnel from abroad to work at IFC, while minimizing administrative barriers for businesses.
- The above-mentioned incentive policies of the Government are only applied and take effect when all conditions are met and the procedures as prescribed are strictly followed. Continuous monitoring, compliance, and timely application of procedures will ensure businesses fully benefit from the incentives available to experts and skilled workers.
