Lean Six Sigma Champions Program

Setting the Context

Champions **drive Lean Six sigma** in the organization. They are **accountable and responsible for successful deployment of Lean Six Sigma Culture**. It is their role to **identify & remove obstacles** that improvement project teams may encounter and to conduct rigorous reviews to monitor progress. They focus on action and **ensure that the projects are completed successfully**. Preparation of Champions is critical to the overall success of Lean Six Sigma deployment efforts.

Program Overview

Champions learn how to manage Lean Six Sigma effectively. In this program, focus is on Lean Six Sigma tools and methods, and situations where the tools can be applied within improvement projects. The program content provides a high-level view of the training delivered to Black Belt / Green Belt candidates. Champions will be able to

- Appreciate the importance and impact of Lean Six Sigma quality.
- Define their **roles and responsibilities** and roles of Black Belt / Green Belt / other stakeholders.
- Understand the **DMAIC model (Define, Measure, Analyze, Improve, Control)** and associated tools
- **Apply improvement tools** and understand how to **review the projects**.
- Use templates for toll-gate reviews.

Champions Program Methodology

- ▶ Program Duration: 1 day
- ▶ The program is a global program offering that applies adaptive and interactive learning style and techniques. The program could be conducted **as an in-house session** or as a **live virtual** session leveraging technology, delivering **theory with scenarios**, demonstrating **statistical tools**, along with on-the-spot **query resolution**.
- ▶ Our Champion's program is **highly customized** to meet your organization's needs. The content is delivered to Champions within the context of your prioritized improvement projects.
