

# 360° Supplier Assessment in Sustainable Procurement

Procurement is becoming a key driver of Supply Chain sustainability and ESG. The requirements to enable Sustainable Procurement have become urgent since enterprises need to comply with emerging government regulations, increased stakeholder pressure, investor scrutiny, and rising costs.

Our ESG-enhanced 360° supplier assessment provides insights into your supplier(s) to support your (i) supplier qualification and (ii) supplier risk & performance management.

With extensive experience in Supply chain & Operations Excellence, and across areas within the Supply Chain, we assist our clients in unearthing valued relationships and realizing potential with supplier(s).
