## Thailand - "Test & Go" Scheme Resumed from 1 February 2022

With the spread of the omicron variant of SARS-CoV-2 ("coronavirus") beginning in December 2021, the Thai government suspended all registration for the "Test & Go Thailand Pass" effective from 22 December 2021, to help prevent a major outbreak or a new wave of high infections. After monitoring of the situation for one month, on 28 January 2022, the government allowed fully vaccinated travellers from any country to enter Thailand. It also resumed the Test & Go Thailand Pass program effective 1 February 2022<sup>1</sup>.

---

### WHY THIS MATTERS

These measures should help relieve restrictions around travel into Thailand and foster the return to Thailand by business travellers and assignees, and thereby encourage economic recovery. Should business travellers be planning trips to Thailand, it is highly recommended they apply for the Test & Go Thailand Pass as soon as possible to help secure their entry.

---

### More Details

From 1 February 2022, fully vaccinated travellers from any country around the world can apply for a Test & Go Thailand Pass up to 60 days in advance<sup>2</sup>. Under the Test & Go program, travellers are not required to undergo a seven-night quarantine. They are only required to stay in a government-approved hotel on arrival day (first day) and on the fifth day in Thailand. Travellers can go anywhere in Thailand after they passed their PCR test on the first day. They would be required to stay in a SHA Plus+ hotel with a partner hospital on day five while waiting for the result of the second test.
