

KPMG Delivery Network

Globally connected. Locally enabled.

In today's complex landscape, tax leaders are looking for globally consistent, technologically enabled tax compliance offerings that are adaptable to their various local requirements, regulations and differing technology environments.

KPMG can help

Dedicated KPMG tax professionals around the world are supported by the strength of our Delivery Network. This network is designed to operate like a seamless center of excellence, with hubs all around the world, delivering consistent, coordinated global tax compliance services that are the backbone of the tax function. KPMG local firms provide technical insight and advice on local compliance requirements while KPMG Delivery Center professionals provide 24/7 support, deep experience and strong technological capabilities in global compliance processes, controls, data analytics and automation, as well as overall project management expertise and global business acumen.

Working together with you, KPMG firms offer a network of local, regional and global delivery capabilities, with a balance of centralized and local support, a suite of customizable and coordinated services that help to deliver quality and value, visibility and oversight, effectiveness and cost efficiency for your compliance processes.

Balancing local knowledge on a global scale

KPMG firms have more than **1,000 tax professionals** and over **2,500 tax compliance professionals** working collaboratively across **five Delivery Network locations**, offering **24/7 support** in over **50 languages**. Connected through **KPMG Digital Gateway** the delivery network processes more than **1 million** tax returns every year across more than **100 jurisdictions** worldwide.

Commitment to quality & efficiency

Operating like a center of excellence with hubs all over the world enables consistent and coordinated global tax compliance support that is directly integrated with your local KPMG account teams.

Leading technology

KPMG tax technology tools are integrated with the delivery network so you can gain powerful insights, streamlined oversight and timely, business outcomes for your tax compliance process.

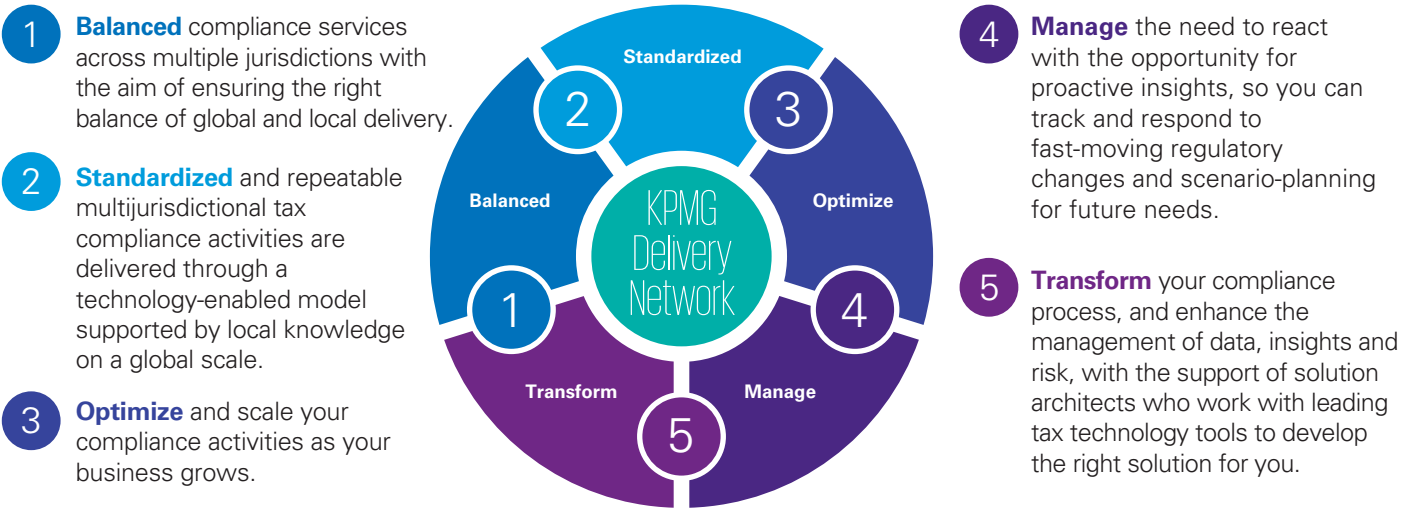

Integrated approach

We have adopted a 3-tier model ensuring interaction between our delivery centers, local member firms and virtual centers of excellence, transforming service delivery into a cohesive and integrated operation, helping to ensure common processes and efficiencies are used to provide quality and consistency.

Potential benefits

Leveraging the delivery network, KPMG professionals can support the transformation of your tax compliance needs.

KPMG's investment in technology

KPMG, the global organization and affiliated firms are investing US\$5 billion over five years in technology, people and innovation to accelerate the digital transformation of KPMG firms and clients, and more than US\$1 billion in tax & legal technology specifically in that period. The KPMG Delivery Network is designed to put these investments at your fingertips.
