Who we are

KPMG consists of a network of professional firms providing Audit, Tax and Advisory services across countries worldwide . Join our team of world-class professionals working together to deliver tomorrow, today.

The secret is in our people!

While we're one of the largest Audit, Tax and Advisory firms in the country, what makes us who we are is the quality of individuals within our organisation. It's their individuality, their drive and great sense of culture that makes this organisation one of the greatest places to work in.

Meet KPMG External Audit

Our trainees are an integral part of our Audit business and we provide you with the support you need to develop professionally and personally on your career development journey.

External Audit structure

Our External Audit structure consists of two divisions, namely **Consumer, Industrial and Mining (CIM)**, and **Financial Services (FS)**.

Our CIM division consists of three sectors and a wide range of clients offering candidates the opportunity to gain exposure to a number of industries within each sector, while working together with a diverse group of people to deliver value to our clients. Our specialism is deep within each of the sectors, candidates can look forward to gaining experience in the following industries.

Mining sector

Dedicated to servicing entities in the mining, oil & gas, power & utilities and chemical industries, across Africa. The sector is made up of a well-balanced portfolio of clients, and ensures candidates gain access to industry experience that enables them to engage clients with quality audits and valued-added advice, that has a global reach.

Industrial sector

The Industrial sector covers rapidly-growing industries that experience constant exhilarating changes. This sector includes:

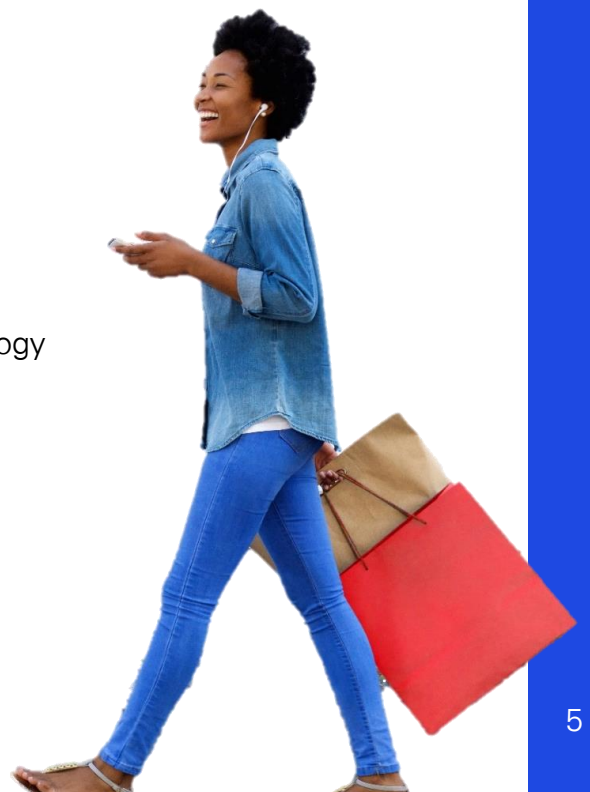

- Motor industry
- Automotive products
- Industrial electronics
- Engineering and machinery
- Packaging
- Pharmaceuticals
- Aerospace and defence

Consumer sector

The Consumer Sector provides candidates with an opportunity to gain an in-depth knowledge in a wide range of industries including:

- Retail and distribution
- Food, drink and other consumer goods
- Building and construction
- Transport and logistics
- Hospitality and travel
- Leisure and tourism
- Telecommunications, media and technology

Financial Services (FS)

The KPMG financial services practise has provided more audit and advisory services to the South African market than any other professional services firm. Our broad portfolio of clients can provide you with confidence that you will work some of the best talent in the industry, and your credentials will be enhanced as you work with our market leading clients.

Our specialism is deep in each of the sectors which include:

- Banking
- Asset management
- Real estate
- Private equity
- Stockbroking
- Funds
- Long and short term insurance

More than just audit, our high performing staff have the opportunity to contribute to exciting transition projects. With the market evolving in the wake of digitisation – FinTech and InsurTech as well as major regulatory and accounting change projects your professional skillsets and industry experience gained will place you head and shoulders above your counterparts should you want to enter the Industry on completion of your internship.

Another key differentiator is that we are the sole Financial Services practise in the region that recruits and trains for specialist asset valuation skills for those individuals that join our **Financial Engineering Group (FEG).**

Considering a career in External Audit?

External Audit aims to offer graduates a fulfilling career as well as exposure to a variety of organisations across all sectors. It is also an opportunity to gain an in-depth understanding of our clients' business processes and objectives, to help them develop and thrive in changing markets. Graduates will receive high-level coaching and professional development, building the CA(SA) of tomorrow.

For external audit, candidates will gain most of their practical experience through financial statement audit engagements.

Being part of the External Audit team

You get the opportunity to:

- Gain global experience
- Be exposed to multinational and listed audit clients
- Join a people-centric audit environment
- Access a variety of e-learning courses

Meet KPMG CA Advisory

SAICA has **five elective skills** that you must choose from when you register your training contract:

Note: If you sign up for the Advisory CA Training, you'll have the opportunity of covering two of the SAICA electives (for example Risk management and governance, with a choice between Financial Management and Management decision-making). If you go the external audit route, you'll do the Auditing and Assurance elective.

Gain practical experience

The CA Advisory programme requires candidates to gain practical experience by rotating through various Advisory business units. This will be done throughout the three-year period until you've been exposed to all the prescribed competencies. If you have not met the required competencies within this period, the contract may be extended or cancelled.

Please note: This programme is only offered by KPMG Johannesburg Office.
