Effective risk management und strategic planning during the pre-phase

[Home](#) > [Services](#) > [Greenfield/Brownfield Investments and Market Entries in Germany](#) > Foundation Services and Contract Assistance

Greenfield investments present a high level of complexity, with effective risk management and strategic planning serving as critical factors in the early-on decision-making process for the investments.

## Your key questions, challenges and objectives

- How to establish a legal entity (or a branch) in Germany? Legal requirements (minimum share capital, etc.)?
- Whether or not to acquire a shelf company? What legal requirements need to be observed for German employment and management services contracts?
- Do you need a business license in Germany?
- How to prepare for entering initial contractual relationships with suppliers and customers of your German business?
