Clearance of Commercial Shipments by Passengers at Nadi and Nausori Airports

The Fiji Revenue and Customs Service (FRCS) issued a public notice regarding the requirements for clearing commercial shipments carried by passengers arriving through Nadi and Nausori International Airports.

Effective 20 January 2026, the FRCS advises all airlines, shipping agents, freight forwarders and the general public that all the commercial cargo hand-carried by passengers via Nadi and Nausori International Airports will require the following information to be submitted to the Customs Agent **prior to the arrival at the port**:

- Consignee TIN (Taxpayer Identification Number)
- Location: Baggage Hall
- Invoice

FRCS advises that this process is to enable the registration of the Single Administrative Document (SAD) in ASYCUDA World in a timely and efficient manner. Travelers carrying commercial goods are strongly encouraged to coordinate in advance with their Licensed Customs Agent to ensure smooth and timely processing on arrival.

The FRCS highlights that this simplified procedure is designed to facilitate faster and more efficient clearance, reduce supply chain costs, promote compliance with customs regulations, and enhance predictability in the import process for both travellers and consignees.

For additional information, FRCS has provided the following contacts:
