Issue 4-2026

Review of the Mining Act 1965 & Quarries Act 1939

The Ministry of Lands and Mineral Resources has issued a public advisory announcing nationwide consultations on the proposed review of the **Mining Act 1965** and the **Quarries Act 1939**, both of which form the core legislative basis for mining and quarry operations in Fiji. The consultation process is being led by the Ministry through the Office of the Solicitor General, with support from the Fiji Law Reform Commission.

Based on the public advisory, the review will examine the existing mining and quarry legislation and consider reforms to ensure that the legal framework remains effective and relevant to current and future industry needs. The consultations are intended to gather views, feedback, and recommendations from stakeholders including landowners, industry participants, and members of the public.

All relevant stakeholders are invited to attend the upcoming consultations and participate in this process.

Public Consultations will be held as follows:

- **Central Division:** 9 to 13 March 2026
- **Western Division:** 19 to 25 March 2026
- **Northern Division:** 8 to 18 April 2026

Further details on confirmed venues and session schedules are expected to be released through official Ministry communication channels.
