- If a player is booked with a red card in one match, he will automatically miss the following game.
- The tournament format will be decided by the organisers.

The Game

- Matches in the League Phase will last 25 minutes with one minute of half-time.
- Semi-Final and Final will last 35 minutes - 2 halves of 15 minutes with 5 minutes half-time break.
- All kick-ins and corners should not take longer than 5 seconds.
- There will be one referee for each game.
- The referee will act as an official who will take note of the score, scorers, bookings and red cards. He will have the authority to take any action deemed necessary during the game. Any player accumulating 2 yellow cards in different matches will automatically miss the next match. A red card will result in a player being sent off and automatically missing the next match. - Goalkeepers cannot score by hand unless ball touches any other player prior to entering goal post.
- Teams are to be on the pitch 10 minutes before kick-off time. Teams not having the minimum number of players required on the pitch at kick-off time will automatically forfeit the match. A 3-0 win will be given to the other team.

Advancing from League Phase

The tournament currently consists of 13 teams, with each team playing four matches. In the case of matches ending normal time in a draw, the winning team of the penalty shoot-out is awarded 2 points, whilst the losing team receives 1 point. In other cases, 3 points are awarded for a win and 0 points for the losing team. The top four teams of the league phase will automatically advance to the semi-finals. In the event that two or more teams end up with equal points, the following will apply in determining the teams to advance, in the following order:

1. Direct Encounter (applies only for teams that have encountered each other)
2. The team with better 'goal difference'
3. The team with better 'goals in favour'
4. Sudden death penalty shootout of three penalties per team.

Route to the final has been determined beforehand as laid out on the next pages.

Knock Out Stage

In the event of a draw in any knockout match, the outcome will be determined by a penalty shoot-out, with each team taking three penalties. If the score remains tied after these three penalties, the shoot-out will continue on a sudden death basis, adhering to standard penalty shoot-out regulations.

No player is permitted to take a second penalty until all team members, including goalkeepers, have taken one penalty each. Any player unable to participate in the penalty shoot-out due to injury must be declared to the referee beforehand.
